responsibility for a promising new project that applies computer science to Latin American archeology From the ruins of the ancient Moche people the project surfaces the strange problem of the Elephant Mask and then nearly dissolves in a mysterious triple assassination Prior travels to Lima Peru to try to salvage the project There he is entangled by unscrupulous enemies unpredictable old friends and the assets and liabilities of his distant past In Peru New York and San Francisco Prior must weave his way through a maze of attempted seduction trickery and betrayal further killings and cutting edge software technology To survive he must solve the triple problem of the murders the underlying crime and the age old mystery of the Elephant Mask Beneath an enormous relic of military technology the story ends in an unexpected ghastly execution and more of Prior s past reaches out to him

[The Baron's Sons](#) Mór Jókai, The post prandial orator was in the midst of his toast the champagne foam ran over the edge of his glass and trickled down his fat fingers his lungs were expanded and his vocal chords strained to the utmost in the delivery of the well rounded period upon which he was launched and the blood was rushing to his head in the generous enthusiasm of the moment In that brilliant circle of guests every man held his hand in readiness on the slender stem of his glass and waited all attention for the toast to come to an end in a final dazzling display of oratorical pyrotechnics The attendants hastened to fill the half empty glasses and the leader of the gypsy orchestra which was stationed at the farther end of the hall held his violin bow in the air ready to fall in at the right moment with a burst of melody that should drown the clinking of glasses at the close of the toast

My Life In My Words Rabindranath Tagore,2010-09-08 A unique autobiography that provides an incomparable insight into the mind of a genius The Renaissance man of modern India Rabindranath Tagore put his country on the literary map of the world when he won the Nobel Prize for Literature in 1913 My Life in My Words is quite literally Tagore on Tagore Uma Das Gupta draws upon the vast repertoire of Tagore s writings to create a vivid portrait of the life and times of one of India s most influential cultural icons The result is a rare glimpse into the world of Tagore his family of pioneering entrepreneurs who shaped his worldview the personal tragedies that influenced some of his most eloquent verse his groundbreaking work in education and social reform his constant endeavour to bring about a synthesis of the East and the West and his humanitarian approach to politics and his rise to the status of an international poet Meticulously researched and sensitively edited this unique autobiography provides an incomparable insight into the mind of a genius

The ABC's of Writing for Children ,2003 One hundred and fourteen authors and illustrators of children s books share the process of researching writing and publishing books discuss what their inspirations are and recount the best and worst advice they ever received

The Creep Michael LaPointe,2021-06-01 A deep weird and uncanny tale Sheila Heti A book to devour Iain Reid Sinister good fun Lee Henderson Gripping and unassumingly smart Lauren Oyler A journalist with a history of bending the facts uncovers a story about a medical breakthrough so astonishing it needs no embellishment but behind the game changing science lies a gruesome secret A respected byline in the culture pages of the venerable New York magazine The Bystander journalist Whitney Chase grapples

with a mysterious compulsion to enhance her coverage with intriguing untruths and undetectable white lies She calls it the creep an overpowering need to improve the story in the telling And she has a particular genius for getting away with it In the immediate aftermath of 9 11 Whitney yearns to transition from profiling rock stars and novelists to covering the stories that really matter When a chance encounter brings her face to face with a potentially massive story about a game changing medical discovery Whitney believes she s finally found a story that doesn t need any enhancement The brilliant and charismatic doctor behind the breakthrough claims she s found the Holy Grail of medical science a synthetic blood substitute that if viable promises to save millions of lives and make her corporate backers rich beyond measure But when Whitney s investigation of this apparent medical miracle puts her on the trail of a string of grisly fatalities across the country she becomes inexorably tied to a much darker and more nefarious story than even she could imagine Set against the ramp up to the US invasion of Iraq and the decline of print journalism Michael LaPointe s panoramic ingeniously plotted debut paints an affecting portrait of an increasingly unequal twenty first century exploring how deceitfulness self enhancement and confidently delivered lies can be transfused into fact and constitute a broader violence against the social fabric and public trust

Nourishing Words Wendy Atwell-Vasey, 1998-04-16 Exploring the very human and moving autobiographies of teachers and the promising insights of feminist and critical reading theory this book asks how we can oppose the alienation and distancing that so often characterize curriculum in schools
