Night Shyamalan David O. Russell James Van Der Beek Kirsten Dunst the Blair Witch kids the Office Space dudes the guy who played Jar Jar Binks and dozens more It's the complete portrait of what it was like to spend a year inside a movie theater at the best possible moment in time Chuck Klosterman *The Lost Woods* H. William Rice, 2014-04-21 A collection that follows the lives of two families who own land and hunt in rural South Carolina The Lost Woods is a collection of fifteen short stories most of them set in and around the fictional small town of Sledge South Carolina The events narrated in the stories begin in the 1930s and continue to the present day The stories aren't accounts of hunting methods or legends of trophy kills they are serious stories about hunting that are similar in style to William Faulkner's Go Down Moses The collection traces the evolution of two families the Whites and the Chapmans as well as the changes in hunting and land use of the past eighty years Some of these stories are narrated in third person others are told by a wide range of characters from grown men and women to children but only from one perspective that of the hunter As they walk the woods in search of turkeys deer or raccoons these characters seek something more than food They seek a lost connection to some part of themselves The title the lost woods is adapted from Cherokee myths and stories wherein people must return again and again to the woods to find animals that were lost Thereby we find not only food but who we are Through these stories Rice reminds us that hunting is inextricably entwined with identity As one of the oldest rituals that we as a species know it reflects both our nobility and our depravity Through it we return again and again to find the lost woods inside ourselves **The Spark of Fear** Brian N. Has Hollywood Lost Its Mind? Chris Hicks,2013-05-01 The wire thin line that separates movies rated PG and R has been crossed over so many times in both directions that industry observers are questioning whether the rating system carries any validity at all As a movie reviewer for more than thirty years and as a watchful caretaker parent author Chris Hicks learned pretty quickly that Hollywood movers and shakers like to push the envelope as they put it and it doesn t seem to matter whether it s a children s film or an adult movie It s not just R rated movies that are troubling PG 13s and even PGs can also be problematic And sometimes worse than problematic Simply put relying on the Motion Picture Association of America to make choices for you or your children is a mistake Breaking down the history of the film rating system and exploring today s

ratings confusion and quagmire Hicks provides valuable information to help parents know how to interpret and what to expect from today's movies
