Past Connection:

Arts of Connection Karen S. Feldman, 2019-08-05 At the intersection of literary theory philosophy of history and phenomenology Arts of Connection Poetry History Epochality explores the representation of connections between events in literary historical and philosophical narratives Events in a story can be seen as ordered according to proximate causation which leads diachronically from one event to the next and they can also be understood in view of the structure of the narrative as a whole for instance in terms of the unity of plot Feldman argues that there exists an essential narrative tension between these two kinds of connection i e between the overarching arrangement or plot that holds together events from outside as it were in order to produce an intelligible whole and the portrayal of one by one interstitial connections between events within the narrative Arts of Connection demonstrates by means of exemplary moments in Aristotle and classical German poetics eighteenth century philosophy of history and twentieth century phenomenology that the task of connection is a fraught one insofar as the formal unity of narrative competes or interferes with the representation of one by one connections between events and vice versa

Resartus Paul E. Kerry, Marylu Hill, 2010 The essays in this volume represent some of the most recent reconsiderations of the living legacy of Thomas Carlyle from both established and upcoming Carlyle scholars. Readers will have the opportunity to explore the richness of Carlyle's ideals including the ones which challenge modern sensibilities the most. The essays examine carefully the complexities, difficulties and contours of Carlyle's political and social vision. They also sample the breadth of Carlyle's thought along with that of Jane Welsh Carlyle, his wife and fellow intellectual traveler, covering topics from political philosophy and cultural critique to education, historiography, biography and the vagaries of editing. His roles as a political thinker and professional historian are investigated in depth in addition to his better known position as a critic of Victorian mores. Thomas Carlyle truly emerges, resartus or re-tailored, ready to speak with renewed hope to the weighty concerns of the present. Leadership Nicola M. Pless, Thomas Maak, 2012-11-27 These chapters on Responsible Leadership represent the latest thinking on a topic of increasing relevance in a connected world. There are many challenges that still remain when it comes to establishing responsible leadership, both in theory and practice. Whilst offering conceptualisations for the improvement of leadership, is a first and perhaps easier response, what is more difficult is to facilitate the actual change to happen. These chapters will not only generate interest in the emerging domain of studies on responsible leadership but also will pave the way for future research in this area in the years to come. into a new dating relationship before completely recovering. By taking the time to recover and process emotional baggage, individuals prepare themselves for future relationships that are healthier and more fulfilling. They can approach dating with a greater awareness of their needs, boundaries, and relationship goals. Moreover, they are less likely to repeat behaviors that contributed to the demise of their previous relationship. The resolution of emotional burden improves the effectiveness of communication. Open and honest communication about past experiences, anxieties, and desires deepens relationships with potential partners. It fosters comprehension and establishes a foundation of trust, both of which are necessary for a healthy and prosperous relationship. After a breakup or long-term relationship, dating can be an opportunity for personal development and self-discovery. It allows people to learn from their past experiences, comprehend their emotions, and redefine their values and priorities. Individuals can embark on a new dating venture with renewed confidence, self-awareness, and preparedness for a healthy and fulfilling relationship if they take the time to heal emotional wounds. In conclusion, emotional baggage is a significant obstacle for those reentering the dating scene after a divorce or long-term relationship. Before beginning a new dating relationship, it is necessary to heal and resolve these emotions. Self-reflection, acceptance, and self-care are required for healing. By addressing emotional residue, individuals can prepare themselves for future relationships that are healthier and more fulfilling. It facilitates effective communication, individual development, and self-discovery. In the end, the process of healing and overcoming emotional baggage prepares individuals for a new chapter of dating and affords them the chance to begin relationships anew. Self-reflection is crucial to comprehending the impact of a previous relationship on one's emotions and beliefs during the healing process. Examining patterns, identifying areas for personal growth, and gaining clarity regarding what one genuinely desires in a future partner and relationship are essential. This introspection enables individuals to redefine their values, priorities, and boundaries, ensuring that they enter new relationships with a heightened awareness of themselves. Acceptance is an additional crucial aspect of overcoming emotional burden. It involves recognizing and accepting the anguish, disillusionment, and loss experienced in the previous relationship. Acceptance does not imply condoning harmful behavior but rather coming to terms with what has occurred. By accepting the past, individuals are able to release resentment and create space for new opportunities and relationships. Self-care remains an essential aspect of the rehabilitation process. Self-care on a physical, emotional, and mental level is essential for restoring self-esteem and resiliency. Engaging in activities that bring one pleasure and fulfillment, practicing self-compassion, and surrounding oneself with a network of supportive friends and family all contribute to one's overall happiness. By investing in self-care, individuals not only recover from their emotional baggage but also develop a greater sense of self-worth and interior fortitude. It is essential to date with patience and an open mind after a divorce or long-term relationship. Repetition of old patterns or projection of unresolved emotions onto a new partner can result from rushing into a new relationship before completely healing. Before pursuing new romantic relationships, it is vital to allow oneself the necessary time and space to heal and obtain clarity. When individuals have taken

the measures necessary for emotional healing they are better equipped to communicate effectively in their new dating relationships Open and honest communication is essential for establishing trust in a new relationship and laying a solid foundation By communicating needs desires and fears with a potential partner individuals can create a safe and empathetic environment conducive to mutual development and connection
