Pastoral Constitution On The Church In The Modern World Gaudium Et Spes:

Gaudium et Spes Austin Flannery, 2014-06-01 The sixteen official documents constitutions decrees and declarations of the Second Vatican Council are now available from Liturgical Press in the most popular and widely used inclusive language edition translated by Irish Dominican Austin Flannery October 21 2008 As the worldwide Church continues to celebrate the fiftieth anniversary of the Council 1962-65 there is a great need in college classrooms and parish faith formation groups as well as for individuals to again have access to these documents in contemporary English As Flannery wrote in his introduction to the 1996 edition The translation of the texts of the Vatican documents in the present volume differs from that in the previous publication in two respects It has been very considerably revised and in places corrected It is also to a very large extent in inclusive language I say to a very large extent because we have used inclusive language in passages about men and women but not however in passages about God except where the use of the masculine pronoun was easily avoidable

Part II presents interdisciplinary perspectives on current social issues in light of *Gaudium et Spes* and contemporary Catholic social thought. The book covers such topics as immigration, women in the Church, environmental ethics, human rights, economic justice, the Church in Africa, and liberation theology. *The Church in the Modern World* Michael G. Lawler, Todd A. Salzman, Eileen Burke-Sullivan, 2014-09-25. *Gaudium et Spes* Vatican II's Pastoral Constitution on the Church in the Modern World marked fundamental shifts in ethical methodology in how we do ethics in the Catholic tradition and in how we think about ethical and ecclesial issues in the Catholic Church in the modern world. On the document's fiftieth anniversary, this book explores the historical origins of *Gaudium et Spes*, its impact on the Church's ecclesial self-understanding and its implications for doing Catholic theological ethics for the specific ethical issues of marriage, social justice, politics, and peacebuilding. The book engages in the ongoing communal discernment of the aggiornamento sought by the council's convener Pope John XXIII, seeking to bring the Church up to date in the twenty-first century. ***Gaudium Et Spes*** Paul VI, 1965-12. The Council Fathers express a desire to engage in conversation with the entire human family so that the Church, whose role it is to scrutinize the signs of the times and interpret them in the light of the Gospel, can help solve contemporary problems. Acknowledging the positive and negative realities of this new age of human history, Church teachings about man's relationship to economics, poverty, social justice, culture, science, and technology, and ecumenism are explored. Why do a third of the people raised Catholic in the United States no longer worship as Catholics? Why has the Catholic Church lost a credible teaching voice for many young people? Does the fault lie entirely with those individuals and with the secular culture? In *Why the Catholic Church Must Change*, Margaret Nutting Ralph first affirms that Catholics are called to seek the truth and to follow their well-formed consciences, not simply to submit mind and will to the teachings of the Magisterium. She then argues that the Catholic Church, which has been open to change in the twentieth century, must continue to be open to change in the twenty-first century: change in some of its teachings and in some of its practices. The Catholic Church has changed in the past

and is being called to change in the present Before that change can occur the Church must enter into respectful dialogue about pertinent issues such as contraception women s ordination and homosexuality and present practices Ralph contends that Catholic culture not just secular culture needs a critical examination Why the Catholic Church Must Change engages the reader to enter into a necessary yet reasoned conversation about pertinent issues such as contraception women s ordination and homosexuality and present practices surrounding the Catholic Church Margaret Nutting Ralph critically examines pertinent topics of not just the secular culture but the Catholic culture that affects both families and culture as a whole and presents a model for how to discuss difficult issues in a respectful and thoughtful manner Ralph successfully discusses the issues surrounding the Catholic Church with awareness that the church is not the whole body of Christ

Readings on Catholics in Political Life, 2006 *Readings on Catholics in Political Life* is a collection of excerpts from various papal Vatican and bishops documents Each excerpt touches on a different aspect of the role that Catholics play in pursuing the mission of the Church in the world

Being Human David G. Kirchhoffer, Robyn Horner, Patrick McArdle, 2013-08-09 What does it mean to be human The traditional answers from the past remain only theoretical possibilities unless they come to mean something to today s generation Moreover in light of new knowledge and circumstances a new generation may call these old answers into question and seek to reinterpret or indeed provide alternatives to them In the 1960s the Catholic Church s Second Vatican Council attempted such a reinterpretation an aggiornamento for the post war generation of the mid twentieth century by proposing in *Gaudium et Spes* a theological anthropology founded upon the ideas of human dignity and the common good Fifty years later is an appropriate time to revisit those answers and

Catholic Universities in Church and Society John P. Langan, 1993-08-01 The Roman Catholic Church s first significant legislative enactment on the nature and role of the Catholic university the apostolic constitution *Ex corde Ecclesiae* 1990 grew out of thirty years of dialogue between ecclesiastical authorities and academic representatives The final document affirms the explicit Catholic identity of Catholic educational institutions and outlines provisions for maintaining that identity the questions of how to implement its provisions have in turn created the need for more dialogue and examination In this volume distinguished scholars and legal experts define the key questions and explore the future implications of *Ex corde* for American Catholic colleges and universities The assertion of the Catholic identity of Catholic institutions of higher education prompts the contributors to examine the definition of Catholic education as a special synthesis of the religious and the academic of faith and reason and to discuss corollary issues such as secularization the counter cultural features of Catholic education and the great diversity of such schools in the United States and of their sponsoring religious orders The contributors probe the schools relationships with the Church hierarchy exploring in particular the role of the bishops the degree of autonomy from ecclesiastical control and questions of academic freedom They also consider specific legal issues that American Catholic colleges must face including recognition of student groups tenure and promotion decisions governance student and faculty conduct and the

relationship between canon and civil law including compliance with national and local civil rights provisions This volume also includes the complete text in English of *Ex corde Ecclesiae* and the preliminary draft of ordinances from the *Ex corde Ecclesiae* Implementation Committee of the National Conference of Catholic Bishops Appearing at a time when universities must face major issues of their own identity and governance this volume will be of interest to all faculty and administrators diocesan authorities and legal counsel and everyone concerned with the future of Catholic higher education
