Watergate: The Hidden History Lamar Waldron, 2013-06-01 A groundbreaking investigation into the events of the Watergate Scandal complete with fascinating new material all exhaustively researched in the author's customary style The New York Observer While Richard Nixon's culpability for Watergate has long been established what's truly remarkable is that after almost fifty years conventional accounts of the scandal still don't address Nixon's motive Why was President Nixon willing to risk his reelection with so many repeated burglaries at the Watergate and other Washington offices in just a few weeks What motivated Nixon to jeopardize his presidency by ordering the wide range of criminal operations that resulted in Watergate What was Nixon so desperate to get at the Watergate and how does it explain the deeper context surrounding his crimes For the first time the groundbreaking investigative research in Watergate The Hidden History provides documented answers to all of those questions It adds crucial missing pieces to the Watergate story information that President Nixon wanted but couldn't get and that wasn't available to the Senate Watergate Committee or to Woodward and Bernstein This new information not only reveals remarkable insights into Nixon's motivation for Watergate but also answers the two most important remaining questions What were the Watergate burglars after And why was Nixon willing to risk his Presidency to get it Watergate The Hidden History reexamines the historical record including new material only available in recent years This includes thousands of recently declassified CIA and FBI files newly released Nixon tapes and exclusive interviews with those involved in the events surrounding Watergate ranging from former Nixon officials to key aides for John and Robert Kennedy This book also builds on decades of investigations by noted journalists and historians as well as long overlooked investigative articles from publications like Time magazine the Los Angeles Times and the New York Times [The Decline and Fall of the United States of America](#) Anthony Kishko, 2012-05-18 Politician the dirtiest word in the English language says Jacob Pirandello Kharinsky a character in this book hailed as the UNDERGROUND CLASSIC OF OUR GENERATION The DECLINE and FALL of THE UNITED STATES of AMERICA part I A theme which implies many things possibilities and perspectives Jake Kharinsky discovers himself in an unknown labyrinth a clandestine initiation and is unable to recall what leads him there Stranger than fiction events and stories unfold with aesthetic word play symbolism humor and an architected structure as if crafted and written by a musician to lead one into an expansion of consciousness a journey of the mind right into the HEART to evoke articulate and gather all those things that are collectively on our minds confused yet envisioned as a Nation and as a World of which we all possess pieces and herein begin to puzzle together these telling elements Of Politics History Religion Culture Education Philosophy and Deconstruction of our Ideologies whose old out and

Indispensable There is much here to reflect upon President Mikhail Gorbachev As riveting eye opening and thought
provoking as any history book you will ever read Can't recommend it highly enough Glenn Greenwald The Guardian Finally a
book with the guts to challenge the accepted narrative of recent American history Bill Maher The New York Times bestselling
companion to the Showtime documentary series now streaming on Netflix updated to cover the past five years A PEOPLE'S
HISTORY OF THE AMERICAN EMPIRE In this riveting companion to their astonishing documentary series including a new
chapter and new photos covering Obama's second term Trump's first year and a half climate change nuclear winter Korea
Russia Iran China Libya ISIS Syria and more Academy Award winning director Oliver Stone and renowned historian Peter
Kuznick challenge prevailing orthodoxies to reveal the dark truth about the rise and fall of American imperialism Smoke
& Mirrors Stephen Paine, 2007-02-11 A hypnotist counts us collectively back to 2000 where it all began We were mesmerized
hypnotized and bamboozled It was all a deceptive show performed through the tricks of Smoke namely getting our country
back We do not have to sleep walk nor goose step any more We can end this Now **Fooled Again** Mark Crispin
Miller, 2007-06-12 For Republicans the 2004 presidential election was little short of miraculous Behind in the Electoral
College tally in the days leading up to the election behind even on the very afternoon of the vote the Bush ticket staged a
stunning comeback The exit polls usually so reliable turned out to be wrong by an unprecedented 5 percent in the swing
states Conservatives argued and the media agreed that moral values had made the difference In his new book renowned
critic and political commentator Mark Crispin Miller argues that it wasn't moral values that swung the election it was theft
While the greatest body of evidence comes from the key state of Ohio where the Democratic staff of the House Judiciary
Committee found an extraordinary onslaught of Republican engineered vote suppression election day irregularities old
fashioned intimidation tactics and illegal counting procedures similar practices and occasionally worse ones were applied in
Florida Oregon Pennsylvania New Mexico Nevada Arizona and even New York A huge array of anomalies improper practices
and blatant violations of the law all by a truly remarkable coincidence happened to swing in the Bush ticket's favor This
pattern not one overwhelming fraud but thousands of little ones is in Miller's view the new Republican electoral strategy This
incendiary new book presents massive documentation that the election was stolen and describes the mind set among both
the major parties and the media that could permit it to happen again **Media Spectacle and the Crisis of Democracy**
Douglas Kellner, 2015-12-03 Douglas Kellner's *Media Spectacle and the Crisis of Democracy* 9/11 the War on Iraq and
Election 2004 investigates the role of the media in the momentous political events of the past four years Beginning with the
role of the media in contested election of 2000 Kellner examines how corporate media ownership and concentration linked
with a rightward shift of establishment media have disadvantaged the Democrats and benefited George W Bush and the
Republicans Exploring the role of media spectacle in the 9/11 attacks and subsequent Terror War in Afghanistan and Iraq

