My Sons Story:

My Son's Story Nadine Gordimer, 2003-11-03 This is a passionate love story love between a man and two women between father and son and something even more demanding a love of freedom *My Son's Story Tsp Edition S/C* Nadine Gordimer, 1990-12 **New York Magazine**, 1990-10-22 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Me and My Son Book One Stephen Hart, 2023-08-24 Should have been the beginning story of my families life if you wanted me to be the one of the Witness Better life stories **From the Margins of Empire** Louise Yelin, 2018-05-31 Situated at the intersection of the colonial and the postcolonial the modern and the postmodern the novelists Christina Stead Doris Lessing and Nadine Gordimer all bear witness to this century's global transformations *From the Margins of Empire* looks at how the question of national identity is constructed in their writings These authors white women who were born or grew up in British colonies or former colonies reflect the subject of national identity in vastly different ways in both their lives and their work Stead who resided outside of her native Australia has an unsettled identity Lessing who grew up in southern Rhodesia and migrated to England is or has become English Gordimer who was born in South Africa and remains there considers herself South African Louise Yelin shows how the three writers different national identities are inscribed in their fiction The invented hybrid character of nationality is she maintains a constant throughout Locating the writings of Stead Lessing and Gordimer in the national cultures that produced and read them she considers the questions they raise about the roles that whites especially white women can play in the new political and cultural order

Africa Writes Back to Self Evan M. Mwangi, 2010-07-02 The profound effects of colonialism and its legacies on African cultures have led postcolonial scholars of recent African literature to characterize contemporary African novels as first and foremost responses to colonial domination by the West In *Africa Writes Back to Self* Evan Maina Mwangi argues instead that the novels are primarily engaged in conversation with each other particularly over emergent gender issues such as the representation of homosexuality and the disenfranchisement of women by male dominated governments He covers the work of canonical novelists Nadine Gordimer Chinua Achebe Ngugi wa Thiong'o and J M Coetzee as well as popular writers such as Grace Ogot David Maillu Promise Okeke and Rebeka Njau Mwangi examines the novels self reflexive fictional strategies and their potential to refigure the dynamics of gender and sexuality in Africa and demote the West as the reference point for cultures of the Global South **Nadine Gordimer** Dominic Head, 1994-11-10 The award to Nadine Gordimer of the Nobel Prize for Literature in 1991 was an affirmation of her distinctive contribution to twentieth century fiction and to the creation of a literature that challenges apartheid In this study which may be used as an introduction as well as by those already

familiar with Gordimer's work Dominic Head discusses each of her novels in detail paying close attention to the texts both as a reflection of events and situations in the real world and as evidence of her constant rethinking of her craft Head shows how Gordimer's concerns apparent in her earliest novels are developed through increasing stress on the politics of textuality and he pursues the implications of this development to consider how Gordimer's later work contributes to postmodernist fiction and to a recentring of political engagement in an era of uncertainty

Writing South Africa Derek Attridge, Rosemary Jolly, 1998-01-22 During the final years of the apartheid era and the subsequent transition to democracy South African literary writing caught the world's attention as never before Writers responded to the changing political situation and its daily impact on the country's inhabitants with works that recorded or satirised state enforced racism explored the possibilities of resistance and rebuilding and creatively addressed the vexed question of literature's relation to politics and ethics *Writing South Africa* offers a window on the literary activity of this extraordinary period that conveys its range going well beyond a handful of world renowned names and its significance for anyone interested in the impact of decolonisation and democratisation on the cultural sphere It brings together for the first time discussions by some of the most distinguished South African novelists poets and dramatists with those of leading commentators based in South Africa Britain and North America

Thoughtful Times Mary Lax, 2014-08-22 Writing this book is my way of sharing what I've learned in the course of my life on earth some very unique life experiences and some most of us have in common I believe it's this information that ought to be shared more freely by all of us to enable the creation of better ways than wars and prejudices to take care of personal and collective interests and responsibilities It's not possible to make life improvements unless we fully own what is and isn't working well It's also not possible to obtain and provide needed help unless we share what assistance is lacking and available As a favorite professor insisted at the start of every class Our sickness is revealed in our secrets we must uncover and study what we keep so well hidden before it's possible to cure it There are two rules essential to assuring this sharing is productive and non hurtful Those key rules are truthfulness and kindness The stories in this book represent what happens when these rules are well applied and when they aren't to encourage careful management of all interactions so that all participants are treated with due respect There are chapters as well that encourage better understanding and use of human emotions and behavior generally
