**Jiyuan Zhang**

## **Lost Beliefs Of Northern Europe:**

The Lost Beliefs of Northern Europe Dr Hilda Ellis Davidson, Hilda Ellis Davidson, 2002-11 The author illustrates how pagan beliefs have been represented and misinterpreted by the Christian tradition and throws light on the nature of pre-Christian beliefs and how they have been preserved

**The Lost Beliefs of Northern Europe** Hilda Roderick Ellis Davidson, 1993

The Lost Beliefs of Northern Europe Hilda Roderick Ellis Davidson, 1993

**MYTHS AND LEGENDS OF THE NORSE** HENRY ROMANO, 2021-03-06 Once there was another Sun and another Moon a different Sun and a different Moon from the ones we see now Sol was the name of that Sun and Mani was the name of that Moon Nevertheless always behind Sol and Mani wolves went a wolf behind each The wolves caught on them at last and they devoured Sol and Mani And then the world was in darkness and cold In those times the Gods lived Odin and Thor H dur and Baldur Tyr and Heimdall Vidar and Vali and Loki the doer of a good doer of evil Moreover the beautiful Goddesses lived then Frigga Freya Nanna Iduna and Sif Nevertheless in the days when the Sun and Moon were destroyed the Gods were destroyed too all the Gods except Baldur who had died before that time Vidar and Vali the sons of Odin and Modi and Magni the sons of Thor At that time too there were men and women in the world However before the Sun and the Moon were devoured and before the Gods were destroyed terrible things happened in the world Snow fell on the four corners of the earth and kept on falling for three seasons Winds came and blew everything away Moreover the people of the world who had lived on despite the snow and the cold and the winds fought each other brother killing brother until all the people were destroyed

**Norse Goddess Magic** Alice Karlsdóttir, 2015-04-23 A practical guide to the magic of the feminine side of the Norse pantheon Provides invocations and rituals to call each goddess forth for personal and group spirit work Details the author's trancework to discover the personalities and powers of Frigg the Allmother wife of Odin and the 12 lesser known Aesir goddesses associated with her Offers a comprehensive guide to tranceworking to connect with the deities Combining traditional research on folklore and the Eddas with trancework and meditation techniques Alice Karlsdóttir was able to rediscover the feminine side of the Norse pantheon and assemble working knowledge of 13 Norse goddesses for both group ritual and personal spirit work Detailing her trancework journeys to connect with the goddesses the author reveals the long lost personalities and powers of each deity She explores the Norse goddess Frigg the Allmother wife of Odin along with the 12 Asynjur or Aesir goddesses associated with her such as Sjöfn the peacemaker Eir the Healer and Vor the Wisewoman She shares their appearances in the Eddas and Germanic mythology and explains the meanings of their names their relationships to each other and their connections to the roles of women in Old Norse society She provides detailed instructions for invocations and rituals to call each goddess forth for personal and group spirit work She also offers a comprehensive guide to ritual tranceworking to allow anyone to directly experience deities and spiritual beings and develop spirit work relationships with them

**The to Z of Sweden** Irene Scobbie, 2010-05-11 The A to Z of Sweden relates the history of Sweden through a chronology a list of

