Raising the Race Riché J. Daniel Barnes, 2015-12-01 Winner of the 2017 Race Gender and Class Section Book Award from the American Sociological Association Popular discussions of professional women often dwell on the conflicts faced by the woman who attempts to have it all raising children while climbing up the corporate ladder Yet for all the articles and books written on this subject there has been little work that focuses on the experience of African American professional women or asks how their perspectives on work family balance might be unique Raising the Race is the first scholarly book to examine how black married career women juggle their relationships with their extended and nuclear families the expectations of the black community and their desires to raise healthy independent children Drawing from extensive interviews with twenty three Atlanta based professional women who left or modified careers as attorneys physicians executives and administrators anthropologist Rich J Daniel Barnes found that their decisions were deeply rooted in an awareness of black women s historical struggles Departing from the possessive individualistic discourse of having it all the women profiled here think beyond their own situation considering ways their decisions might help the entire black community Giving a voice to women whose perspectives have been underrepresented in debates about work family balance Barnes s profiles enable us to perceive these women as fully fledged individuals each with her own concerns and priorities Yet Barnes is also able to locate many common themes from these black women s experiences and uses them to propose policy initiatives that would improve the work and family lives of all Americans **The Secret to a Southern Wedding**

Synithia Williams, 2023-08-15 An emotional and witty story of love forgiveness and second chances as the race to the wedding day begins It s been years since Dr Imani Kemp has returned home to Peachtree Cove Georgia As Tallahassee s most sought after OB GYN she doesn t have much time for anything else But when her mom announces she s marrying a man she just met on a dating app Imani knows she has to put a stop to it immediately Let her mom be hurt again after the disastrous way her last marriage ended Absolutely not Always her protector Imani won t rest until her mom sees reason She just never expected

sparks to fly with the groom's son After his mother's tragic death Cyril Dash and his father relocated to Peachtree Cove to escape the gossip and speculation Now in this quirky small town they've made a new life for themselves and after years of grief his dad has finally found happiness again And Cyril refuses to let Imani threaten that The more determined he is to prove the strength of his dad's love the more drawn he is to this beautiful complicated woman who's determined to call off the wedding But when Cyril's heartbreaking past comes to light destiny won't be denied Because the secret to this southern wedding is you never know how far you'll go in the name of love **Are You My Mother or My Mom?** Nevaeh

Arneese, 2016-07-26 This book is a true story my life story and my first book A very young girl gave birth and with no experience in being a mother with no support from her family she had to make a very important decision about what to do with a baby that she did not want or love She could have chosen to abandon the child in a garbage can or leave her at the door of some hospital No one wanted me not even an orphanage home she visited God had a purpose for this baby girl and gave her a second chance at life *The Autobiography of Francis Place* Francis Place, 1972-03-16 Francis Place's autobiography presents a vivid and readable account of the early life of one of the best known radical reformers of the early 19th century The publication of Place's manuscript for the first time in book form is a landmark in the expanding field of studies in artisan self-consciousness of the pre-Victorian era The book will be of obvious value to those interested in the origins of the Reform Movement and especially of the controversial reform group the London Corresponding Society In his description of the rise and fall of the LCS and of the men who composed it and other reform groups Place brings to life the human feelings and failings of the working class democratic movement and his own lifelong attempts to promote the welfare of the working class Mothers, Midwives and Reimagining Birthing in the South Bronx Jennifer Dohrn, 2023-11-08 Women

came through the doors at a community-based birthing center in the South Bronx seeking prenatal care They had heard about the center from a neighbor a parents group at their children's school or the local mosque or church What they found when they arrived was a brightly colored waiting area that resembled a living room children immersed in games in a corner and staff that reflected the mosaic of cultures living in the surrounding apartments They also met midwives who asked about their lives their children their families and traditions If pregnancies developed complications back up obstetricians were there to give higher levels of care with the women returning to the midwifery center afterwards The results were healthy mothers and healthy babies For over twenty years the center became a haven for women's health care and a national exemplar It is a tragic and unjust paradox that the United States the highest income country in the world and the country with the largest budget for perinatal care has rising rates of maternal mortality that disproportionately affect women of color Yet an inner city maternity center with midwifery care found solutions to the challenge of making birth safe for low income populations especially women of color This oral history presents the stories of twelve women who participated in this care As they tell it the experience changed their lives and their understanding of what safe quality maternal care can achieve Jennifer

Dohrn examines the systems that perpetuate disparities in care from global to local and describes essential components needed for change using oral histories as evidence for the way forward towards maternal health as a human right
