Weight-Loss Apocalypse Robin Phipps Woodall, 2011-11-08 This book was written to start a new conversation about how Dr Simeons protocol has relevance not only as a hormonal therapy but as a means to end our national eating disorder Instead of continuing to apply the protocol as a short term diet it should be discussed as a real solution a tool to end irrational eating for emotional fulfillment This country is dealing with a crisis an addiction to eating emotionally and the obvious result is the overwhelming increase in obesity Think about the number of people in our culture who eat without hunger When you observe our nation's behavior with food it's very clear that fat isn't what we should be obsessed about and weight shouldn't be the target of the problem We need a genuine desire to eat less one that isn't dependent on weight loss as a reward This requires each of us to be accountable for our own emotions and find happiness in

life not centrally stimulated by food Finally a book that credibly answers the questions every doctor patient and skeptic needs to know about the hCG protocol Dr Heidi Anderson Doctor of Osteopathic Medicine I ve been prescribing hCG for weight loss for over four years and nothing I ve read comes close to having this level of expertise Without question this is the most informative and enlightening book about Dr Simeons hCG protocol available Dr Ed Hagen OB GYN Robin s approach to the hCG protocol is ingenious Using the protocol as a way to heal the mind and body as an emotional and physical therapy is exactly what this country needs Becky Crowther Registered Dietitian Life Coach **Natural Solutions to Menopause**
