Paternalistic Capitalism:

Paternalistic Capitalism Andreas George Papandreou,1972 **Paternalistic Capitalism** Andreas George Papandreou,1972 **The British Economy in Transition** Royce Logan Turner,1995 An examination of attempts at economic regeneration in areas that have experienced decline in traditional industry Coal steel defence textiles and the motor industry are discussed by an expert in the area Slavery and Capitalism David McNally,2025 The first systematic Marxist account of the capitalist character of Atlantic slavery Karl Marx s writings on enslavement and labor have fallen out of favor among historians but David McNally injects new life into them Slavery and Capitalism gives the first systematic Marxist account of the capitalist character of Atlantic slavery using colonial travel literature planter records and diaries and slave narratives to support the provocative claim for enslaved labor in the plantation system as capitalist commodity production Weaving together history political economy and radical abolitionism McNally demonstrates that plantation slaves formed a modern working class Unlike those scholars who insist that enslaved people were too sensible to set their sights on liberty he highlights the self activity of enslaved people fighting for their freedom and reframes their resistance as labor struggles over production and reproduction with significant implications for US and Atlantic history and for understanding the roots of racial capitalism **Political Economy and American Capitalism** Rodney D. Peterson,2012-12-06 We are now witness to the waning years of the 1900s Soon we shall embark upon a bold journey into the uncharted territory of the twenty first of various persuasions have speculated as to what the century Futurists oncoming decades might bestow upon us Not surprising most predictions are closely tied to advances in technology especially in astrophysiCS biochemistry electronics and genetics But what about the economic system Whatever happens forces have undoubtedly already been set in motion which will mold or remold the structure and character of American capitalism American capitalism has been is and will undoubtedly continue to be a system in transition Technology perennially changes albeit at a faster or slower pace sometimes than others and society s institutions continually adjust to these technological changes Such adjustments alter the character of our politico economic system when statutes are enacted court decisions rendered administrative agency rules promulgated and cultural mores realigned to supplant old ones Other adaptations are brought about when small group collective action is successful in causing a special status of privilege to be conferred on some members of society but restrictions to be levied on others *Managerial Capitalism, Ethics, Secrets and the Business School* Ian Waite,2024-07-09 By interlacing the threads of managerial development through the 19th 20th and early 21st centuries from capitalist managerialism to the emergence of management consultancy and management education with particular focus on the American context this book sheds light on the opportunities challenges and pitfalls facing the modern manager today Especially relevant to aspiring managers seeking to learn more about business serious questions are asked about management education and its provision Providing an expos on and denunciation of managerial fallacies management

failures academic treachery and greed the author directly addresses the need for professional managers to cope with the challenges on this planet to come With a deep historical knowledge breadth of vision and equally intellectually daring insight the author offers the keys not only to an understanding of how we have reached our current position but more importantly how we might progress from here This book sets the tone and heralds the need for real practical decisive change leading to a more ethical sustainable future

Corporate Social Responsibility and the Paradoxes of State Capitalism Ståle Knudsen,2023-05-12 Through a series of case studies in diverse regions of the world this book explores how transnational Norwegian energy and extractive industries handle corporate social responsibility CSR when operating abroad in places such as China Brazil and Turkey With significant state ownership and embeddedness in the Nordic societal model Norwegian capitalism is often represented as benign or ethical By tracing CSR policy and practice from headquarters to operations this volume critically explores the workings of Norwegian corporate capitalism and its engagement with key issues of responsibility accountability and sustainability

The Rise of Neoliberalism in Advanced Capitalist Economies M. Howard,J.E. King,2008-06-24 In this unique and dramatic account of the rise of neoliberalism Howard and King consider the major features of historical materialism the factors which resulted in 19th and 20th century thinkers incorrectly predicting the long term decline of the market and the prospects for a reversal of neoliberalism in the 21st century

The Responsible Economy Jefferson Frank,2015-05-08 After the financial crisis and Great Recession some have called for replacing standard economic theory by heterodox models based upon behavioural approaches The Responsible Economy argues that there is nothing wrong with economic theory Instead the problem has been a devil s pact of simplistic pro market economics combined with simplistic Keynesian monetary policy This book revisits the fundamental theorems in economics that state the conditions for markets to achieve efficiency It has long been known that there are limitations of markets in dealing with externalities increasing returns to scale and monopoly The role of information in the economy was developed in economic theory in the 1970s onwards and in a world of imperfect and asymmetric information markets perform poorly Managers of firms engage in short termism take on excessive risk and misstate their own and their firm s performance While finance theory makes clear that much of the activity in the financial services sector is of no economic value and represents wasteful financial engineering In this real world it is economically inefficient for firms to maximise shareholder value On the macroeconomics side monetary expansion cannot be an effective substitute for addressing real problems of infrastructure and education investment This book maintains that markets work best if individuals and firms behave ethically and responsibly Employment should be a long term relationship firms should pay living wages produce good products at a fair price and pay their share of taxes Where these standards don t hold governments should not try to micromanage through regulation but set up simple and straightforward policies