Kellner documents the centrality of media politics in advancing foreign policy agendas and militarism Building on his analysis in *Media Spectacle* Routledge 2003 Kellner demonstrates in detail how conflicting political forces ranging from Al Qaeda to the Bush administration construct media spectacles to advance their politics Two chapters critically engage the role of the media in the buildup to the Iraq war and the media centric nature of Bush s Iraq invasion and occupation Final chapters delineate the role of the media in the highly contested and significant 2004 election campaign that many believe to be one of the key political struggles of the contemporary era Criticizing Bush s unilateralism Kellner argues for a multilateral and cosmopolitan globalization and the need for democratic media to help overcome the current crisis of democracy in the United States

Shadow Masters Daniel Estulin, 2010-02-01 This investigation examines how behind the scenes collaboration between governments intelligence services and drug traffickers has lined the pockets of big business and Western banks Beginning with a last minute request from ex governor Jesse Ventura the narrative winds between the author s own story of covering deep politics and the facts he has uncovered The ongoing campaign against Victor Bout the Merchant of Death is revealed as move countermove in a game of geopolitics set against the background of a crumbling Soviet Union a nascent Russia bizarre assassinations wars and smuggling [Drugs as Weapons Against Us](#) John L. Potash, 2015-05-25

[Drugs as Weapons Against Us](#) meticulously details how a group of opium trafficking families came to form an American oligarchy and eventually achieved global dominance This oligarchy helped fund the Nazi regime and then saved thousands of Nazis to work with the Central Intelligence Agency CIA operations such as MK Ultra pushed LSD and other drugs on leftist leaders and left leaning populations at home and abroad Evidence supports that this oligarchy further led the United States into its longest running wars in the ideal areas for opium crops while also massively funding wars in areas of coca plant abundance for cocaine production under the guise of a war on drugs that is actually the use of drugs as a war on us *Drugs as Weapons Against Us* tells how scores of undercover U S Intelligence agents used drugs in the targeting of leftist leaders from SDS to the Black Panthers Young Lords Latin Kings and the Occupy Movement It also tells how they particularly targeted leftist musicians including John Lennon Jimi Hendrix Kurt Cobain and Tupac Shakur to promote drugs while later murdering them when they started sobering up and taking on more leftist activism The book further uncovers the evidence that Intelligence agents dosed Paul Robeson with LSD gave Mick Jagger his first hit of acid hooked Janis Joplin on amphetamines as well as manipulating Elvis Presley Eminem the Wu Tang Clan and others **American War Machine** Peter Dale Scott, 2010-11-16

This provocative thoroughly researched book explores the covert aspects of U S foreign policy Prominent political analyst Peter Dale Scott marshals compelling evidence to expose the extensive growth of sanctioned but illicit violence in politics and state affairs especially when related to America s long standing involvement with the global drug traffic Beginning with Thailand in the 1950s Americans have become inured to the CIA s alliances with drug traffickers and their bankers to install and sustain right wing governments The pattern has repeated itself in Laos Vietnam Italy Mexico Thailand Nigeria Venezuela

Colombia Peru Chile Panama Honduras Turkey Pakistan and now Afghanistan to name only those countries dealt with in this book Scott shows that the relationship of U S intelligence operators and agencies to the global drug traffic and to other international criminal networks deserves greater attention in the debate over the U S presence in Afghanistan To date America s government and policies have done more to foster than to curtail the drug trade The so called war on terror and in particular the war in Afghanistan constitutes only the latest chapter in this disturbing story *Neck Deep* Robert

Parry, Samuel Parry, 2007 *Neck Deep* unravels what could become one of history s great mysteries how did someone as unfit as George W Bush come to lead the world s most powerful nation at the start of the 21st century and how did he get away with using the 9 11 tragedy to amass so much power **Assassinations** Andreas W. Mytze, 2008 **Echo of Islam** , 2010
