Bachata and Dominican Identity / La bachata y la identidad dominicana Julie A. Sellers,2014-10-02 Bachata a guitar based romantic music that debuted in Santo Domingo s urban shantytowns in the 1960s is today one of the hottest Latin genres Still fans and musicians have not forgotten the social stigma the genre carried for decades This book interweaves bachata s history and development with the socio political context of Dominican identity The author argues that its early disfavor resulted from the political climate of its origins and ties between class and race and proposes that its ultimate acceptance as a symbol of Dominican identity arose from its innovations the growth of the lower class and a devoted following among Dominican migrants La bachata una musica de guitarra que se estreno en los barrios populares de Santo Domingo en los anos 60 hoy es uno de los generos latinos mas populares No obstante sus aficionados y sus exponentes recuerdan el estigma social asociado que conllevo por decadas Este libro entreteje la historia y el desarrollo de la bachata con el contexto socio politico de la identidad dominicana La autora plantea que su desaprobacion temprana resulto del clima politico en que nacio y los vinculos entre raza y clase social Propone que su aceptacion final como simbolo de identidad dominicana surge de sus innovaciones el crecimiento de la clase baja y sus seguidores leales entre los migrantes dominicanos
