Pastoral Forms and Attitudes Harold E. Toliver, 2022-09-23 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1971 **Seamus Heaney and the Poetic(s) of Violence** Thomas George McGuire, 2004 This dissertation reconsiders the key importance of violence as an aesthetic political and cultural category in Seamus Heaney's poetry and translations The dissertation begins by asking how the relation between violence literature and nationalism might be understood in the Irish postcolonial context The author details how specific explosions of postcolonial violence as well as broader cultural manifestations and perceptions of violence have motivated and informed some of the key aesthetic developments and major projects in this poet's career By examining a wide range of representations from his oeuvre he details Heaney's deft negotiation of the related problems of violence and decolonization through a complex and compelling poetic of violence Specifically he examines Heaney's conception and development of the lyric as a field of force his employment of the pastoral as an anticolonial mode of resistance and his translations of canonical texts as acts of counterviolence carried out at the level of the vernacular and form Through close readings of Heaney's verse translations prose and journalism the author demonstrates how many of his writings can be profitably read as part of an ongoing attempt to intervene textually in a Northern Irish culture of violence He also argues that Heaney's often conflicted occasionally uneven and frequently brilliant attempts to outface violence through writing have necessitated a remarkable degree of experimentation and adaptation at the level of form language and genre By bringing into interactive and critical focus a study of poetics and postcolonial criticism the author attempts to demonstrate that a particular set of violent conditions and perceptions which are endemic to postcolonial situations have to a remarkable degree informed Heaney's highly innovative transformations of inherited cultural materials 3 figures 185 refs **The Poem's Two Bodies** David Lee Miller, 2014-07-14 The role of the human body as a poetic and ideological construct in the 1590 Faerie Queene provides the point of departure for David Lee Miller's richly detailed treatment of Spenser's allegory In this major contribution to the study of Renaissance literature and ideology Miller finds the poem organized by a fantasy of bodily wholeness that like the marriage of Arthur and Gloriana is both anticipated and deferred in the text Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Poetic Form and British Romanticism Stuart Curran, 1990-02-22 Across

Europe and particularly in Great Britain the Romantic age coincided with a large scale revival of lost literatures and the first attempts to create a coherent history of Western literature Calling into question that history Stuart Curran demonstrates that the Romantic poets far from being indifferent or hostile to popular forms of literature were actually obsessed with them as repositories of literary conventions and conveyors of implicit ideological value Whether in their preoccupation with fixed forms which resulted in the incomparable artistry of Romantic odes or in their rethinking of major genres like the pastoral the epic and the romance the Romantic poets transformed every element they touched to suit their own democratic secular and skeptical ethos a world view recognizably modern in its dimensions

Revisionary Play Harry Berger (Jr.), 1988 What critic of Spenser's poetry does not know and acknowledge a debt to Harry Berger The collection at last of these seminal essays into a single volume is welcome news indeed for the generation of scholars who learned from them and can now more easily send their own students to them Their importance as documents of the discovery of Spenser and the Spenserian mode in the 1960s is given new prominence moreover by Berger's recent essays here on the metapastoralism of The Shepherdes Calendar In them this New Critic comes home again to Spenser recognizing the value of recent critical trends but arguing passionately for the centrality of the close reading of text The result is a powerful case for reconciliation and consolidation of methods that have dominated literary study over the second half of this century Donald Cheney co editor of The Spenser Encyclopedia

Special relationships Janet Beer, Bridget Bennett, 2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license This book addresses the special relationship from the perspective of post Second World War British governments It argues that Britain's foreign policy challenges the dominant idea that its power has been waning and that it sees itself as the junior partner to the hegemonic US The book also shows how at moments of international crisis successive British governments have attempted to re play the same foreign policy role within the special relationship It discusses the power of a profoundly antagonistic relationship between Mark Twain and Walter Scott The book demonstrates Stowe's misreading and misrepresentation of the Highland Clearances It explains how Our Nig the work of a Northern free black also provides a working class portrait of New England farm life removed from the frontier that dominates accounts of American agrarian life Telegraphy which transformed transatlantic relations in the middle of the century was used by spiritualists as a