acronyms and abbreviations an introductory essay a bibliography appendixes and hundreds of cross referenced dictionary entries on significant persons events and institutions this dictionary      *Historical Dictionary of Sweden* Elisabeth Elgán,Irene Scobbie,2015-09-17 Sweden's transformation in the last century was brought about not by the military prowess of exceptional Swedes indeed neutrality has been a key element in Swedish policy for almost two centuries but by the creative ability of its people Sweden has emerged as a model welfare state and a well ordered democracy to which economists sociologists feminists architects and scientists from sophisticated nations have paid study visits Sweden now depends on international trade to preserve its high standard of living and in a world of harsh international competition often has to struggle to maintain its welfare system and its reputation Despite its present difficulties however it remains one of the world's most advanced and affluent democracies This third edition of *Historical Dictionary of Sweden* contains a chronology an introduction appendixes an extensive bibliography and a dictionary section with more than 300 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Sweden      **Interfaces Between Language and Culture in Medieval England** Alaric Hall,2010-01-01 The twelve articles in this volume promote the growing contacts between medieval linguistics and medieval cultural studies generally Articles address medieval English linguistics and the interrelation in Anglo Saxon England between Latin and vernacular language and culture      **Norse Revival** Stefanie von Schnurbein,2016-01-12 *Norse Revival* offers a thorough investigation of Germanic Neopaganism Asatru through an international and comprehensive historical perspective It traces Germanic Neopaganism's genesis in German ultra nationalist and occultist movements around 1900 Based on ethnographic research of contemporary groups in Germany Scandinavia and North America the book examines this alternative Neopagan religion's transformations towards respectability and mainstream thought after the 1970s It asks which regressive and progressive elements of a National Romantic discourse on Norse myth have shaped Germanic Neopaganism It demonstrates how these ambiguous ideas about Nordic myth permeate general discourses on race religion gender sexuality and aesthetics Ultimately *Norse Revival* raises the question whether Norse mythology can be freed from its reactionary ideological baggage      **An Ecofeminist Perspective on Ash Wednesday and Lent** Sylvia A. Sweeney,2010 *An Ecofeminist Perspective on Ash Wednesday and Lent* develops a conversation between classical historical Lenten practices and contemporary Christian ecofeminism Building on David Tracy's definition of a religious classic it includes a historical examination of the development of Lent and the Ash Wednesday rites beginning from wellsprings in the early church traditions of penance catechumenal preparation and asceticism through medieval and reformation expressions of the rite to their twentieth century Episcopal iteration in the 1979 Book of Common Prayer In the discussion of ecofeminism women's death experiences and current ecofeminist writings are used to develop an ecofeminist hermeneutic of mortality      **The Anthropology of Magic** Susan Greenwood,2020-05-28

Magic is arguably the least understood subject in anthropology today Exotic and fascinating it offers us a glimpse into another world but it also threatens to undermine the foundations of anthropology due to its supposed irrational and non scientific nature Magic has thus often been explained away by social or psychological reduction The Anthropology of Magic redresses the balance and brings magic as an aspect of consciousness into focus through the use of classic texts and cutting edge research Suitable for student and scholar alike The Anthropology of Magic updates a classical anthropological debate concerning the nature of human experience A key theme is that human beings everywhere have the potential for magical consciousness Taking a new approach to some perennial topics in anthropology such as shamanism mythology witchcraft and healing the book raises crucial theoretical and methodological issues to provide the reader with an engaging and critical understanding of the dynamics of magic Join the live discussion on Facebook

*Healing Symbols in Psychotherapy* Erik D. Goodwyn, 2016-03-02 Ritual scholars note that rituals have powerful psychological social and even biological effects but these findings have not yet been integrated into the practice of psychotherapy and psychiatry In *Healing Symbols in Psychotherapy* Erik D Goodwyn attempts to rectify this by reviewing the most pertinent work done in the area of ritual study and applying it to the practice of psychotherapy and psychiatry providing a new framework with which to approach therapy The book combines ritual study with depth psychology placebo study biogenetic structuralism and cognitive anthropology to create a model of interdisciplinary psychology Goodwyn uses examples of rituals from history folklore and cross cultural study and uncovers the universal themes embedded within them as well as their psychological functions As ritual scholars show time and again how Western culture and medicine is ritually impoverished the application of ritual themes to therapy yields many new avenues for healing The interdisciplinary model used here suggests new ways to approach problems with basic identity complicated grief anxiety depression meaninglessness and a host of other problems encountered in clinical work The interdisciplinary approach of this accessibly written book will appeal to psychotherapists psychiatrists and Jungian analysts as well as those in training and readers with an interest in the science behind ritual

*The Concept of the Goddess* Sandra Billington, Miranda Green, 2002-09-11 This volume is an up to date highly readable study of the female aspects of religion both in past and present mythologies It explores the function and nature of goddesses and their cults in many cultures

