DESTINY series includes the following eight titles Passion's Child Destiny's Child Night Child Wilderness Child Scandal s Child The Goodbye Child Nobody s Child Secret Child Girl Behind the Fence: Anger Mozelle Martin, Ph.D., 2018-11-01 It may surprise you to know that 70% of human behavior is based on emotions not logic In fact it is very easy to get increasingly irritated at people places and things As an example does any of this scenario sound familiar It's Monday morning and you are ready to face the day Everything at home is calm pets are happy coffee is ready your hair and make up turned out great and you look and feed good You get in the car and slowly and methodically enter the parking lot otherwise known as morning rush hour You finally get some open space and as you move into the fast lane a very slow driver creeps out in front of you As you hit the brakes with required force you take a deep breath think a few unkind things but try to let it go At lunch time the retired guy in front of you is bitchin about the one too many pickles he got on his burger and now you are running late You decide to eat on the way back to the office only to find your order is completely wrong How dare that inconsiderate old man ruin your lunch over a damn pickle I bet he couldn't really taste the difference anyway With no time to go back to the restaurant you turn on the radio to invite a pleasant distraction only to hear about a highway shooter racial rant or political attack As you continue on all you can think about is how your whole day has been ruined by idiots Unfortunately a version of this story is all too common for many which makes it that much easier to feel the anger around us from our own children and spouse to our parents siblings co workers and even complete strangers Animal lovers are angry because people eat meat vegans are angry because of Monsanto dancers are angry because a non dancer was chosen for their event poster environmentalists are angry because of developers young mothers are angry over immunizations and the list goes on Yet anger which is characterized by a feeling of antagonism toward someone or something that you feel has deliberately done you wrong is not always bad In fact angry feelings often provide the motivation needed to solve social issues such as gender inequality the environment minimum or stagnant wages taxes and student loans This was the case with many historical figures such as Martin Luther King Mother Teresa and Mahatma Gandhi Science has shown us that nothing exists without it's opposite Unfortunately science has also shown us some disturbing facts Recently through extensive research on the topic of anger The Mental Health Organization Gallup Polls Duke University National Mental Health Institute and others have openly shared these statistics 64% of the population view the world as an increasingly angry place 32% of the population has a close friend or family member with out of control anger 12% of the population admits to having trouble controlling their own anger 28% of the population admits they are worried about their current level of anger 20% of couples have ended in divorce because of the behavior of the angry partner during the outburst Only 13% of those with out of control anger have actually sought help for it 58% of angry people don t know where to seek help in their communities 84% of the population agrees that angry people should seek help for their anger 62% of those who did seek help with anger did so from counselors therapists and medical professionals not friends or family members 10% of adults have a long history of explosive anger and have access to a firearm This significantly increases the risk when anger develops 8% of adolescents up to age 12 are diagnosed with a mental illness known as intermittent explosive disorder which is three times more common in boys than girls This is usually inherited from a mother who has a history of high anxiety Without treatment this continues into adulthood Of these diagnosed adolescents 6 5% were treated for their anger while the others were treated for depression or substance abuse 80% of drivers admitted to road rage Of these 51% tailgated 45% honked 33% used angry gestures 47% yelled 24% blocked the lanes 12% cut another driver off 4% physically got out of the car to approach the other driver and 3% rammed into the other driver's vehicle Many used several of these in the same occurrence Additionally the majority of the 80% are from states with four distinct seasons Most aggressive acts are committed by males between 19 39 years old Males are three times more likely than females to act on anger One third of all deaths by firearm are homicides Regardless of age gender or geographical location anger is cumulative You may be able to control your anger 10 times but on the 11th time when something seemingly small occurs you erupt out of control While it is nice to know that research has verified these facts that help us increase our own personal and community awareness science also proves we mellow as we age In other words as our anxiety calms down so does our anger which allows us to become more conscientious agreeable accepting responsible compassionate and emotionally stable All of this information is interesting BUT do you really want to walk around another 20 30 or 40 years feeling this way Likely not That is why this book exists to help you stop sabotaging jobs relationships and happiness It takes a strong desire and willingness to do the work that can change your angry attitude and the benefits are worth it Unfortunately anger can become habitual in one s brain and that s why it is hard work The goal with this book is to share personal stories tips and tools to help you successfully make it to your elder years Once there biology will take over and do the work for you FIND OUT IF YOU COULD BENEFIT FROM

depression Depression affects over 18 million adults in the United States alone and over 300 million worldwide Yet many people are too embarrassed to seek help tell themselves they are over reacting or don't know that depression is considered a serious medical disorder of the brain In fact under the umbrella of depression there are also other diagnoses such as bipolar disorder postpartum depression and post traumatic stress disorder The National Institute of Mental Health shared these shocking statistics Because of depression workers miss a combined total of 490 million work days per year which causes a combined annual economic loss for businesses of over 100 billion Bipolar Disorder affects 6 3 million people in the United States alone Depression is the leading cause of suicide with one person dying by suicide every 13 minutes Postpartum Depression affects 15% of new mothers within a month of delivering their baby Post Traumatic Stress Disorder PTSD affects 8 million adults each year Suicide is the 10th leading cause of death with an average of 1 400 000 suicide attempts each year which is an average of 3 600 people attempting to end their life each day The World Health Organization WHO rates severe depression in the same disability category as terminal cancer stating that depression is the 1 cause of disability for ages 15 44 While it s important to understand that everybody feels down at times if your down days interrupt yourself care relationships or career you are likely depressed. The more you answer yes to the included questionnaire the more likely you could be clinically diagnosed with depression Therefore inside of this book are the stories of women from around the world who have struggled with depression just like you Their personal stories tips and tools may be just what you need to help conguer the down days **Passion's Vision** Mary Adair, 2010-07-25 Passion's Vision James Fitz Gerald is an agent in the court of King George II James is on a mission from his King when he arrives in the village called Chota Town It does not take him long to realize there is a power beyond the King at work among the Cherokee New Moon sister to Chief Dancing Cloud is a warrior in her own right She will run through the wilds of a savage country to save the life of the man she has chosen When James arrives in her village she is reminded of the troubling vision sent to her by the Great Spirit She vows she will never choose him Passion's Vision is the story of the love that grows between an agent in the court of King George II and a Cherokee Princess Their lives are destined to be filled with adventure and triumph sometimes with loss and pain but always People of Passion Carl Mays, 2003 Representing nearly 25 years of research this collection chronicles the with passion lives of the Native Americans pioneers and mountaineers in the Great Smoky Mountains Passion In the Past: 70 Historical Romance Novels Jane Austen, Guy de Maupassant, Sabine Baring-Gould, Eliza Haywood, Maria Edgeworth, Pierre Choderlos de Laclos, Fanny Burney, Mary Wollstonecraft, Mrs. Olifant, William Makepeace Thackeray, Samuel Richardson, Henry Fielding, Alexandre Dumas, Henry James, Leo Tolstoy, Edith Wharton, Charlotte Brontë, Emily Brontë, Anne Brontë, Thomas Hardy, Nathaniel Hawthorne, Grace Livingston Hill, Catharine Trotter Cockburn, Fanny Fern, Lady Charlotte Bury, D.