metaphor for the ways in which communications from the other world could be understood The story of the Bolton Whitman Fellowship is discussed Beside Sarah Orne Jewett's desk was a small copy of the well known Raeburn portrait of Sir Walter Scott Henry James and George Eliot shared a transatlantic literary network which embodied an easy flow of mutual interest and appreciation between their two milieux In her autobiography Gertrude Stein assigns to her lifelong companion the repeated comment that she has met three geniuses in her life Stein Picasso and Alfred North Whitehead Keats, Hunt and the Aesthetics of Pleasure Ayumi Mizukoshi, 2016-02-17 This book tackles the age old interpretative problem of pleasure in Keat's poetry by placing him in the context of the liberal leisured and luxurious culture of Hunt's circle Challenging the standard narrative which attribute Keat's astonishing poetic development to his separation from Hunt the author cogently argues that Keats profoundly imbued with Hunt's bourgeois ethic and aesthetic remained a poet of sensuous pleasure through to the end of his short career The Faerie Queene (Routledge Revivals) Humphrey Tonkin, 2014-08-01 Edmund Spenser's *The Faerie Queene* is among the most important literary products of the Elizabethan age and the vast sweep of its moral political and social concerns tells us more about the age than any other work This volume first published in 1989 offers detailed readings of each of the poem's seven books along with introductory chapters on Spenser's career and the roots of the poem in the English and continental traditions Humphrey Tonkin pays particular attention to the work's political and cultural role and its contribution to the development of Elizabethan ideology A comprehensive analysis this reissue will be of particular value to literature students and academics alike **The Idea of Music in Victorian Fiction** Nicky Losseff, 2016-03-03 *The Idea of Music in Victorian Fiction* seeks to address fundamental questions about the function meaning and understanding of music in nineteenth century culture and society as mediated through works of fiction The eleven essays here written by musicologists and literary scholars range over a wide selection of works by both canonical writers such as Austen Benson Carlyle Collins Gaskell Gissing Eliot Hardy du Maurier and Wilde and less well known figures such as Gertrude Hudson and Elizabeth Sara Sheppard Each essay explores different strategies for interpreting the idea of music in the Victorian novel Some focus on the degree to which scenes involving music illuminate what music meant to the writer and contemporary performers and listeners and signify musical tastes of the time and the reception of particular composers Other essays in the volume examine aspects of gender race sexuality and class that are illuminated by the deployment of music by the novelist Together with its companion volume *The Figure of Music in Nineteenth Century British Poetry* edited by Phyllis Weliver Ashgate 2005 this collection suggests a new network of methodologies for the continuing cultural and social investigation of nineteenth century music as reflected in that period's literary output **Harriet Wilson's Our Nig** R. J. Ellis, 2003 Harriet E Wilson's *Our nig* 1859 is a startling tale of the mistreatment of a young African American mulatto woman Frado living in New England at a time when slavery though abolished in the North still existed in the South Frado a Northern free black yet treated as badly as many Southern slaves of the time is unforgettably portrayed as

experiencing and resisting vicious mistreatment To achieve this disturbing portrait Harriet Wilson's book combines several different literary genres realist novel autobiography abolitionist slave narrative and sentimental fiction R J Ellis explores the relationship of *Our Nig* to these genres and additionally to laboring class writing Harriet Wilson was an indentured farm servant He identifies the way *Our Nig* stands as a double first the first separately published novel written in English by an African American female it is also one of the first by a member of the laboring class about the laboring class Sacred Discontent Herbert N. Schneidau,1977 Sourcebook on Rhetoric James Jasinski,2001-07-19 This book is designed to introduce readers to the language of contemporary rhetorical studies The book format is an alphabetized glossary with appropriate cross listings of key terms and concepts in contemporary rhetorical studies An introductory chapter outlines the definitional ambiguities of the central concept of rhetoric itself The primary emphasis is on the contemporary tradition of rhetorical studies as it has emerged in the discipline of speech communication Each entry in the glossary ranges in length from a few paragraphs to a short essay of a few pages Where appropriate examples are provided to further illustrate the term or concept Each entry will be accompanied by a list of references and additional readings to direct the reader to other materials of possible interest **Catalog of Copyright Entries.
