A Pastor in Every Pew Leroy Howe, 2000 Helps readers render Christian care in a variety of situations focused on trust effective listening and more **Preaching to Every Pew** James R. Nieman, Thomas G. Rogers, The growing cultural diversity of American society is mirrored in the pews and parishes of mainline denominations and represents a dynamic challenge to the effective proclamation of the gospel on Sunday mornings Preaching to Every Pew based on extensive field research takes on the challenge of preaching in such a context The authors map an approach to culture from four significant perspectives ethnicity class displacement and religious beliefs They describe the significant ways in which culture influences human beings detail how cultural influences affect and complicate communication in general and preaching in particular and then recommend practical strategies for improving communication in culturally diverse settings From publisher s description

From Pew to Pulpit Clifton F. Guthrie, 2010-11-01 A down to earth practical introduction to the ins and outs of preaching for lay preachers bivocational pastors and others newly arrived in the pulpit Recent years have seen a considerable increase in the amount of financial resources required to support a full time pastor in the local congregation In addition large numbers of full time seminary trained clergy are retiring without commensurate numbers of new clergy able to take their place As a result of these trends a large number of lay preachers and bivocational pastors have assumed the principal responsibility for filling the pulpit week by week in local churches Most of these individuals observes Clifton Guthrie can draw on a wealth of life experiences as well as strong intuitive skills in knowing what makes a good sermon having listened to them much of their lives What they often don t bring to the pulpit however is specific detailed instruction in the how tos of preaching That is precisely what this brief practical guide to preaching has to offer Written with the needs of those for whom preaching is not their sole or primary occupation in mind it begins by emphasizing what every preacher brings to the pulpit an idea of what makes a sermon particularly moving or memorable to them From there the book moves into short chapters on choosing an appropriate biblical text or sermon topic learning how to listen to one s first impressions of what a text means moving from text or topic to the sermon itself while keeping the listeners needs firmly in mind making thorough and engaging use of stories in the sermon and delivering with passion and conviction The book concludes with helpful suggestions for resources including Bibles commentaries other print resources and websites *Reports of Cases Argued and Determined in the Appellate Division of the Supreme Court of Rhode Island* Rhode Island.
