**Passionate Pilgrims** James Coleman Simmons, 1987 *Young People's History of the Pilgrims* William Elliot Griffis, 1920 *Love's Pilgrimage* Grace Tiffany, 2006 In *Love's Pilgrimage* Grace Tiffany explores literary adaptations of the Catholic pilgrimage in the Protestant poetry and prose of Edmund Spenser William Shakespeare John Donne John Milton and John Bunyan Her discussion of these authors works illuminates her larger claim that while in the sixteenth century conventional pilgrimages to saints shrines disappeared as did shrines themselves from English life the imaginative importance of the pilgrimage persisted and manifested itself in various ways in English culture **The Brahmavâdin**, 1913 Pilgrimage in Popular Culture Ian Reader, Tony Walter, 2016-07-27 Specially commissioned studies of popular pilgrimages East and West past and present religious and secular ranging from Shikoku Japan to Santiago de Compostela Spain Kosovo Yugoslavia Glastonbury Anfield UK Flanders fields Graceland and military pilgrimages in the USA The book asks in what ways all these can be called pilgrimages and what their relation is to tourism and to entertainment highlighting the enduring popularity not only of pilgrimage but also of saints and heroes End of Days Robert Gleason, 2012-08-28 OA thrilling take on a frighteningly possible future one that makes the journey in Cormac McCarthy's *The Road* look like a stroll through the park ONPublishers Weekly starred review Available in a tall Premium Edition **To-day**, 1888 The Circle of Karma Kunzang Choden, 2005 Caught in the everyday reality of household life fifteen year old Tsomo is suddenly called upon to travel when her mother dies She makes her first journey to a faraway village to light the ritual butter lamps in her mother's memory Beginning here her travels take her to distant places across Bhutan and into India As she faces the world a woman alone Tsomo embarks on what becomes a life journey in which she begins to find herself and to grow as a person and a woman The first novel by a woman to come out of the Himalayan kingdom of Bhutan *The Circle of Karma* written in English is rich in detailed descriptions of ritual life in Bhutan The measured pace of its prose the many nuances of the story the different levels at which the narrative works weave a complex tapestry of life in which the style and content are closely interwoven each informing and enriching the other *The Fictions of Romantic Tourism* George Dekker, 2005 This book explores the interrelationships between British fiction and tourism 1745 1830 especially as these are exemplified in the novels and tours of three of the most important Romantic novelists Its author shows that the imaginative reshaping of humdrum reality characteristic of the fiction of Ann Radcliffe Mary Shelley and Sir Walter Scott was also widely practiced by tourists who shared the same liberating Romantic aesthetic **The Decameron Third Day in Perspective** Francesco Ciabattini, Pier Massimo Forni, 2014-03-21 Divided into ten days of ten novellas each Giovanni Boccaccio's *Decameron* is one of the literary gems of the fourteenth century *The Decameron Third Day in Perspective* is an interpretive guide to the stories of the text's Third Day For each novella a distinguished Boccaccio scholar offers an essay that both reviews the current scholarly literature and advances new and intriguing interpretations of the work The whole collection reflects the series's

guiding principle of examining the text in perspective revealing the connections among the novellas the Days and the framing narrative that holds the whole Decameron together The second of the University of Toronto Press s interpretive guides to Boccaccio s Decameron this collection forms part of an ambitious project to examine the entire Decameron Day by Day

**The Cambridge Introduction to Shakespeare's Poetry** Michael Schoenfeldt, 2010-10-07 Shakespeare s poems aside from the enduring appeal of the Sonnets are much less familiar today than his plays despite being enormously popular in his lifetime This Introduction celebrates the achievement of Shakespeare as a poet providing students with ways of understanding and enjoying his remarkable poems It honours the aesthetic and intellectual complexity of the poems without making them seem unapproachably complicated outlining their exquisite pleasures and absorbing enigmas Schoenfeldt suggests that today s readers are better able to analyze aspects of the poems that were formerly ignored or the source of scandal the articulation of a fervent same sex love for example or the incipient racism inherent in a hierarchy of light and dark By engaging closely with Shakespeare s major poems Venus and Adonis Lucrece The Phoenix and the Turtle the Sonnets and A Lover s Complaint the Introduction demonstrates how much these extraordinary poems still have to say to us 7