*Forgotten Worlds* Patrick Chouinard, 2012-05-29 An examination of the mythological historical and archaeological evidence for lost civilizations throughout the world Explores unexplained mysteries such as the Caucasian mummies of China the pyramids of Caral in Peru and the genetically unique X woman of Siberia Examines evidence of lost ancient civilizations in Asia Europe and the Americas including extensive investigation into Atlantis Shows that Siberia and the Amazon may have been cradles of humanity before Africa Over and over again mainstream views of early history which state that the first civilizations arose around 3500 BCE are plagued by evidence of much older civilizations evidence ranging from artifacts and inexplicable remains to pyramids and ubiquitous myths that clearly speak of great empires prior to the rise of the Sumerian

city states and pharaonic Egypt Viewing Atlantis and its many related myths as a metaphor for a long lost global civilization Patrick Chouinard explores the mythological cultural religious and archaeological evidence for many forgotten civilizations in Europe Asia and the Americas He addresses unexplained mysteries from around the world such as Caucasian mummies found in China the pyramids of Caral in Peru the hobbit remains on Flores Island the giant heads of Easter Island the lost legacy of Lemuria the ideology and occult mysticism behind Nazi theory and the genetically unique X woman of Siberia He also examines evidence of ancient alien visits and other supernatural phenomena in the distant past Using recent archaeological findings he shows that Siberia and the Amazon may have been cradles of humanity millennia before Africa Sounding the call to continue searching ancient remote and formerly forbidden regions for lost cultures and genetic root races Chouinard offers a new chronology for the emergence of human life and civilization as well as a new mechanism for how and why societies and species change over time By finding lost peoples and their forgotten worlds we can truly begin to understand the human race and learn from its long history      Dictionary of Norse Myth & Legend Andrew Orchard,2022-11-10 From Loki to Thor Ragnarok to Beowulf A gripping and truly mesmerising delve into the Norse legends From bestselling books to blockbusting Hollywood movies the myths of the Scandinavian gods and heroes are part of the modern day landscape For over a millennium before the arrival of Christianity the legends permeated everyday life in Iceland and the northern reaches of Europe Since that time they have been perpetuated in literature and the arts in forms as diverse as Tolkien and Wagner graphic novels to the world of Marvel This book covers the entire cast of supernatural beings from gods to trolls heroes to monsters and deals with the social and historical background to the myths topics such as burial rites sacrificial practices and runes      **The Sacred Tree** Carole M. Cusack,2011-05-25 The fundamental nature of the tree as a symbol for many communities reflects the historical reality that human beings have always interacted with and depended upon trees for their survival Trees provided one of the earliest forms of shelter along with caves and the bounty of trees nuts fruits and berries gave sustenance to gatherer hunter populations This study has concentrated on the tree as sacred and significant for a particular group of societies living in the ancient and medieval eras in the geographical confines of Europe and sharing a common Indo European inheritance but sacred trees are found throughout the world in vastly different cultures and historical periods Sacred trees feature in the religious frameworks of the Ghanaian Akan Arctic Altaic shamanic communities and in China and Japan The power of the sacred tree as a symbol is derived from the fact that trees function as homologues of both human beings and of the cosmos This study concentrates the tree as axis mundi hub or centre of the world and the tree as imago mundi picture of the world The Greeks and Romans in the ancient world and the Irish Anglo Saxons continental Germans and Scandinavians in the medieval world all understood the power of the tree and its derivative the pillar as markers of the centre Sacred trees and pillars dotted their landscapes and the territory around them derived its meaning from their presence Unfamiliar or even hostile lands could be tamed and made meaningful by the erection of a

monument that replicated the sacred centre. Such monuments also linked with boundaries and by extension with law and order, custom and tradition. The sacred tree and pillar as centre symbolized the stability of the cosmos and of society. When the Pagan peoples of Europe adopted Christianity, the sacred trees and pillars, visible signs of the presence of the gods in the landscape, were popular targets for axe-wielding saints and missionaries who desired to force the conversion of the landscape as well as the people. Yet Christianity had its own tree monument, the cross, on which Jesus Christ was crucified and which came to signify resurrected life and the conquest of eternal death for the devout. As European Pagans were converted to Christianity, their tree and pillar monuments were changed into Christian forms: the great standing crosses of Anglo-Saxon northern England played many of the same roles as Pagan sacred trees and pillars. Irish and Anglo-Saxons Christians often combined the image of the Tree of Life from the Garden of Eden with Christ on the cross to produce a Christian version of the tree as *imago mundi*.

