Dietmar W. Winkler, Li Tang, 2009 East Syriac Christianity spread outside the Roman Empire as a result of the missions carried out by the Church of the East formerly known as Nestorian Church This volume contains the most recent cutting edge research on this very Church in China and Central Asia World renowned scholars from universities and institutions in China India Europe and North America contributed to the study of this fascinating chapter of the history of Christianity They come from various disciplines such as Religious and Ecclesiastical History Philology Sinology Syrology Archeology Theology and Central Asiatic Studies Creatures of the Same God Andrew Linzey, 2009 I don't know why you're spending all your time on this They're only animals for heaven's sake That was the reaction of one of Andrew Linzey's fellow students at King's College London when he was studying theology in the 1970s Since then the now Rev Dr Andrew Linzey has been arguing that animals aren't only anything but rather that they matter to God and should do so to us In this collection of essays Linzey counters with his customary wit erudition and insight some contemporary and perhaps surprising challenges to animal rights from ecotheologians the Church and politicians He contends that far from the sometimes shallow judgments of those who think animals unworthy of theological consideration the Christian tradition has a wellspring of sources and resources available to taking animals seriously Instead of being marginal to the Christian experience Linzey concludes animals can take their rightful place alongside human beings as creatures of the same God There is a long forgotten spiritual tradition that two children both named Jesus were born in Bethlehem to two sets of parents named Joseph and Mary This tradition is supported by the different accounts of the nativity and life of Jesus Christ in the gospels of Matthew and Luke Although the Church chose to ignore this tradition something of it survived in early Christian art and symbolism The full tradition was preserved only in the literature of esoteric sects such as Gnosticism which remained outside the official teachings of institutionalized Christianity
