## **Pastoral And The Academic Conflict And Contradiction In The Curriculum:**

The Pastoral and the Academic Sally Power,1996 One of the most widespread changes in secondary schools over the last thirty years has been the expansion and formalization of pastoral care However despite the considerable personnel resources invested in it this tends to be a neglected area of curriculum theory and research Through an empirically based analysis of pastoral care in the comprehensive school this book looks at the history and discourse of pastoral care Using data from two case study schools it explores the tense relationship between the pastoral and academic dimensions and the significance of this tension for the educational identities of staff and pupils In particular it considers whether pastoral interventions empower students or represent more subtle forms of social control In conclusion the implications of recent reforms for the future of pastoral care within the comprehensive school are assessed

**Managing Pastoral Care** Mike Calvert,Jenny Henderson,1998-04-01 Pastoral care provision in schools has become increasingly marginalized in recent years However emphasis on the needs of the whole learner has become ever greater Coupled with this is a growing recognition of the adverse effects of a wider social malaise on the development of students This book stresses the need for a radical rethink and reprioritizing of pastoral support It promotes the belief that pastoral care can contribute to and improve academic achievement and analyzes every aspect of pastoral care and PSE

**Pastoral Care 11-16** Noel Purdy,2013-05-16 A critical guide to effective pastoral care provision exploring a range of issues including bereavement bullying child abuse domestic violence separation divorce self harm and suicide

**Doing Research About Education** Geoffrey Walford,2003-09-02 This book brings together semi autobiographical accounts from major educationalists about their influential research focusing on the practical and personal aspects of the research process The

collection reflects the great changes that have occurred within educational research since the 1980s and deals with the issues and situations of the late 1990s. It includes accounts that cover the various stages of the research process, a sampling of topics, the diversity of methodologies used in educational research and a range of theoretical perspectives. There is coverage of qualitative and quantitative methodologies and of large and smaller scale research. Also discussed are ESRC programme research, contract research and theoretical research.

**Vision of a School** Jasper Ungoed-Thomas, 1998-01-01. Arguing that a good school is one with recognizable moral and intellectual traits, the author outlines his view of how schools should be organized as a whole and in every field of education to encourage these traits.

*Teacher Subject Identity in Professional Practice* Clare Brooks, 2016-03-31. *Teacher Subject Identity in Professional Practice* focuses on a key but neglected element of a teacher's identity: that of their subject expertise. Studies of teachers' professional practice have shown the importance of a teacher's identity and the extent to which it can affect their resilience, commitment and ultimately their effectiveness. Drawing upon narrative research undertaken with a range of teachers over a period of 14 years, the book explores how subject expertise can play a significant role in teacher identity, acting as a professional compass guiding teachers at all levels of their professional practice. It reveals powerful individual stories of meaning-making which highlight the dynamic importance of teachers' subject expertise. The book's metaphor of a professional compass goes to the heart of teacher professionalism and provides a valuable mechanism to enable teachers to respond to challenges they face in their daily practice. It enables teachers to consider the moral dimensions of their practice and can constitute a significant component in professional formation and identity. Throughout the book, the importance of subject expertise for teachers' professional practice is explored at a range of scales, from the classroom to broad education policy and at different stages of a teacher's career, which offers readers a deeper understanding of the importance of subject expertise for teachers. *Teacher Subject Identity in Professional Practice* makes a significant contribution to an under-researched area. It identifies the role and significance of teachers' subject expertise as a dimension of their teacher identity. The book is key reading for teacher educators, policy makers and researchers with an interest in teachers' professional development and practice.

**Education for Spiritual, Moral, Social and Cultural Development** Ron Best, 2000-06-01. Drawing on successful practice and relating such practice to theoretical insights, this comprehensive treatment of the challenge of educating children spiritually, morally, socially and culturally offers enlightenment for individual teachers' classroom practice as well as for whole school approaches.

*Taking Children Seriously* Steve Decker, Angela Greenwood, Sandy Kirby, Dudley Moore, 1999-08-01. In times of great change and development in the education system, those children who experience difficulties in school because they are emotionally troubled are particularly vulnerable. Increasingly, schools are under pressure to produce results which appear good in the public domain and so can feel forced to spend money on activities designed to enhance public reputation, consequently neglecting those pupils who are difficult to teach because they are emotionally disturbed. *Taking Children*

Seriously has been written by those trained and working in this field to provide insights into how to apply ideas and theories taken from psychotherapy and counselling to the context of education The authors demonstrate to practising teachers approaches for working with feelings in the classroom and provide ideas which schools may wish to consider to supplement their present work with special needs pupils Steve Decker is a Chartered Psychologist and Head of Counselling Division at Anglia Polytechnic University Sandy Kirby is a counsellor and Professional Tutor at a London comprehensive Angela Greenwood is an educational therapist and special needs co ordinator who has worked in Britain and Zambia in the primary and pre school sectors Dudley Moore is a counsellor and former headteacher of a special school All four editors are founders of the Counselling and Therapy Service for Schools

**Rationing Education** David Gillborn, Deborah Youdell, 1999-12-16 This research should make us extremely sceptical that the constant search for higher standards and for ever increasing achievement scores can do much more than put in place seemingly neutral devices for restratification Michael W Apple John Bascom Professor of Curriculum and Instruction and Educational Policy Studies University of Wisconsin Madison Recent educational reforms have raised standards of achievement but have also resulted in growing inequalities based on race and social class School by school league tables play a central role in the reforms These have created an A to C economy where schools and teachers are judged on the proportion of students attaining five or more grades at levels A to C To satisfy these demands schools are embracing new and ever more selective attempts to identify ability Their assumptions and practices embody a new IQism a simple narrow and regressive ideology of intelligence that labels working class and minority students as likely failures and justifies rationing provision to support those often white middle class boys already marked for success This book reports detailed research in two secondary schools showing the real costs of reform in terms of the pressures on teachers and the rationing of educational opportunity It will be important reading for any teacher researcher or policymaker with an interest in equality in education

