My Friendly Contemporaries:

A Summer to Be Isabel Garland Lord, 2010-04-01 Lord writes an honest and revealing memoir of what it was like to grow up in the shadow of her famous father the pioneering realist Hamlin Garland whose first collection of stories *Main Travelled Roads* 1891 shocked the nation in its unabashed portrait of harsh Midwestern farms **Joseph Conrad** Martin Ray, 2007 This bibliography the first volume in the new Conrad Studies series published in cooperation with The Joseph Conrad Society UK collects and annotates impressions and memories of Joseph Conrad by his family friends and acquaintances It covers full length memoirs as well as newspaper and magazine articles and in its wide sweep offers abundant details about the novelist's personality and life Of particular value is Martin Ray's emphasis on difficult to trace items and the in depth coverage of Conrad's trip to the United States in the spring of 1923 An essential tool for the scholar this book can also be read with pleasure for the light it throws on Conrad the man *Letters of Edward FitzGerald ...* Edward FitzGerald, 1907 *1859-1883* Edward FitzGerald, 1894 *Letters & Literary Remains of Edward FitzGerald: Letters* Edward FitzGerald, 1903 Hamlin Garland Jean Holloway, 2014-12-15 Hamlin Garland's *Main Travelled Roads* is recognized as one of the early landmarks of American literary realism But Garland's shift in mid career from the harsh verisimilitude of *Prairie Folks* and *Prairie Songs* to a romanticizing of the Far West and from ardent espousal of the principles of veritism to violent denunciations of naturalism is a paradox which has long puzzled literary historians In tracing the evolution of Garland's work the various reactions of his stories under the influence of editorial comment and of contemporary critical reaction Jean Holloway suggests that the Garland apostasy was an illusion produced by his very intellectual immobility amidst the swirling currents of American thought His extensive correspondence with *Gilder of the Century* Alden of Harper's *Monthly* McClure of McClure's and Bok of the *Ladies Home Journal* is adduced in support of the thesis that the writer's choices of subject and of treatment were psychologically forced rather than conditioned primarily by literary theory As a subject for biography however Garland has an appeal far beyond the scope of his literary influence The friendships of this gregarious peripatetic with the famous began with Howells Twain Whitman and Stephen Crane stretched down the years to include such younger men as Bret Harte and Carl Van Doren and crossed the seas to embrace such British literary lions as Barrie Shaw and Kipling Garland's fervent espousal of causes the Single Tax Movement psychic experimentation Indian rights brought him into close contact with other prominent men Henry George Theodore Roosevelt and William Jennings Bryan These public figures form the incidental characters in Garland's spate of autobiographical works Yet it is the central figure of his own story which has become permanently identified with the Middle Border that region between the land of the hunter and the harvester which Augustus Thomas defined as wherever Hamlin Garland is In *A Son of the Middle Border* Garland nostalgically recreated his boyhood on the frontier and regardless of the detractions of literary critics preserved for posterity an important segment of American social history *Letters & Literary Remains of Edward FitzGerald* Edward

FitzGerald,1903 Letters Edward FitzGerald,1910 *African Settings in Contemporary American Novels* Dave Kuhne,1999-05-30 Africa has long captured the Western imagination as a land shrouded in danger and mystery British and American novels written before World War II established popular conventions and stereotypes about Africa that have been increasingly challenged by contemporary American novels set in Africa Kuhne s book overviews the ways in which Africa has been employed as a powerful setting for American novels written since World War II Kuhne argues that contemporary American novels with African settings are largely didactic that these novels convey specific lessons about Africa and Africans and that they compare African and American cultures in order to evaluate and critique the two worlds The book begins by summarizing the conventions and themes Westerners have traditionally associated with Africa and by detailing how British and American authors from Aphra Behn to Ernest Hemingway depicted Africa before World War II It then looks at contemporary American novels set in invented African nations novels that typically suggest that the problems that trouble actual African nations are the result of colonialism A separate chapter then examines the African novels of African Americans which generally aim to correct the historical record refute stereotypes and detail the horrors of the slave trade The volume also looks at genre fiction set in Africa while a final chapter discusses postcolonial novels with African settings
