**Momfluenced** Sara Petersen, 2023-04-25 How momfluencer culture impacts women psychologically as consumers as performers of their stories and as mothers On Instagram the private work of mothering is turned into a public performance generating billions of dollars

The message is simple we're all just a couple of clicks away from a better more beautiful experience of motherhood. Linen clad momfluencers hawking essential oils parenting manuals baby slings and sponsored content for Away suitcases make us want to forget that the reality of mothering in America is an isolating exhausting almost wholly unsupported endeavor. In a culture which denies mothers basic human rights it feels good to click purchase now on whatever a momfluencer might be selling. It feels good to hope Momfluencers are just like us except they aren't. They are mothers yes. They are also marketing strategists content creators lighting experts advertising executives and artists. They are businesswomen. The most successful momfluencers offer content that differs very little from what we used to find in glossy women's magazines like Glamour and Real Simple only they're churning it out daily and that content is their lives. We flock to momfluencers to learn about fashion wellness parenting politics and to find Brooklyn designed crib sheets printed with radishes. Chances are if you're a mother reading this and maybe even if you're not you are an arm's length away from something you've purchased because a momfluencer made it look good. Drawing on her own fraught relationship to momfluencer culture Sara Petersen incorporates pop culture analysis and interviews with prominent momfluencers and experts psychologists academics technologists to explore the glorification of the ideal mama online with both humor and empathy. At home on a bookshelf with Lyz Lenz's *Belabored* and Jia Tolentino's *Trick Mirror* Momfluenced argues that momfluencers don't simply sell mothers on the benefits of bamboo diapers they sell us the dream of motherhood itself a dream tangled up in whiteness capitalism and the heteronormative nuclear family. Momfluenced considers what it means to define motherhood for ourselves when society is determined to define motherhood for us.

**Be the Mom** Tracey Lanter Eyster, 2012-11-30 The role of mom is often described as the most important job in the world. Rightly so for so much is at stake during children's early years and moms are central in shaping character and personhood. However when the going gets tough the endless diapers the continual messes the endless conflict resolution the complete lack of personal time etc moms are often tempted to quit their mom job. While few would endorse an outright abandonment of motherhood others may recommend that a woman treat her role as secondary to personal desires in order to combat feelings of discouragement and/or unfulfillment. The enemy has laid intentional traps cleverly designed to discourage and redirect a woman towards self rather than family. Moms need to know how to recognize these traps and avoid them. *Be the Mom: Overcome Attitude Traps and Enjoy Your Kids* explores and validates the life of a mom who makes her family a priority and introduces the reader to seven Mom Traps that may be preventing them from a full joy-filled life.
