Liner Christopher Deakes, 2023-10-01 From around 1880 for almost a hundred years shipowners commissioned a wealth of paintings that depicted their magnificent liners as well as the routes they travelled their exotic destinations and life onboard These paintings rich in imagination and atmosphere appeared on postcards and posters of the day and were used to advertise the companies and their ships and so was born a whole genre that produced tens of thousands of paintings which formed a wonderful record of the great era of the passenger liner In 1900 there were over thirty shipping companies operating passenger liners across the North Atlantic Other oceans were similarly served But now with just a few exceptions the companies and their liners have disappeared along with the art they once inspired Little remains to recall this aspect of our maritime past except the postcards and they tell an evocative story of the vanished world of elegant ships and leisurely travel of social and political times much changed by the history of the past century Here brought vividly to life in more than 500

colourful postcards are the ships on which so many of our predecessors sailed as emigrants soldiers administrators or simply as tourists in days long past These cards which are now highly collectable show how steamships developed over the years but they are also a fine tribute to the artists who painted them This volume also includes a glossary of some 170 illustrators which forms an important reference section and advice on collecting **Famous Ocean Liners** William H. Coastal Passenger Liners of the British Isles Nick Robins,2011-09-12 At the beginning of the last century it was possible to sail from London to Glasgow via the south coast ports and Belfast returning along the east coast from either Dundee or Leith for as little as five pounds Those were the days when 300 passengers were landed twice weekly at Grangemouth or Dundee from the London boat and the coastal passenger and cargo liner was in its heyday catering both for the first class tourist as well as offering keenly priced second class fares for the like of football fans following away matches Sadly these wonderful steamer services are now largely forgotten but this new book will stir fond memories of the ships and their coastal voyages The Depression of the 1930s coupled with competition from both railway and the motor coach were to spell the end for many of the coastal liners while heavy losses incurred in World War II left only a few ships each offering just a handful of passenger berths The story of their one hundred years of service is accompanied by numerous fascinating anecdotes and the book focuses as much on the social need for coastal passenger services the men and women who provided the services and the passengers who used them as it does on the nuts and bolts of the ships themselves This beautifully presented book will delight both ship enthusiasts and all those who enjoy the maritime and social history of the British Isles
