When Hitler Took Cocaine and Lenin Lost His Brain Giles Milton,2016-01-05 Obscure and addictive true tales from history told by one of our most entertaining historians Giles Milton The first installment in Giles Milton s

outrageously entertaining series History's Unknown Chapters colorful and accessible intelligent and illuminating Milton shows his customary historical flair as he delves into the little known stories from the past There's the cook aboard the Titanic who pickled himself with whiskey and survived in the icy seas where most everyone else died There's the man who survived the atomic bomb in both Hiroshima and Nagasaki And there's many many more Covering everything from adventure war murder and slavery to espionage including the stories of the female Robinson Crusoe Hitler's final hours Japan's deadly balloon bomb and the emperor of the United States these tales deserve to be told Glorious Failures Mountaineers Books (Firm),2001 *Glorious Failures* Volume 1 is an engaging collection of the most famous and infamous almost summits Each of these early attempts often rival the first successful ascent in fame and notoriety The story of the 1956 American expedition to K2 which came tantalizingly close to the summit only to be forced back by illness and weather is told in fascinating detail by Jim Curran **Fallen Giants** Maurice Isserman, Stewart Angus Weaver, Dee Molenaar,2010-01-01 In the first comprehensive history of Himalayan mountaineering in 50 years the authors offer detailed original accounts of the most significant climbs since the 1890s and they compellingly evoke the social and cultural worlds that gave rise to those expeditions *Life on an Everest Expedition* Patricia D. Netzley,2001 Describes requirements and preparations necessary to climb Mount Everest and what life is like during the climb *The Abominable* Dan Simmons,2013-10-22 A thrilling tale of high altitude death and survival set on the snowy summits of Mount Everest from the bestselling author of *The Terror* It's 1924 and the race to summit the world's highest mountain has been brought to a terrified pause by the shocking disappearance of George Mallory and Sandy Irvine high on the shoulder of Mt Everest By the following year three climbers a British poet and veteran of the Great War a young French Chamonix guide and an idealistic young American find a way to take their shot at the top They arrange funding from the grieving Lady Bromley whose son also disappeared on Mt Everest in 1924 Young Bromley must be dead but his mother refuses to believe it and pays the trio to bring him home Deep in Tibet and high on Everest the three climbers joined by the missing boy's female cousin find themselves being pursued through the night by someone or something This nightmare becomes a matter of life and death at 28 000 feet but what is pursuing them And what is the truth behind the 1924 disappearances on Everest As they fight their way to the top of the world the friends uncover a secret far more abominable than any mythical creature could ever be A pulse pounding story of adventure and suspense *The Abominable* is Dan Simmons at his spine chilling best **False Summit** Julie Rak,2021-04-14 The race to climb Everest catapulted mountain climbing with its accompanying images of conquest and sport into the public sphere on a global scale But as a metaphor for the pinnacle of human achievement mountaineering remains the preserve of traditional white male heroism *False Summit* unpacks gender politics in the expedition narratives and memoirs of mountaineers in the Himalayas and the Karakoram Why are women still a minority in the world's highest places Julie Rak proposes that the genre has itself reached a false summit a peak that proves not to be the pinnacle and that mountaineering is not ready to welcome other

ways of climbing or other kinds of climbers For more than two centuries mountaineering as an activity and as an ideal has helped shape how the self is understood within the context of conquest adventure and proximity to risk As climbing shows signs of becoming more diverse Rak asks why change is so hard to achieve and why gender bias and other inequities exist in climbing at all Exploring classic and lesser known expedition accounts from Everest K2 and Annapurna False Summit helps us understand why mountaineering remains one of the most important ways to articulate gender identities and politics
