Brendon,2010-02-09 A WASHINGTON POST BOOK WORLD NOTABLE BOOK After the American Revolution the British Empire appeared to be doomed Yet it grew to become the greatest most diverse empire the world had seen Then within a generation the mighty structure collapsed a rapid demise that left an array of dependencies and a contested legacy at best a sporting spirit a legal code and a near universal language at worst failed states and internecine strife The Decline and Fall of the British Empire covers a vast canvas which Brendon fills with vivid particulars from brief lives to telling anecdotes to comic episodes to symbolic moments

The Man Who Built the Swordfish Adrian Smith,2018-04-30 Sir Richard Fairey was one of the great aviation innovators of the twentieth century His career as a plane maker stretched from the Edwardian period to the jet age he lived long enough to see one of his aircraft be the first to break the 1000mph barrier and at least one of his designs the Swordfish holds iconic status A qualified engineer party to the design development and construction of the Royal Navy s state of the art sea planes Sir Richard founded Fairey Aviation at the Admiralty s behest in 1915 His company survived post war retrenchment to become one of Britain s largest aircraft manufacturers The firm built a succession of front line aircraft for the RAF and the Fleet Air Arm including the iconic Swordfish In addition Fairey Aviation designed and built several cutting edge experimental aircraft including long distance record breakers between the wars and the stunningly beautiful Delta 2 which broke the world speed record on the eve of Sir Richard s death in 1956 Fairey also came to hold a privileged position in the British elite courting politicians and policymakers He became a figurehead of the British aviation industry and his successful running of the British Air Commission earned him a knighthood A key player at a pivotal moment Fairey s life tells us much about the exercise of power in early twentieth century Britain and provides an insight into the nature of the British aviation manufacturing industry at its wartime peak and on the cusp of its twilight years **Arab**

Bureau Bruce C. Westrate,2010-11-01 **Britain's Imperial Administrators, 1858-1966** A. Kirk-Greene,2000-02-24 Britain s famous overseas civil services the Colonial Administrative Service the Indian Civil Service and the Sudan Political Service no longer exist as a major and sought after career for Britain s graduates In this detailed study the history of each service is presented within the framework of the need to administer an expanding empire Close attention is paid to the methods of recruitment and training and to the socio educational background of the overseas administrators as well as to the nature of their work The prestigious incumbents of Government House are revealingly examined The impact of decolonisation on overseas officials and the kinds of second careers which they took up are documented This authoritative

narrative history is enlivened by recourse to Service lore and anecdotes **Redrawing the Middle East** Michael D. Berdine, 2018-03-30 The Sykes Picot Agreement was one of the defining moments in the history of the modern Middle East Yet its co creator Sir Mark Sykes had far more involvement in British Middle East strategy during World War I than the Agreement for which he is now most remembered Between 1915 and 1916 Sykes was Lord Kitchener's agent at home and abroad operating out of the War Office until the war secretary's death at sea in 1916 Following that from 1916 to 1919 he worked at the Imperial War Cabinet the War Cabinet Secretariat and finally as an advisor to the Foreign Office The full extent of Sykes's work and influence has previously not been told Moreover the general impression given of him is at variance with the facts Sykes led the negotiations with the Zionist leadership in the formulation of the Balfour Declaration which he helped to write and promoted their cause to achieve what he sought for a pro British post war Middle East peace settlement although he was not himself a Zionist Likewise despite claims he championed the Arab cause there is little proof of this other than general rhetoric mainly for public consumption On the contrary there is much evidence he routinely exhibited a complete lack of empathy with the Arabs In this book Michael Berdine examines the life of this impulsive and headstrong young British aristocrat who helped formulate many of Britain's policies in the Middle East that are responsible for much of the instability that has affected the region ever since *Veteran MPs and Conservative Politics in the Aftermath of the Great War* Richard Carr, 2016-03-03 Between 1918 and 1939 448 men who performed uniformed service in the First World War became Conservative MPs This relatively high profile cohort have been under explored as a distinct body yet a study of their experiences of the war and the ways in which they and the Conservative Party represented those experiences to the voting public reveals much about the political culture of Interwar Britain and the use of the Great War as political capital Radicalised ex servicemen have thus far been considered a rather continental phenomenon historiographically And whilst attitudes to Hitler and Mussolini form part of this analysis the study also explores why there were fewer such types in Britain The Conservative Party it will be shown played a crucial part in such a process with British politics serving as a contested space for survivors' interpretations of what the war should mean *Britain in Egypt* Jayne Gifford, 2019-12-12 Egypt under the British tends to be looked at now through a post Suez lens an inevitable disaster and the last puncturing of a doomed empire But in fact Egypt for many years was the cornerstone of British success across the Middle East and North Africa This image of empire was shattered after the First World War by the development of nationalism in Egypt the foundation and growth of the nationalist Wafd party led by Saad Zaghlul and the creation of the Muslim Brotherhood in 1928 Throughout this period Britain continued to control the Nile Valley under Field Marshal Allenby and then George Lloyd through a policy of deliberate containment of nationalism and a slow relinquishing of powers culminating in the Anglo Egypt Treaty of 1936 This book will be the first to study that process in the Nile Valley in any great detail and contains previously unpublished primary sources *Appeasement in Crisis* D. Gillard, 2007-09-12 After Munich the British Government

expressed readiness to defend what remained of Czechoslovakia Six months later Hitler ignored the warning and faced only verbal condemnation A fortnight later Chamberlain s Cabinet tried and failed to protect Poland by a similar guarantee Their deliberations show how and why they had so miscalculated

Cyprus in World War II Anastasia Yiangou, 2012-04-11

World War II marked a pivotal point in the history of Cyprus yet surprisingly this period of the island s history has been little studied to date Anastasia Yiangou here provides the first major study of the impact of World War II on the political development of Cyprus In doing so she traces shifting Cypriot attitudes to the war and the formation of a triangular conflict in the island between the Left Right and British colonial power She explains how the British and Cypriots fought a war alongside each other yet remained far apart in discussions on the future of the island Yiangou s original and compelling analysis highlights how the post 1945 landscape of Cypriot political struggles was shaped by forces set in motion during the war itself
