his roots in the Weimar cinema's tradition. It reveals how Schlöndorff entered into the German film production system in the 1960s, how he came to rely on German public television in the 1970s and then moved to the international and American financing in the 1980s, attempting to redevelop the Babelsberg studios in a 1990s post-Wall Germany while continuing to make his own films into the 21st century. The book captures how Schlöndorff's nearly half-century of ongoing creativity and productivity ties together. The authors analyze the artistry of each Schlöndorff movie, arguing that his output as a whole embodies a provocative and sometimes contradictory set of balances. Schlöndorff combines commercial interest with significant artistic ambition, blends the kinesthetic pleasures of moving images with the seriousness of fine literature, links the intensity of individualized personal experience to an awareness of broader political issues and represents a specifically German sensibility even as he reaches out to the international audiences. The authors demonstrate the cyclical recurrence in his cinema of certain themes: individual and collective rebellion, fascist suppression, masochistic love, narrative patterns, the Western, the thriller, the subjective mood piece, and stylistic approaches. Brechtian *Verfremdung*, the creation of careful leitmotif, structures the use of the grotesque. In over thirty years of filmmaking, Schlöndorff has produced a remarkable unified body of work that deserves the attention of a book-length study. Authors: Hans Bernhard Moeller and George Lellis. Offer the first such study of its kind. Volker Schlöndorff's Cinema: Adaptation, Politics, and the Movie. Appropriate features forty-one illustrations.

Screening the Red Army Faction Christina Gerhardt, 2018-07-12 *Screening the Red Army Faction: Historical and Cultural Memory* explores representations of the Red Army Faction (RAF) in print, media, film, and art, locating an analysis of these texts in the historical and political context of unfolding events. In this way, the book contributes both a new history and a new cultural history of post-fascist era West Germany that grapples with the fledgling republic's most pivotal debates about the nature of democracy and authority, about violence, its motivations, and regulation, and about its cultural afterlife. Looking back at the history of representations of the RAF in various media, this book considers how our understanding of the Cold War era, of the long sixties, and of the RAF is created and re-created through cultural texts.
