Sunset ,1921 *Runner's World Essential Guides: Barefoot Running and Minimalism* Scott Douglas,Editors of Runner's World Maga,2011-10-20 The basic rationale for running barefoot or in minimalist models goes something like this Humans evolved to cover long distances by foot By introducing a thick layer of cushioning and an elevated heel between the foot and the ground modern running shoes alter natural running form But modern running shoes alter form in ways that lead to injury Therefore getting back to a more natural running gait by running in little to no shoe will lead to improved form which should lower injury rates A key reason to run barefoot or in minimalist shoes is to allow your feet to work more naturally free from the confines and controls of overly engineered running shoes Unfortunately too many runners eager to run more naturally have gone too far too fast from one extreme to the other The realities of modern life have weakened our feet ankles and lower legs and our bodies have adapted to the shoes we have worn for most of our lives if we suddenly start running in little to no shoe our bodies are not prepared for the new stresses Runner s World Essential Guides Barefoot Running and Minimalism provides historical context thoughts advice and tips on making a healthy transition The foremost authorities on running on the planet show you how to ease into a transition from conventional running shoes to barefoot running or minimalist shoes starting with some simple at home tests to see if your feet already have the strength they need to handle

little to no shoe You ll learn a step by step process for safely moving away from doing all your running in big bulky shoes including guidelines on how to introduce barefoot running into your regimen Whether you want to learn more about the barefoot craze that s swept the nation or you want to introduce barefoot running into your training plan this indispensable guide contains everything you need to get started [Running the Race](#) Brian Steel Wills,2022-09-27 From Moses and Michelangelo to Andrew Jackson and Thomas Jefferson Wills provides a compelling treatment of Heston s long and successful career Gary W Gallagher author of The Confederate War Brian Steel Wills captures for the first time a comprehensive view of Charlton Heston s climb to fame his search for the perfect performance and the meaningful roles he played in support of the causes he embraced in Running the Race The Public Face of Charlton Heston The actor was born and raised in the Michigan woodlands and suburbs of Chicago where he found his love of acting in the books he read and the movies he saw After the Second World War interrupted his journey when he served his country the lights of New York City and Broadway beckoned Live television offered an important platform but Hollywood and feature films were his destiny His roles were as varied as they were powerful and included stints as Moses Ben Hur El Cid Michelangelo Mike Vargas and Charles Chinese Gordon under legendary directors like Cecil B DeMille William Wyler Franklin Schaffner and Orson Welles He shifted to science fiction in Planet of the Apes and Soylent Green a wide range of action and disaster films and more nuanced roles such as Will Penny Over his decades of performance Heston defined and redefined his public face in a constant quest for an audience for his work He undertook wide ranging public service roles for the government the arts and other causes In Running the Race award winning historian Brian Steel Wills digs deep to paint a rich portrait of Heston s extraordinary life a mix of complications and complexities that touched film television theater politics and society [Endurance Sports Medicine](#) Timothy L. Miller,2023-05-17 Providing a fresh update of this continuously evolving branch of sports medicine this comprehensive yet practical guide focuses specifically on the treatment of athletes who train for and participate in endurance sporting events including not only traditional endurance athletes such as runners swimmers bikers and triathletes but also rowers adventure racers military personnel and cross fit athletes Detailing strategies for not only treating and preventing injuries and conditions but also for optimizing an athlete s performance this book is divided into three thematic sections The first section covers common medical conditions faced by the endurance athlete including cardiovascular conditions asthma and heat and altitude related illnesses while also discussing gender differences pregnancy and the pediatric and masters endurance athlete Section two focuses on the management of common musculoskeletal conditions such as stress fractures overuse injuries of the soft tissue shoulder and hip injuries and exercise and osteoarthritis this section now includes discussion of the use of cutting edge orthobiologics The last section presents performance optimization and event coverage including gait and swim stroke analysis bike fitting resistance training mental preparation optimizing nutrition and how to organize medical coverage for events as well as decision making for return to play Completely updated

Program ,1994 **Running the Numbers: A Practical Guide to Regional Economic and Social Analysis: 2014** John Quinterno,2014-12-18 Through use of practical examples and a plainspoken narrative style that minimises the use of maths this book demystifies data concepts sources and methods for public service professionals interested in understanding economic and social issues at the regional level By blending elements of a general interest book a textbook and a reference book it equips civic leaders public administrators urban planners nonprofit executives philanthropists journalists and graduate students in various public affairs disciplines to wield social and economic data for the benefit of their communities While numerous books about quantitative research exist few focus specifically on the public sector Running the Numbers in contrast explores a wide array of topics of regional importance including economic output demographics business structure labour markets and income among many others To that end the book stresses practical applications minimises the use of maths and employs extended chapter length examples that demonstrate how analytical tools can illuminate the social and economic workings of actual American regions *The 1929 Bunion Derby* Charles B. Kastner,2014-03-31 On March 31 1929

seventy seven men began an epic 3 554 mile footrace across America that pushed their bodies to the breaking point Nicknamed the Bunion Derby by the press this was the second and last of two trans America footraces held in the late 1920s The men averaged forty six gut busting miles a day during seventy eight days of nonstop racing that took them from New York City to Los Angeles Among this group two brilliant runners Johnny Salo of Passaic New Jersey and Pete Gavuzzi of England emerged to battle for the 25 000 first prize along the mostly unpaved roads of 1929 America with each man pushing the other to go faster as the lead switched back and forth between them To pay the prize money race director Charley Pyle cobbled together a traveling vaudeville company complete with dancing debutantes an all girl band wearing pilot outfits and blackface comedians all housed under the massive show tent that Pyle hoped would pack in audiences Kastner s engrossing account often told from the perspective of the participants evokes the remarkable physical challenge the runners experienced and clearly bolsters the argument that the last Bunion Derby was the greatest long distance footrace of all time