**Iron Age Myth and Materiality** Lotte Hedeager, 2011-04-29. *Iron Age Myth and Materiality* an Archaeology of Scandinavia AD 400-1000 considers the relationship between myth and materiality in Scandinavia from the beginning of the post-Roman era and the European Migrations up until the coming of Christianity. It pursues an interdisciplinary interpretation of text and material culture and examines how the documentation of an oral past relates to its material embodiment. While the material evidence is from the Iron Age, most Old Norse texts were written down in the thirteenth century or even later. With a time lag of 300 to 900 years from the archaeological evidence, the textual material has until recently been ruled out as a usable source for any study of the pagan past. However, Hedeager argues that this is true regarding any study of a society's short-term history, but it should not be the crucial requirement for defining the sources relevant for studying long-term structures of the *longue durée* or their potential contributions to a theoretical understanding of cultural changes and transformation. In Iron Age Scandinavia, we are dealing with persistent and slowly changing structures of worldviews and ideologies over a wavelength of nearly a millennium. Furthermore, iconography can often date the arrival of new mythical themes, anchoring written narratives in a much older archaeological context. Old Norse myths are explored with particular attention to one of the central mythical narratives of the Old Norse canon, the mythic cycle of Odin, king of the Norse pantheon. In addition, contemporaneous historical sources from late Antiquity and the early European Middle Ages, the narratives of Jordanes, Gregory of Tours, and Paul the Deacon, in particular, will be explored. No other study provides such a broad-ranging and authoritative study of the relationship of myth to the archaeology of Scandinavia.

**From Roman Provinces to Medieval Kingdoms** Thomas F.X. Noble, 2006-04-07. This prestigious collection of essays by leading scholars provides a thorough reassessment of the medieval era, which questions how, when, and why the Middle Ages began and how abruptly the shift from the Roman Empire to Barbarian Europe happened. Presenting the most current work, including newly available material such as translations of French and German essays, *From Roman Provinces to Medieval Kingdoms* gathers the key thinkers in the field together in one easy-to-use volume. Examining a wealth of material on the origins of the

Barbarian people and their tribes Thomas F X Noble studies the characteristics of the tribes and debates whether they were blood tied clans or units bound by social political and economic objectives Highly readable and student friendly From Roman Provinces to Medieval Kingdoms includes a general introduction clear prologues to each section and makes the key debates of the subject accessible to students

**The End of the World in Scandinavian Mythology** Anders Hultgård, 2022-09-19

The End of the World in Scandinavian Mythology is a detailed study of the Scandinavian myth on the end of the world the Ragnar k and its comparative background The Old Norse texts on Ragnar k in the first place the Prophecy of the Seeress and the Prose Edda of the Icelander Snorri Sturluson are well known and much discussed However Anders Hultgård suggests that it is worthwhile to reconsider the Ragnar k myth and shed new light on it using new comparative evidence and presenting texts in translation that otherwise are available only to specialists The intricate question of Christian influence on Ragnar k is addressed in detail with the author arriving at the conclusion of an independent pre Christian myth with the closest analogies in ancient Iran People in modern society are concerned with the future of our world and we can see these same fears and hopes expressed in many ancient religions transformed into myths of the future including both cosmic destruction and cosmic renewal The Ragnar k myth can be said to be the classical instance of such myths making it more relevant today than ever before

**Shamanism** Graham Harvey, 2003 This is an essential tribute to the vitality and breadth of shamanic tradition both amongst the most distant tribes of America and Asia and within seemingly ordinary aspects of modern western culture
