Other People's Houses Lore Segal, 2014-09-09. With a foreword by Cynthia Ozick. This semiautobiographical novel of a Jewish girl forced away from home in the face of Nazi persecution is an extraordinary tale of fortitude and survival. On a December night in 1938, a ten-year-old girl named Lore is put on the Kindertransport, a train carrying hundreds of Jewish children out of Austria to safety from Hitler's increasingly alarming oppression. Temporarily housed at the Dover Court Camp on England's east coast, Lore will find herself living in other people's houses for the next seven years: the Orthodox Levines, the Hoopers, the working-class Grimsleys, and the wealthy Miss Douglas and Mrs. Dillon. Charged with the task of asking the English people to get her parents out of Austria, Lore discovers in herself an impassioned writer. In letters to potential sponsors, she details the horrors happening back at home; in those to her parents, she notes the mannerisms and reactions of the new families around her as she valiantly tries to master their language. And the closer the world comes to a new war, the more resolute Lore becomes to survive. As powerful now as when it was first released fifty years ago, *Other People's Houses* is a poignant tale about the creation of a new life in the face of hopelessness and fear, a hallmark of the postwar immigration experience.

Sounding Our Way Home Susan Miyo Asai, 2024-01-18. A product of twenty-five years of archival and primary research, *Sounding Our Way Home: Japanese American Musicking and the Politics of Identity* narrates the efforts of three generations of Japanese Americans to reach home through musicking. Using ethnomusicology as a lens, Susan Miyo Asai examines the musical choices of a population that historically is considered outside the racial and ethnic boundaries of American citizenship. Emphasizing the notion of national identity and belonging, the volume provokes a discussion about the challenges of nation building in a democratic society. Asai addresses the politics of music, interrogating the ways musicking functions as a performance of social, cultural, and political identification for Japanese Americans in the United States. Musicking is an inherently political act at the intersection of music, identity, and politics, particularly if it involves expressing one's ethnicity and/or race. Asai further investigates how Japanese American ethnic identification and cultural practices relate to national belonging. Musicking cultivates a narrative of a shared history and aesthetic between performers and listeners. The discourse situates not only Japanese Americans but all Asians into the Black-white binary of race relations in the United States. *Sounding Our Way Home* contributes to the ongoing struggle for acceptance and equal representation for people of color in the US. A history of Japanese American musicking across three generations: the book unveils the social and political discrimination that nonwhite immigrants and their offspring continue to face when it comes to finding acceptance in US society and culture.
