taste but it has come to symbolize a shift in focus for me one that places simplicity and comfort first and always makes me ask Is this really necessary It took me decades to get here This book is meant as a ride along from red sauce to regional classics to the pastas I ve made my own At its core is a journey back to the home regions of some of my favorite pastas in an effort to understand them with new clarity to gain a deeper knowledge of not only how they are faring in a country undergoing constant culinary evolution but also of their sense of place Perhaps more than anything though this book is my love letter to pasta What has made pasta the cornerstone of Italian culinary culture for centuries an indelible part of so many Americans early food memories and a food so eminently alluring that even the gluten averse cannot resist its siren song is that it asks first and foremost something elemental of us that we enjoy it **The Complete America's Test Kitchen TV**
