My Life My Theater:

Theatre Is My Life! Barbara J Sloan, 2024-09-04 Meditation day books are popular spiritual or inspirational guides but none have been written quite like this one Drawing from over 50 years of working and creating teaching and nurturing students in theatre the author uses quotes from plays as a basis for rumination and the exploration of life making this particular volume part memoir part life philosophy and part mini theatre history vignettes This volume is written to be read each day with one writing for each of 366 days of a year With a spiritual message at the heart of the work the book will also appeal to theatre and arts lovers The author has many years experience in teaching the Enneagram the Arts as a transcendent adventure and other wisdom subjects This meditation collection is good for any spiritual seeker who brings a clear heart and an open mind to spiritual exploration As the author says One of the extraordinary things about working in the theatre day in and day out is that the words of the script of the play I am creating soak through my clothing permeate my skin penetrate my brain and saturate my life From these quotes Sloan has created short reflections on life arranged thematically for every day of the year Plays written by real people over the centuries brim with the same sort of emotions and challenges joys and fears that impact us today The characters warn rejoice fuss complain doubt advise and cheer their fellows just as we do today In this work Sloan suggests that reading and watching plays can assist us as we review the physical emotional mental and spiritual natures of our own lives From new beginnings in January to tying up loose ends in December these meditations become a daily traveling partner for those who want to reflect on how art and literature influence and become a part of our lives

My Life- My War- World War 2 Stanley B. Loomis, 2010 Wars are started by a person or persons and are usually a quest for power for a person or a group of people and they don't really care how many people are killed nor how many families are losing a father mother or brothers or whole families and their relatives Sometimes it is necessary to start a war by a peaceful nation against countries that are harming and have the publically displayed their intentions to extend their borders by taking land from established country's land and people This I would consider declaring a war to be the only necessary solution to the problem but still a war with people getting maimed and killed In World War One Germany was the problem once again lust for power I wasn't even thought of at that period of time in fact I hadn't even arrived on the scene at that point of time But think about it for a moment there's not one inch of land that has increased in size in those thousands of years of civilization and wars I was a training in Camp Blanding in Florida we could look in any direction and there was a sign posted in large letters Kill or Be Killed Kill or Be Killed We were just 18 or 19 year old kids think about it Kill or Be Killed what an education but necessary to imprint it inside our young brains It gave us young kids a reason to become killers hesitate for a second and you're dead Back then in training we used to repeat over and over was that wars were necessary to Decrease The Surplus Population It is most certainly a true statement **My Life, My Stage** Ernst Stern, 1951 Autobiography of Ernst Stern a Romanian German scenic designer **My Life** Richard
