My Life Among Children:

My Life Among Children Jean Melville Brown,1996 **My Life Among Westerners** Agnes Walder,2004 Agnes Walder s long poem is a comment on Western society from a member of another tribe the tribe of mothers who have children with disabilities The social conditions alluded to in this poem depict the period between the 1970s and 1990s when children with disabilities were segregated It is a passionate critique of Western philosophical attitudes whereby the ideal is associated with perfection **My Life Among the Indians** George Catlin,2017-11-27 George Catlin was a fascinating figure of the nineteenth century an artist explorer who ventured deep into the wilds of the newly discovered Americas to paint the rapidly vanishing indigenous populations their leaders warriors medicine men and scenes from their modes of life Many of the unique gifts Catlin received over the years from these remote peoples formed the basis for a vast important collection which Catlin loaned to the world s biggest museums together with his portraits This new edition of My Life Among the Indians includes many examples of Catlin s artwork from this period *My Life Among the Deathworks* Philip Rieff,2006 Rieff articulates a comprehensive typological theory of Western culture Using visual illustrations he contrasts the changing modes of spiritual and social thought that have struggled for dominance throughout Western history My Life Among the Serial Killers Helen Morrison,Harold Goldberg,2009-10-13 In this memoir a forensic psychiatrist chronicles her work with more than 80 serial killers and her thoughts on what compels them Judging by appearances Dr Helen Morrison has an ordinary life in the suburbs of a major city She has a physician husband two children and a thriving psychiatric clinic But her life is more than that She is one of the world s leading experts on serial killers and has spent as many as four hundred hours alone in rooms with depraved murderers digging deep into killers psyches in ways no profiler ever has before In My Life among the Serial Killers Dr Morrison relates how she profiled the Mad Biter Richard Otto Macek who chewed on his victims body parts stalked Dr Morrison then believed she was his wife She did the last interview with Ed Gein who was the inspiration for Alfred Hitchcock s Psycho John Wayne Gacy the clown obsessed killer of young men sent her crazed Christmas cards and gave her his paintings as presents Then there was Atlanta child killer Wayne Williams rapist turned murderer Bobby Joe Long Fred and Rosemary West who killed girls and women in their Gloucester House of Horrors and Brazil s deadliest killer of children Marcelo Costa de Andrade Dr Morrison has received hundreds of letters from killers read their diaries and journals evaluated crime scenes testified at their trials and studied photos of the gruesome carnage She has interviewed the families of the victims and the spouses and parents of the killers to gain a deeper understanding of the killer s environment and the public persona they adopt She has also studied serial killers throughout history and shows how this is not a recent phenomenon with psychological autopsies of the fifteenth century French war hero Gilles de Rais the sixteenth century Hungarian Countess Bathory H H Holmes of the late nineteenth century and Albert Fish of the Roaring Twenties Through it all Dr Morrison s goal has been to discover the reasons serial killers are compelled to murder how they choose their victims and

