My Heart Must Sing:

Then Sings My Soul M. Koontz, 2007-11 If you have found the Psalms a source of comfort and strength you will love this treatment of the first thirty psalms Each psalm contains a commentary on the entire psalm not just a verse or two You will find the psalms like a mirror reflecting back to you experiences and emotions you yourself have had at one time or another That s why the message they carry is as up to date as the morning newspaper The psalmist has found his solutions in God and we may find ours there as well There is an old song which goes Where could I go but to the Lord The psalmist sounds that note again and again The old gospel song puts it well On Christ the solid Rock I stand All other ground is sinking sand All other ground is sinking sand

The Outcast Luigi Pirandello, 2023-08-11 A young wife in a nineteenth century Sicilian village Marta is deeply in love with her husband Rocco and pregnant with his child But when Rocco discovers a letter written to Marta by a would be suitor he falsely accuses her of infidelity and banishes her from their home Soon the whole village turns against the supposed adulteress setting in motion a series of tragic events that culminates in the loss of Marta s family home and business as well as the deaths of her father and newborn child Plunged into poverty and treated as a social leper with practically nothing else to lose Marta is determined to claw her way back into a society bent on excluding her The Outcast is an early masterwork from Nobel Prize winning Italian author Luigi Pirandello that combines elements of Zolaesque naturalism with emerging modernist aesthetics This fresh English translation the first in nearly one hundred years showcases Pirandello s deft play with language and his use of irony This book was translated thanks to a grant awarded by the Italian Ministry of Foreign Affairs and International Cooperation

Singing of Psalms a Gospel Ordinance John Cotton, 2013-02-12 This work is one of the foundational reformed documents on singing psalms both from a biblical perspective and an exegetical one It follows the same biblical and theological ideas that the Westminster Assembly determined that all Reformed churches in the world have a duty to praise God publicly by singing of psalms together in the congregation and also privately in the family Cotton is quoted many times in the works of the Puritans for this masterful treatise on the subject He covers how to sing with a lively voice clearing all objections that might be against this who ought to sing psalms individuals or the whole congregation whether women may sing as well as men whether carnal men may sing as well as godly Christians the manner of singing and objections against the practice This is a classic work that ought not to be missed by all Christians willing to study what God says in determining the manner in which sinners are to approach him in worship This is not a scan or facsimile has been updated in modern English for easy reading and has an active table of contents for electronic versions
