

EXTREME DEEP CONNECTION LOVE SPELL

A romantic candle spell setup. In the background, several tall, thin white candles are lit. In the foreground, there are several red candles of various sizes, some of which are heart-shaped. A large, round, orange pumpkin with a red bow is on the right. The candles are arranged on a dark, textured surface, possibly a tablecloth. The overall lighting is warm and romantic.

her presence he'll do it happily and for as long as he is able Lady Anne Everleigh had more problems than she knew what to do with Between her aunts dabbling in what they liked to call the craft and a neighbor who was a bit too zealous in his pursuit of her and his interest in the reported treasures hidden at Evenwold she was forced to seek outside assistance When she asked her nephew for help she'd assumed he'd have a talk with the Squire and put him in his place Clearly they'd prioritized her list of problems differently as he'd sent a man to investigate the growing ghost problem at Evenwold No not a man A rogue A charming impossibly handsome and sinfully tempting rogue In short he'd created an entirely new problem for her With her lecherous neighbor her craft dabbling aunts who are busily playing mystic and matchmaker by equal turns she finds herself thrown together with Sebastian again and again Even though she fears he will break her heart she succumbs to temptation but is it lust or love And what will happen once he has the answers he came for

The Passion Paradox Brad Stulberg, Steve Magness, 2019-03-19 The coauthors of the bestselling *Peak Performance* dive into the fascinating science behind passion showing how it can lead to a rich and meaningful life while also illuminating the ways in which it is a double edged sword Here's how to cultivate a passion that will take you to great heights while minimizing the risk of an equally great fall Common advice is to find and follow your passion A life of passion is a good life or so we are told But it's not that simple Rarely is passion something that you just stumble upon and the same drive that fuels breakthroughs whether they're athletic scientific entrepreneurial or artistic can be every bit as destructive as it is productive Yes passion can be a wonderful gift but only if you know how to channel it If you're not careful passion can become an awful curse leading to endless seeking suffering and burnout Brad Stulberg and Steve Magness once again team up this time to demystify passion showing readers how they can find and cultivate their passion sustainably harness its power and avoid its dangers They ultimately argue that passion and balance that other virtue touted by our culture are incompatible and that to find your passion you must lose balance And that's not always a bad thing They show readers how to develop the right kind of passion the kind that lets you achieve great things without ruining your life Swift compact and powerful this thought provoking book combines captivating stories of extraordinarily passionate individuals with the latest science on the biological and psychological factors that give rise to and every bit as important sustain passion