Political Economy of Socialism Branko Horvat,2020-10-07 This book is an exploration into the uncharted territory of social reality It explores social relations and politics presenting a

critique of contemporary socioeconomic systems and discussions on the Marxist Doctrine of Transition The book is intended to meet Robert Heilbroner's request *Class, Politics and the Economy (Routledge Revivals)* Stewart Clegg, Paul Boreham, Geoff Dow, 2014-11-06 This study first published in 1986 provides a systematic account of the processes and structure of class formation in the major advanced capitalist societies The focus is on the organizational mechanisms of class cohesion and division theoretically deriving from a neo Marxian perspective Chapters consider the organization and structure of the corporate ruling class the middle class and the working class and are brought together in an overarching analysis of the organization of class in relation to the state and the economy This title will be of particular interest to students researching the impact of recession on societal structure and the processes of political class struggle as well as those with a more general interest in the socio economic theories of Marx Engels and Weber The Political Economy of the Great Lakes Region in Africa Stefaan Marysse, 2005-10-21 This book examines the international factors such as enforced democracy and globalization that have affected the Great Lakes region of Africa The horrendous consequences in terms of violence and human suffering of the events in this area have been exhibited in the media however news coverage after 1994 was at times unreliable This book takes a look at life since then adopting an independent and on occasion controversial perspective

Millhands & Preachers Liston Pope, Patrick. Pope, 1942-01-01 To explore the question of the church's role in Western economic systems Mr Pope presents a pioneering study of the actual role played by the church in the industrial community Gastonia North Carolina He has written a brilliant criticism of the relationship between the textile mills and the churches with broad implications for industry and church **Art and the Global Economy** John Zarobell, 2017-04-18 Art and the Global Economy analyzes major changes in the global art world that have emerged in the last twenty years including structural shifts in the global art market the proliferation of international art fairs biennials and blockbuster exhibitions and the internationalization of the scope of contemporary art John Zarobell explores the economic and social transformations in the cultural sphere the results of greater access to information about art exhibitions and markets around the world as well as the increasing interpenetration of formerly distinct geographical domains By considering a variety of locations both long standing art capitals and up and coming centers of the future Art and the Global Economy facilitates a deeper understanding of how globalization affects the domain of the visual arts in the twenty first century With contributions by Lucia Cantero Mariana David Valentin Diaconov Kai Lossgott Grace Murray Chhoti Rao Emma Rogers and Michelle Wong *Draft Proposals for Amendment Number 7 to the Northeast Multispecies Fishery Management Plan (Fisheries Management Plan (FMP)), Gulf of Maine, Georges Bank [MA, ME, RI, NH, CT]*, 1996 *The Demise of Finance-dominated Capitalism* Eckhard Hein, Daniel Detzer, Nina Dodig, 2015-04-30 This book provides an overview of different theoretical perspectives on the long run transition towards finance dominated capitalism on the implications for macroeconomic and financial stability and ultimately on the recent global financial and economic *Self-employment Through Entrepreneurship Development* Baldev

Singh,1996 Employment of the employable manpower an unavoidable goal of development policy is best attained by a positive employment policy which involves matching of demographic trends and skill evolution with industrial and technological growth The present work examines the changing role of self employment in the national employment markets directly with the help of statistics generated by National Sample Survey Organisation and Decennial Census of Degree Holders and Technical Personnel and indirectly from National Accounts Statistics The book also focuses on direct component of employment policy It lays bare the theoretical limits and empirical reality of self employment opportunities generated by special self employment programmes

Underground Economies in Transition Edgar L. Feige, Katarina Ott, 2019-05-23 Published in 1999 this work examines the crucial role played by unofficial and underground activities in the transitional economies of Central and Eastern Europe and new independent states Countries undergoing radical transformations from socialism to capitalism experience fundamental changes in institutional rules governing property rights government regulations taxation and the appropriate conduct of public service Underground and unofficial activities represents non compliant economic behaviours involving evasion avoidance circumvention abuse and or corruption of the institutional rules as well as efforts to conceal these illicit behaviours from the view of public authorities The book employs the conceptual framework of the new institutional economics to elaborate the theoretical relationship between underground activities and overall performance of transition economies The social cultural and economic causes of unofficial activities are examined as well as their consequences for economic policy and performance Policy issues include the relationship between tax evasion and corruption the underground economy and organized crime state and regulation and methods and consequences of legalization of the underground economy

Gone Home Karida L. Brown, 2018-08-06 Since the 2016 presidential election Americans have

witnessed countless stories about Appalachia its changing political leanings its opioid crisis its increasing joblessness and its declining population These stories however largely ignore black Appalachian lives Karida L Brown s *Gone Home* offers a much needed corrective to the current whitewashing of Appalachia In telling the stories of African Americans living and working in Appalachian coal towns Brown offers a sweeping look at race identity changes in politics and policy and black migration in the region and beyond Drawn from over 150 original oral history interviews with former and current residents of Harlan County Kentucky Brown shows that as the nation experienced enormous transformation from the pre to the post civil rights era so too did black Americans In reconstructing the life histories of black coal miners Brown shows the mutable and shifting nature of collective identity the struggles of labor and representation and that Appalachia is far more diverse than you think