**Researching School Experience** Martyn Hammersley, 1999 This book brings together material from wide range of studies mainly qualitative in character concerned with exploring what actually goes on in learning situations and explores the perspectives of teachers and students

*School Culture* Jon Prosser, 1999-06-02 I waited with great anticipation to receive Jon Prosser s book *School Culture* The wait was worth it and I wasn t to be disappointed This is a fine book bringing to a reader a credible and solid set of work Youth and Policy The most helpful book on genuine school improvement that I have ever read LDR National College for School Leadership Jon Prosser has put together an eclectic volume *School Culture* is not isolated from out of school forces most of the authors argue Jon Prosser and Terry Warbuton s piece analyzing the visual representation of schools and teaching shows this in a looking glass manner The different chapters challenge us to think again about what we mean by ethos and atmosphere What the volume demonstrates is just how difficult and challenging it is to define what constitutes a school s culture *Journal of Education for Teaching* School culture is today one of the most important themes in education and educational research This book draws

on a wide range of contemporary perspectives to provide an insight into the key issues and concepts which underpin school culture The first part of the book is concerned with culture as an holistic concept The second part adopts the stance that school culture is the sum of its subcultures The contributors focus on significant groups such as teachers and students or theme for example sexuality and examine in depth the nature and character of schooling **Affective Education in**

**Europe** Peter Lang,1998-08-01 Affective education can be defined as that part of the educational process which concerns itself with the attitudes feelings beliefs and emotions of students Central to the concept is the acknowledgement that student s feelings about themselves as learners and about their academic subjects can be at least as influential as their actual ability This collection features the work of contributors from countries such as Belgium Denmark Russia Germany Israel Spain and the UK It shows how the practical approach to affective education varies from nation to nation By analyzing the underlying theory this text sets out to bring the different approaches closer together to enable teachers across the continent to work towards a positive common ground **Drugs** Louise O'Connor,1998-01-01 With the aim of showing how educators can use

their skills to inform practical action on problematic drug issues this text identifies the drug issues emerging in the classroom and highlights strategies for dealing with them Propping up the Performative School Jo Bishop,2022-09-12 Drawing on an ethnography conducted in a state secondary school this book provides a critical examination of the role and practice of

educational paraprofessionals focusing on the learning mentor It explores the lived reality of their work and how these new roles are framed within more established discourses like pastoral care **Get Real About Sex** Alldred, Pam,David, Miriam,2007-07-01 Up to date and accessible this book manages to be both theoretically subtle and attuned to the realities of classroom practice Dr Rachel Thomson The Open University This book is a great success and provides a wealth of insights into the realities of teaching and being taught about sex and relationships Michael Reiss Institute of Education What are the different values and perspectives on sex and relationship education within a single secondary school How do young people think sex education should be taught What are the challenges facing the provision of good sex and relationship education at the classroom level and at the political level Young people often receive mixed messages about gender and sexual relationships When providing sex education lessons schools should take into account different ideas and values including the general British embarrassment over intimate matters and differing political and personal views about sex education This book combines young people s views of sex education schooling and parenthood with those of teachers school nurses and head teachers It brings together these varied perspectives and considers how they reveal different values aims and agendas The authors highlight the potential conflict between approaches to education and health and reveal the complexity of dealing with sexuality and gender in real life situations Focusing on young people s identities in the classroom contemporary theoretical approaches in the social sciences are employed to explore how gender is enacted and experienced by individuals and how social pressures and government agendas operate at the level of the individual This book contains original first hand

empirical material from a detailed study of all the schools in one English city and offers a critical analysis of broader political and cultural ideas and values Get Real About Sexis key reading for students and professionals in education health and the sociology of gender and sexuality Educational Practice and Theory ,2003 Promoting Inclusive Practice Lani Florian,Richard Rose,Christina Tilstone,2002-09-11 Very hot topic inclusion is the education policy here to stay Addresses all of the areas where inclusion is an issue so has broad appeal Is clear and digestible Very well known editors and a range of contributors Full of practical examples and case studies Christina is editor of The British Journal of Special Educational Needs **Preparing to Teach in Secondary Schools** Val Brooks,Ian Abbott,Liz Bills,2007-12 Review of the first edition An excellent introduction to all of the core professional issues that trainee teachers need to address during their training a first port of call for all student teachers keen to understand the challenges involved in becoming a professional teacher in today s schools Professor John Furlong Director Department of Educational Studies Oxford University UK The new edition of this bestseller is the definitive guide for all trainee secondary school and newly qualified teachers Using practical examples it covers the range of core professional skills and concepts that all student teachers need to acquire irrespective of their subject specialism or training route Updated and revised throughout to take into account recent developments in teaching the second edition covers topics such as Every Child Matters Special Educational Needs and ICT in the classroom making it suitable for use by newly qualified teachers to support their early professional development Informative accessible and engaging the book offers students Use of examples and illustrations to make abstract or unfamiliar ideas concrete and meaningful An interactive approach whereby readers are invited to engage with the text and respond to it through a set of objectives to be achieved by the end of the chapter Thought provoking research to alert readers to fresh thinking and initiatives which are at the cutting edge of developments in the field Self contained tasks to enable readers to complete them there and then International Journal of Contemporary Sociology ,1999
