The Dixie Hummingbirds Jerry Zolten,2003-02-06

From the Jim Crow world of 1920s Greenville South Carolina to Greenwich Village s Caf Society in the 40s to their 1974 Grammy winning collaboration on Loves Me Like a Rock the Dixie Hummingbirds have been one of gospel s most durable and inspiring groups Now Jerry Zolten tells the Hummingbirds fascinating story and with it the story of a changing music industry and a changing nation When James Davis and his high school friends starting singing together in a rural South Carolina church they could not have foreseen the road that was about to unfold before them They began a ten year jaunt of wildcatting traveling from town to town working local radio stations schools and churches struggling to make a name for themselves By 1939 the a cappella singers were recording their four part harmony spirituals on the prestigious Decca label By 1942 they had moved north to Philadelphia and then New York where backed by Lester Young s band they regularly brought the house down at the city s first integrated nightclub Caf Society From there the group rode a wave of popularity that would propel them to nation wide tours major record contracts collaborations with Stevie Wonder and Paul Simon and a career still vibrant today as they approach their seventy fifth anniversary Drawing generously on interviews with Hank Ballard Otis Williams and other artists who worked with the Hummingbirds as well as with members James Davis Ira Tucker Howard Carroll and many others The Dixie Hummingbirds brings vividly to life the growth of a gospel group and of gospel music itself **Imagine, Believe and Be** Dean Scheafer,2007-10 Imagine Believe and Be is a book designed to help create your desired life Utilizing the universal Law of Attraction it shows you step by step thought by thought belief by belief how to

Restaurant Kid Rachel Phan, 2025-04-01 A warm and poignant narrative about finding one's self amidst the grind of restaurant life the cross generational immigrant experience and a daughter's attempts to connect with parents who have always been just out of reach When she was three years old Rachel Phan met her replacement Instead of a new sibling her parents' time and attention were suddenly devoted entirely to their new family restaurant For her parents whose own families fled China during the Japanese occupation during the Second Sino Japanese War and then survived bombs and starvation during the war in Vietnam it was a dream come true For Rachel it was something quite different Overnight she became a restaurant kid living on the periphery of her own family and trying her best to stay out of the way While Rachel grew up the restaurant was there the most stalwart and suffocating member of her family For decades it's been both their crowning achievement and the origin of so much of their pain and suffering screaming matches complete with smashed dishes bodies worn down by ever spreading arthritis and tenuous relationships where they love one another deeply without ever really knowing each other In *Restaurant Kid* Rachel seeks to examine the way her life has been shaped by the rigid boxes placed around her She had to be a good daughter never asking questions always being grateful She had to be a real Canadian watching hockey and speaking English so flawlessly that her tongue has since forgotten how to contort around Cantonese tones As the only Chinese girl at school she had to alternate between being the Asian sidekick geek or slut depending on whose gaze was on her Now thirty one years after their restaurant first opened Rachel's parents are cautiously talking about retirement As an adult restaurant kid Rachel's good daughter role demands something new of her a chance to get to know her parents on the trip of a lifetime Bringing to lyric life the prism of growing up in a third culture Rachel Phan has crafted a vibrant new narrative of growing up the strength and foibles of family and how we come to understand ourselves
