## **Lorenz On Film:**

Afterlives: Allegories of Film and Mortality in Early Weimar Germany Steve Choe, 2014-07-31 Weimar cultural critics and intellectuals have repeatedly linked the dynamic movement of the cinema to discourses of life and animation Correspondingly recent film historians and theorists have taken up these discourses to theorize the moving image both in analog and digital But many important issues are overlooked Combining close readings of individual films with detailed interpretations of philosophical texts all produced in Weimar Germany immediately following the Great War Afterlives: Allegories of Film and Mortality in Early Weimar Germany shows how these films teach viewers about living and dying within a modern mass mediated context Choe places relatively underanalyzed films such as F W Murnau's *The Haunted Castle* and Arthur Robison's *Warning Shadows* alongside Martin Heidegger's early seminars on phenomenology Sigmund Freud's *Reflections upon War and Death* and Max Scheler's critique of resentment It is the experience of war trauma that underpins these correspondences and Choe foregrounds life and death in the films by highlighting how they allegorize this opposition through the thematics of animation and stasis

**Girls Will Be Boys** Laura Horak, 2016-02-26 2016 Choice Outstanding Academic Title Finalist for 2016 Richard Wall Memorial Award by the Theatre Library Long listed for the 2017 Kraszna Krausz Best Photography Book Award from the Kraszna Krausz Foundation Marlene Dietrich Greta Garbo and Katharine Hepburn all made lasting impressions with the cinematic cross dressing they performed onscreen What few modern viewers realize however is that these seemingly daring performances of the 1930s actually came at the tail end of a long wave of gender bending films that included more than 400 movies featuring women dressed as men Laura Horak spent a decade scouring film archives worldwide looking at American films made between 1908 and 1934 and what she discovered could revolutionize our understanding of gender roles in the early twentieth century Questioning the assumption that cross dressing women were automatically viewed as transgressive she finds that these figures were popularly regarded as wholesome and regularly appeared onscreen in the 1910s thus lending greater respectability to the fledgling film industry Horak also explores how and why this perception of cross dressed women began to change in the 1920s and early 1930s examining how cinema played a pivotal part in the representation of lesbian identity *Girls Will Be Boys* excavates a rich history of gender bending film roles enabling readers to appreciate the wide array of masculinities that these actresses performed from sentimental boyhood to rugged virility to gentlemanly refinement Taking us on a guided tour through a treasure trove of vintage images *Girls Will Be Boys* helps us view the histories of gender sexuality and film through fresh eyes
