*The Direct Path* Andrew Harvey, 2002-01-08 *The Direct Path* is the Path to God without dogma or priests or gurus, the Path of DIRECT self empowerment and self awakening. Whether you know it yet or not, you have been on it since the day you were born. Today more Americans than ever consider themselves to be spiritual people, and yet regular attendance at religious institutions is down, perhaps because many of us are searching for a way to encounter the divine on our own terms. We long to connect with something greater than ourselves but are often conflicted about the teachings and rituals of organized religions or simply don't know where to begin. In this groundbreaking, eloquently written work, renowned religious scholar Andrew Harvey builds on his twenty-five year study of the world's various mystical traditions, including Buddhism, Hinduism, Taoism, Sufism, the Kabbalah, and Christian mysticism, to create an illuminating spiritual map that anyone can use to develop a direct path to the divine. Andrew Harvey has devoted his life to the study and pursuit of the divine, and in *The Direct Path* he chronicles his own spiritual journey, revealing the events that led to his own disillusionment with the guru system and the hierarchy and hypocrisy of many contemporary religious movements. He then provides us with the tools we need to cultivate a personal relationship with the divine without relying on gurus, churches, or other institutions and intermediaries. Drawing on mystical traditions from around the world, Harvey outlines eighteen sacred practices, including breathing, chanting, meditation, prayer, and the practice of lovingkindness, that readers can use to unite mind, body, and soul, and he streamlines them into a step-by-step guide to personalized spiritual development and enlightenment. He discusses the four stages of spiritual transformation: awakening, engagement, marriage, and birthing, and shows us how we can incorporate the sacred into everyday life through

activities such as dieting and fasting dancing laughing and healing exercises such as yoga and tai chi Through practical lessons and exercises Harvey guides us in excavating our spiritual self and creating not only a path to the divine but to the millions of other selves who walk the earth with us Perfect for anyone who in this time of spiritual uncertainty yearns for fresh teachings and wisdom that will bring them closer to their life s purpose and meaning The Direct Path is an intelligent beautifully crafted masterpiece from one of today s most celebrated and respected spiritual luminaries **Mahamudra** Dakpo Tashi Namgyal,2014-04-14 Mahamudra meditation is simultaneously the most profound of meditative disciplines and the most accessible for modern practitioners Traditionally passed orally from teacher to disciple mahamudra instructions point the meditator to the innate perfection of every experience When it first appeared in 1986 Mahamudra The Moonlight Quintessence of Mind and Meditation was the first presentation in English of a major Tibetan Buddhist work on meditation This classic guide was composed in the sixteenth century by an eminent lama of the Kagyu school and is so comprehensive and practical that it is still widely used today as a manual Divided into two major sections it presents first the common approach and then the mahamudra approach to tranquility shamatha and insight vipashyana meditation **From Great Falls** Rocky Bottoms,2025-04-02 If you want to know the nature of reality you have to know the nature of your Self It s the only way Why does everybody seek happiness In each of our hearts there is this wound there is this longing there is this memory of our eternity If we didn t know the taste of happiness we wouldn t know what to seek This is a story about a modern day spiritual journey from cultural tradition to enlightenment and back *The Spiritual Awakening Guide* Mary Mueller Shutan,2015-08-11 The first modern comprehensive resource on spiritual awakenings this pragmatic clear guide covers everything from the first step on a spiritual journey to enlightenment and the different types of spiritual awakenings from mild to dramatic we may go through Using the concept of the twelve layers that cover an awakened state Mary Mueller Shutan addresses every step of the spiritual journey starting with the Self and showing how family ancestral past lives karmic archetypal and other larger layers such as societal cultural global and cosmic energies condition us to sleep and obscure our realization of an awakened state Instructions for how to navigate through each of these layers and how to recognize where we are in our spiritual journey are included each step of the way along with common physical emotional and spiritual symptoms that may be experienced By addressing post awakening states oneness dark nights of the soul ego death near death and severe illness psychic abilities addictions dietary changes the God self personal and collective shadow and psychosis vs awakening we understand the experiences we may go through while struggling with spiritual awakenings This practical book opens new understandings of how to live in the world while going through an awakening process and offers the revolutionary idea that we are meant to be humans to have a physical body with physical sensate experiences and emotions We are meant to live in the world and be a part of it even as fully awakened individuals This guide proposes a look at the possibility of leading a grounded earth bound life of work family friends and other experiences in an awakened state