McKee, 2019-01-08 Kathryn B McKee s Reading Reconstruction situates Mississippi writer Katharine Sherwood Bonner McDowell 1849 1883 as an astute cultural observer throughout the 1870s and 1880s who portrayed the discord and uneasiness of the Reconstruction era in her fiction and nonfiction works McKee reveals conflicts in Bonner s writing as her newfound feminism clashes with her resurgent racism two forces widely prevalent and persistently oppositional throughout the late nineteenth century Reading Reconstruction begins by tracing the historical contexts that defined Bonner s life in postwar Holly Springs McKee explores how questions of race gender and national citizenship permeated Bonner s social milieu and provided subject matter for her literary works Examining Bonner s writing across multiple genres McKee finds that the author s wry but dark humor satirizes the foibles and inconsistencies of southern culture Bonner s travel letters first from Boston and then from the capitals of Europe show her both embracing and performing her role as a southern woman before coming to see herself as simply American when abroad Like unto Like the single novel she published in her lifetime directly engages with Mississippi s postbellum political life especially its racial

violence and the rise of Lost Cause ideology Her two short story collections including the raucously comic pieces in *Dialect Tales* and the more nostalgic *Suwanee River Tales* indicate her consistent absorption in the debates of her time as she ponders shifting definitions of citizenship questions the evolving rhetoric of postwar reconciliation and readily employs humor to disrupt conventional domestic scenarios and gender roles In the end Bonner's writing offers a telling index of the paradoxes and irresolution of the period advocating for a feminist reinterpretation of traditional gender hierarchies but verging only reluctantly on the questions of racial equality that nonetheless unsettle her plots By challenging traditional readings of postbellum southern literature McKee offers a long overdue reassessment of Sherwood Bonner's place in American literary history

**Henry James Goes to Paris** Peter Brooks, 2018-06-26 Henry James's reputation as *The Master* is so familiar that it's hard to imagine he was ever someone on whom some things really were lost This is the story of the year 1875 to 1876 when the young novelist moved to Paris drawn by his literary idols living at the center of the early modern movement in art As Peter Brooks skillfully recounts James largely failed to appreciate or even understand the new artistic developments teeming around him during his Paris sojourn But living in England twenty years later he would recall the aesthetic lessons of Paris and his memories of the radical perspectives opened up by French novelists and painters would help transform James into the writer of his adventurous later fiction A narrative that combines biography and criticism and uses James's writings to tell the story from his point of view *Henry James Goes to Paris* vividly brings to life the young American artist's Paris year and its momentous artistic and personal consequences James's Paris story is one of enchantment and disenchantment He initially loved Paris he succeeded in meeting all the writers he admired Turgenev Flaubert Zola Maupassant Goncourt and Daudet and he witnessed the latest development in French painting Impressionism But James largely found the writers disappointing and he completely misunderstood the paintings he saw He also seems to have fallen in and out of love in a more ordinary sense with a young Russian aesthete Paul Zhukovsky Disillusioned James soon retreated to England for good But James would eventually be changed forever by his memories of Paris

**Geography and National Identity** David Hooson, 1994-10-20 This volume of especially commissioned essays explores the geography of and the role of geography in national and proto national identity Place and national identity are bound together Attachment to the one is almost always inseparable from the sense of the other Yet as this volume shows the articulated self conscious linking of place and identity is by and large a modern phenomenon that took root in nineteenth century Europe The formation of supranational states and the much vaunted globalization of culture led many to believe there would be a progressive dilution

of national identities and a growing agglomeration of places and nations into larger state units Precisely the reverse has taken place This book explores the connections between identity and homeland showing how a place may be perceived as archetypal endowed with love and celebrated in music and poetry yet be a pretext for violence and war It examines the evolution of ideas about identity and their manifestations in a wide variety of settings from the former Soviet Union to the island states of the South Pacific