what we can do to prevent their crimes in the future Her provocative conclusions will stun you Praise for My Life Among the Serial Killers A scary piece of work with even scarier implications Kirkus Reviews A profoundly enlightening book Morrison provides startling insights into what factors breed serial killers and she avoids the broad generalizations that make other books of the topic seem slick and superficial This is an absorbing disturbing book that makes it clear just how much we have yet to learn Booklist *Quality of Life and Mortality Among Children* Thomas E. Jordan,2012-04-25 This birefs examines mortality among young children in the period from the seventeenth to the nineteenth century It does so using several types and sources of information from the census unit England and Wales and from Ireland The sources of information used in this study include memoirs diaries poems church records and numerical accounts They offer descriptions of the quality of life and child mortality over the three centuries under study Additional sources for the nineteenth century are two census derived numerical indexes of the quality of life They are the VICQUAL index for England and Wales and the QUALEIRE index for Ireland Statistical procedures have been applied to the numbers provided by the sources with the aim to identify effects of and associations between such variables as gender age and social background The briefs examines the results to consider the impact of children s deaths upon parents and families and concludes that there are differences and continuities across the centuries My Life Among the Spirits Oshada Jagodzinski,2024-05-15 When Oshada Jagodzinski was a child she had otherworldly visions and a relationship with the dead that only her grandmother who experienced the same could understand Jagodzinski s astonishing life story details not only those early visions but also the turmoil she felt before coming to appreciate and ultimately harness her remarkable powers in service of others Overcoming battles with substance abuse and her own inner demons she emerged after much healing work and study an ordained Spiritualist minister and certified medium She went on to build a fruitful career helping clients overcome the searing pain of loss as well as both spiritual and emotional hunger But Oshada s story doesn t end there Her quest to find spiritual enlightenment led her to the Lakota of Pine Ridge South Dakota and the Chipps family s well known tradition of Yuwipi medicine men dating back to Woptura mentor to Crazy Horse During her years with the family she developed a profound understanding of the relationship between humans other animals and the earth itself Oshada Jagodzinski s memoir takes the reader on a rare and dramatic journey of discovery She reveals life changing accidents a near fatal encounter with a raging storm spine tingling shamanic rituals a Lakota vision quest and ultimately the very essence of what it is to be alive Through it all we learn what it takes to dedicate 45 years in service to the spirit world in order to help others approach a better understanding of death and grief without anger or fear For anyone grappling with questions of life and death substance abuse spirituality and the wellspring of transformative ritual My Life Among the Spirits offers immeasurable wisdom and sustenance For the rest of us it is simply fascinating *My Life and Experiences Among Our Hostile Indians* O. O. Howard,2001 This book was written by Major General O O Howard in an attempt to tell his life story and personal experiences among the Indian tribes that he came into

contact with as a result of war Written in autobiographical form this piece captures the essence of the opinion of many military men had concerning the Indian tribes with whom we shared this country While many of the author s experiences were founded in peace making it is difficult to overlook his general acknowledgement of savagery and hostility among the Indians This work chronicles the conflict between the Indian tribes and the pioneers as the two groups battles for land and the right to live as they pleased Within this conflict was the idea of civilization This process is discussed in detail as the white settlers attempted to press their own customs and lifestyles upon the ancient Indian tribes **Emotionally Intelligent Children: Transforming Your Life and Work from the Inside out (A Parent's Guide to Building Emotional Intelligence in Children)** Randy Addington,101-01-01 Raising resilient and emotionally intelligent kids is one of the greatest gifts we can give to our children These qualities not only help them navigate the ups and downs of life with grace and strength but also enable them to build strong meaningful relationships with others By teaching our kids to be resilient and emotionally intelligent we are setting them up for success in all areas of their lives Teaching kids mindfulness and self awareness is another important benefit of raising resilient and emotionally intelligent kids By helping children cultivate an awareness of their thoughts emotions and behaviors we empower them to make conscious choices and respond thoughtfully to the world around them What you ll discover Understanding Your Inner Child Explore the roots of your emotional wounds and recognize the signs that healing is needed Practical Healing Tools Engage with cognitive behavioral techniques mindfulness practices and creative therapies to foster emotional regulation and resilience Journaling and Reflection Utilize guided prompts to deepen your self awareness and document your progress as you connect with your inner child Overcoming Obstacles Learn to navigate setbacks and build a supportive network that encourages growth and healing The book aims to give parents an understanding of why the first five years of a baby s life are hugely important for their emotional and intellectual development And why developing emotional intelligence skills with your baby from the very beginning can give them the emotional skills which will last a lifetime The Emotionally Intelligent Baby Method asks parents to imagine that from the moment your child is born you are the author of your child s future self *The Spiritual Life of Children* Robert Coles,1990 For 30 years Robert Coles has been talking and listening to children all over the world and recording their responses to crises to hardship and sorrow and to moral and political pressure In this one of eight volumes in his Pulitzer Prize winning series Children of Crisis he speaks to and for the religious and spiritual lives of children conveying their views of salvation and righteousness their experience of God and their ways of understanding the ultimate meaning of their own lives
