**Healing with Past Life Therapy** Lorraine Flaherty, 2013-09-01

Providing evidence to the validity of past lives, this self-help guide delves deeply into past life regression and offers a thorough understanding of each step of the process. Through detailed transcripts of actual sessions, ordinary people speak candidly about their experiences with this form of self-discovery. Confirming that she has gone through the same journey to healing, Lorraine Flaherty incorporates stories of her own past lives to illustrate the ways these insights can aid in clearing away mental clutter, help to form better decisions, cause one to become more empowered, and put one's life on the right path. With a compelling and down-to-earth approach, this remarkable discussion illustrates the ways that any reader, from the idly curious to the serious spiritual seeker, can develop a greater understanding of who they are, where they come from, and where they are going.

Past life regression therapy is built upon the idea that we are eternal beings that move from life to another in different place and time. As perpetual spirits, we come across bodily existence on Earth in a series of persona and physical bodies. On a spiritual level, we choose every lifetime as a way to learn the lessons we've to head off for ourselves. Exploring our life in the past through a therapy for apparently inexplicable physical or mental issues is known as Past Life Regression Therapy. It works together with beliefs of reincarnation and takes us back in earlier life to get a better understanding of our life we live in the present. In this book, we will tell you everything you need to know about Past Life Regression and how you can even perform it on yourself without the help of a hypnotherapist.
