My Secret History A Novel:

My Secret History Paul Theroux, 2011-04-20 Theroux's best novel in years CHICAGO TRIBUNE MY SECRET HISTORY is Paul Theroux's tour de force It is the story of Andre Parent a writer a world traveler a lover of every kind of woman he chances to meet in a life as varied as a man can lead From his days as an altar boy to his job as a teenaged lifeguard and then as a youth caught between the attentions of a beautiful young student and an amorous older woman And as the boy becomes a man he turns his attention to writing which brings him fame and a wife who may finally bring him to know himself But not before he sets up his most dangerous secret life one that any man might envy but that could cost Andre Parent the delicate balance that makes him who he is [The Secret History](#) Stephanie Thornton, 2013-07-02 Where Theodora went trouble followed In sixth century Constantinople one woman Theodora defied every convention and all the odds and rose from common theater tart to empress of a great kingdom the most powerful woman the Roman Empire would ever know The woman whose image was later immortalized in glittering mosaic was a scrappy clever conniving flesh and blood woman full of sensuality and spirit whose real story is as surprising as any ever told After her father dies suddenly Theodora and her sisters face starvation and a life on the streets Determined to survive Theodora makes a living any way she can first on her back with every man who will have her then on the stage in a scandalous dramatization of her own invention When her daring performance grants her a backdoor entry into the halls of power she seizes the chance to win a wealthy protector only to face heartbreak and betrayal Ever resilient Theodora rises above such trials and by a twist of fate meets her most passionate admirer yet the emperor's nephew She thrives as his confidant and courtesan but many challenges lie ahead For one day this man will hand her a crown And all the empire will wonder is she bold enough shrewd enough and strong enough to keep it READERS GUIDE INCLUDED **The Secret History in Literature, 1660-1820** Rebecca Bullard, Rachel Carnell, 2017-03-24 This collection explores for the first time the importance of secret history in the literature of the long eighteenth century **My Secret History** Paul Theroux, 1990 Brilliantly written and erotically charged My Secret History is the story of Andre Parent a writer a world traveler a lover of every kind of woman he chances to meet in a life as varied as a man can lead Copyright Libri GmbH All rights reserved **The Secret History of Domesticity** Michael McKeon, 2006-12-06 Taking English culture as its representative sample The Secret History of Domesticity asks how the modern notion of the public private relation emerged in the seventeenth and eighteenth centuries Treating that relation as a crucial instance of the modern division of knowledge Michael McKeon narrates its pre history along with that of its essential component domesticity This narrative draws upon the entire spectrum of English people's experience At the most public extreme are political developments like the formation of civil society over against the state the rise of contractual thinking and the devolution of absolutism from monarch to individual Subject The middle range of experience takes in the influence of Protestant and scientific thought the printed publication of the private the conceptualization of virtual public society public

opinion the market and the capitalization of production the decline of the domestic economy and the increase in the sexual division of labor The most private pole of experience involves the privatization of marriage the family and the household and the complex entanglement of femininity interiority Subjectivity and sexuality McKeon accounts for how the relationship between public and private experience first became intelligible as a variable interaction of distinct modes of being not a static dichotomy but a tool to think with Richly illustrated with nearly 100 images including paintings engravings woodcuts and a representative selection of architectural floor plans for domestic interiors this volume reads graphic forms to emphasize how susceptible the public private relation was to concrete and spatial representation McKeon is similarly attentive to how literary forms evoked a tangible sense of public private relations among them figurative imagery allegorical narration parody the author character reader dialectic aesthetic distance and free indirect discourse He also finds a structural analogue for the emergence of the modern public private relation in the conjunction of what contemporaries called the secret history and the domestic novel A capacious and synthetic historical investigation *The Secret History of Domesticity* exemplifies how the methods of literary interpretation and historical analysis can inform and enrich one another
