**The Passion of Being Woman** Mary Hugh Scott, 1998 Ours is a literal world We spend so many words arguing the fundamental truth of a few ancient metaphors that we finally close them to personal meaning Or we commit our energies to washing every literary form and figure of speech cleanly away to protect our definitions of correctness and to make everyday thinking even safer But the arguing gives us doctrines And the purging denies us poetry And when all the metaphors are gone we find we've lost the richest ways of knowing We find we've even narrowed the possibility Divina is a line of speculative dimensional and metaphorical books that will Challenge conventional wisdom Offer alternative theories Recreate noumenal experiences Reach for poetry and Promise other ways of knowing The most rewarding reading addresses us personally and challenges what we believe Divina will bring you books that do just that chosen and published with the same dedication and editorial sensibility that have established our commitment to literary quality The ancient myth of Psyche and Eros holds the key to transforming men's and women's relationships today Scott's solution is based on freeing and empowering women
