My Memoirs:

My Memoirs Idell Robb, 2013-01-30 My life has been so very interesting and mostly joyful I would like to share it with my family My birthday is May 7 33 As I start to write this I am 72 years young and have had a very good life I feel like my cup is full and overflowing Sometimes I feel like I am drinking from the saucer I would be very happy to keep sipping for some time yet A person is very very lucky to be able to say this Now I shall go back in time and tell my life story as I remember hoping you will enjoy

MEMOIRS OF GRAMFLAKES E.B. Hayes, 2008-10-23 Eleanor was inspired by her father at an early age to appreciate family history During her retired lonely years as a widow she started writing for entertainment She did not enjoy pity parties and found a joy in sitting in front of her computer to write about her memories Some of her children and friends enjoyed hearing about past events that interested them and encouraged her to write She was the only girl and oldest child and spent the majority of her growing up years around adults as they told their stories That was their prime entertainment She would like to inspire others to make notes and write stories for their future generations She found that it is amazing how much one can remember and relive as the words appear on the computer screen

Looking for Love in Strange Places: A Memoir for My Stepdaughters Diana Page, 2016-02-18 Back in 1968 Diana Page was going to graduate from the University of Michigan without much hope for marriage or a career She didn't have a boyfriend so a prospective husband was unlikely to materialize before the semester ended and a bachelor's in political science wasn't going to make her easily employable The solution Join the Peace Corps where she could help change the world and possibly meet a guy who shared her values Thus began Diana's adventures Her travels as a journalist and diplomat took her down the dangerous roads of Latin American history from the 1960s into the twenty first century With excerpts from diaries letters and news articles she weaves together a narrative of war and peace presidents and peasants but mostly of ordinary people who teach her about life She also runs into a few extraordinary people along the way Fidel Castro Isabel Peron Pele Jorge Luis Borges and Hilary Clinton among others Looking for Love in Strange Places A Memoir for My Stepdaughters is a hopeful humorous account of what happens when you seize the day without too many expectations for the future

A Pedagogist's Memoir Grant Rodwell, 2025-10-07 Opportunities to write our memoirs are many and varied To meet emerging demands the memoir genre continually is evolving and it is possible for the memoirist to shape the memoirs with varying themes time and settings to be brought to bear on school education at a senior level and for a range of teacher development programs Thus the developing importance of an accompanying exegesis For better or for worse childhoods shape adult relationships and attachment styles profoundly shaping who we are as teachers teaching styles and generally the things we consider important and not so important The shape of our childhood and adolescence has a profound impact on how relationships are formed in adulthood It can affect our ability to trust be vulnerable and create productive bonds both at school and college and professionally and also our general levels of motivation Through the aforementioned theme and subthemes my memoirs here

reveal how childhood struggle has shaped my approach to teaching and my academic career from an unskilled labourer from the country working class in the timber industry deprived of a high school education and recruited into the workforce at 15 years of age to a senior academic in one of Australia's G8 universities holding five PhDs With strong historical backgrounding a special appeal of this book is its drive to place childhood and adolescent events contained in the memoirs in a wider historical context looking to transnational movements such as discussions on anachronisms and eugenics In so doing the exegesis a fresh and exciting innovation is in harmony with the memoirs The memoir is so refashioned as a pedagogical tool

Memoirs of a Born Adventurer D. Thomas Gochenour, 2024-06-27 At the end of his illustrious career as an international adventurer and soldier of fortune Lord Higdord decided he needed to write his memoirs But he decided he needed to address both his personal life and his adventures abroad describe in detail his love life as well as his battles From the start he identified the key moments in his life such as the premature death of his mother or his father's decision to send him away from home to boarding school when he was only eight years old But the most important event in Higdord's young life was when a tutor at Eton took an interest in him and applied the effort to teach him to write and afterward critically introduced him to adventure literature Most important of these was the story of Jason and his quest for the Golden Fleece from Greek mythology This story captivated him and drove him to read the life adventures of England's greatest soldiers and adventurers including Sir Richard Burton Winston Churchill and Fitzroy Maclean Inspired by these works Higdord decided that his life's work would also be that of an explorer adventurer soldier and fighter for the British Empire Instead of going to Oxford he joined the SAS England's elite fighting force and was sent to all corners of the world to fight anti colonial insurgencies His career culminated in the quick war against the Argentines in the Falklands It was a war that ended his SAS career as well as spelled the end of his marriage Afterward he participated as a mercenary several times in Africa and decided it was better to run mercenaries than to be one so he established one of the world's first private military companies supplying mercenaries to causes and regimes in Africa and Asia This was how he stumbled onto his final greatest and most notorious adventure one that nearly cost him his life his career his fortune and his rank as an English peer
