Jobb, 2010-01-14 One of the darkest events in Canadian

history is replete with the drama of war politics and untold human suffering Starting in 1755 10 000 people of French

ancestry were expelled from their homes along Canada's east coast by a tyrannical British governor with the complicity of American sympathizers. While some Acadians returned home to try to evade capture and forge a living, others made their way to the Spanish colony of Louisiana where they farmed and fished and began the vibrant Cajun culture that is renowned around the world. Award-winning author Dean Jobb has written a dramatic and compelling account of *Le grand derangement*, the event that was immortalized in Longfellow's famous poem *Evangeline*. Jobb brings a cast of characters to life so vividly that the reader is immediately captured by their stories. The richness of detail is remarkable. The quality of writing is cinematic. The year 2005 marks the 250th anniversary of the expulsion. This book is a bridge across the centuries for the descendants of a founding people of this nation whose courage and resourcefulness still resonate in modern-day Acadie.

Trapped by Tourism Larry Krotz, 2024-10-15 Travel was once a way in which the world changed us. Now it is a way in which we change the world. Twenty-five years ago, two things made mass tourism possible: cheap air travel and the credit card. The world has come a long way since then and very quickly from the need for either travel agents or traveler's checks. From the now vast cruise ship industry to a myriad of niche areas such as do-good tourism, self-improvement tourism, sex tourism, and adventure tourism, travel as an industry and an activity reaches into corners and has developed on scales not hitherto imagined. In *Trapped by Tourism: Sustainability Questions for a World Fueled by Travelers*, Larry Krotz explores the tensions that formed with the rise of mass tourism, focusing on what travelers want vs. what travelers do and the sustainability of tourism itself, both as it plays out in economies and as a factor impacting natural and cultural environments. We will never shut down tourism. We are destined to have it and to participate in it. But what truly are its implications for the world we live in? If communities and governments seek economic benefits, they must also look at the trade-offs: commodification of cultures, economic unfairness, environmental stresses, and much more. By delving into examples ranging from the wine industry to Indigenous communities, Krotz looks at how what we do and how we do it affects important corners of the world and how awareness has developed about steering the impacts in ways that work for everybody. *Trapped by Tourism* takes readers around the world to locations such as the old cities of Europe, Indigenous communities in North America and Africa, wine-growing regions in Canada, the island of Cuba, and Cathedral towns in England, places where tourism as an economic driver comes up against environmental or cultural forces that push in exactly the opposite direction, creating tensions within today's mass tourism. The result is a thoughtful and provocative framework that encourages readers and travelers alike to consider an ever-growing component of our culture: the way we travel and the impact we leave behind. **American Shipping**, 1920

Finding Molly Johnson Mark G. McGowan, 2024-09-15 Ireland's Great Famine produced Europe's worst refugee crisis of the nineteenth century More than 1.5 million people left Ireland many ending up in Canada Among the most vulnerable were nearly 1,700 orphaned children who now found themselves destitute in an unfamiliar place The story Canada likes to tell is that these orphans were adopted by benevolent families and that they readily adapted to their new lives but this happy ending is mostly a myth In *Finding Molly Johnson* Mark McGowan traces what happened to these children In the absence of state support the Catholic and Protestant churches worked together to become the orphans' principal caregivers The children were gathered, fed, schooled and placed in family homes in Saint John Quebec Montreal Bytown Kingston and Toronto Yet most were not considered members of their placement families but rather sources of cheap labour Many fled their placements joining thousands of other Irish refugees on the Canadian frontier searching for work extended family and the

opportunity to begin a new life Finding Molly Johnson revisits an important chapter of the Irish emigrant experience revealing that the story of Canada's acceptance of the famine orphans is a product of national myth making that obscures both the hardship the children endured and the agency they ultimately expressed **Parliamentary Debates** Australia.
