Reclaiming The Ethical High Ground Developing Organizations Of Character:

Building Character Gene Klann,2007-01-06 Building Character is written for leaders who understand their responsibility to develop authentic leaders within their organizations Without presenting an overarching moral code or a prescriptive code of behavior this book offers leaders and managers a practical model complete with the tools information and processes to develop character in leaders at all levels The author explains the role character plays in leadership success and effectiveness and outlines how character can be developed through the Five E s Example Education Experience Evaluation and Environment *Triple Crown Leadership: Building Excellent, Ethical, and Enduring Organizations* Bob Vanourek,Gregg Vanourek,2012-07-10 Provides practical advice and tools for developing better leadership **The Meeting Professional** ,2003 **Developing Leadership: Creating The Schools Of Tomorrow** Coles, Martin,Southworth, Geoff,2004-11-01 Containing ideas on key topics such as professional learning communities distributed leadership strategic thinking about ICT and sustainability this title informs school leaders about current thinking showing them how to lead schools in the 21st century *The Work and the Gift* Scott Cutler Shershow,2005-06-15 Considers how in a wide range of western culture and thought the ideas of working and giving remain locked in a fatal dilemma each one representing the other s aspirations and absolute limit Ranging from Marx and Derrida to Friedrich Hayek and Alvin Toffler Scott Cutler Shershow here explores the predictions of political thinkers on both the left and the right that work is fundamentally changing or even disappearing the debates among anthropologists and historians about an archaic gift economy that preceded capitalism and might reemerge in its wake contemporary political battles over charity and social welfare and attempts by modern and postmodern artists to destabilize the work of art as we know it BOOKJACKET **Food Utopias** Paul V. Stock,Michael Carolan,Christopher Rosin,2015-01-09 Food is a contentious and emotive issue subject to critiques from multiple perspectives Alternative food movements including the different articulations of local food miles seasonality food justice food knowledge and food sovereignty consistently invoke themes around autonomy sufficiency cooperation mutual aid freedom and responsibility In this stimulating and provocative book the authors link these issues to utopias and intentional communities Using a food utopias framework presented in the introduction they examine food stories in three interrelated and complementary ways utopias as critique of existing systems utopias as engagement with experimentation of the novel the forgotten and the hopeful in the future of the food system and utopias as process that recognizes the time and difficulty inherent in changing the status quo The chapters address theoretical aspects of food utopias and also present case studies from a range of contexts and regions including Argentina Italy Switzerland and USA These focus on key issues in contemporary food studies including equity locality the sacred citizenship community and food sovereignty Food utopias offers ways forward to imagine a creative and convivial food system *Soil Resource Inventories and Development Planning* ,1979 **Creating the Ethical Academy** Tricia Bertram Gallant,2011-09-22 In this edited volume higher education experts and scholars tackle the

challenge of understanding why ethical misconduct occurs in the academy and how we can address it **The Normalization of the HIV and AIDS Epidemic in South Africa** Katinka de Wet, 2019-08-22 This book explores the normalization of HIV and AIDS reflecting upon the intended and unintended consequences of the multifarious AIDS industry The Normalization of the HIV and AIDS Epidemic in South Africa deals with the manner in which the HIV and AIDS epidemic has become such a well known disease with such wide ranging ramifications With its focus on the AIDS industry this book examines issues such as the framing of the HIV and AIDS epidemic in a manner that greatly fostered notions of stigmatization and moralization This book looks at the complexities of dealing with the epidemic in contemporary South Africa examining the difficulties of addressing the social aspects of a disease in the context of increased focus on technological quick fix solutions De Wet explores these issues thoroughly looking at the social determinants of the spread of the disease as well as the configuration and the nature of the responses to it and their increasing marginalization as factors to address in an era of increased biomedicalization and concomitant normalization This book will intrigue scholars and students of public health global health care medical sociology and African Studies **Policy Coherence and EU Development Policy** Maurizio Carbone, 2013-09-13 The principle of policy coherence has been the object of a contentious debate in the European Union's external relations though discussions have been mainly limited to its foreign policy and its ability to speak with one voice in the international arena Despite being institutionalised in the Treaty of Maastricht policy coherence for development PCD which implies taking into account the needs and interests of developing countries in non aid policies failed to make headway in the European Union remaining the unheeded concern of some NGOs and a small group of Member States A change of direction occurred in the early 2000s when the European Commission taking advantage of a number of favourable conditions and using an astute strategy managed to set an ambitious agenda for the European Union This volume analyses the linkages between aid and various non aid policies namely trade agriculture fisheries security migration and the social dimension of globalisation Its aim is to shed new light on the EU's policy making process by looking at the nexus between various policy sub systems and on the role that the EU wants to play in the international arena by looking at the impact of its policies on international development This book was published as a special issue of the Journal of European Integration *Uses of 'the West'* Gunther Hellmann, Benjamin Herborn, 2017 The term the West is commonly used in politics the media and in the academic world To date our idea of the West has been largely assumed and effective but has not been examined in detail *Uses of the West* critically evaluates what the West does and how the idea is being used in everyday political practice *Green Civilization* Xiaoxi Li, 2020-09-24 This book approaches Green Civilization based on the background of international initiative on sustainable development and in depth analyzes the valuable era consensus reached by 193 countries on the UN Sustainable Development 2030 Agenda The Author expounds own point of view to debate the well known book *Clash of Civilizations* by the method of contradictory debate dialectically In addition it demonstrates the

development of Human Green Civilization systematically by Multi dimensional history material of human civilization This book covers the academic political and business in the world It is suitable for scholars researchers students and university degree readers for economics eco environment political science sociology and anthropology It aims at promoting the realization of the UN 2030 Agenda for Sustainable Development at promoting the dialogue between the East and the West working for facilitating peace for mankind and spreading the advanced concept of sustainable human development to the people of all countries Accelerated Reclamation Construction Program United States.
