My Life A Loaded Gun Female Creativity And Feminist Poetics:

My Life, a Loaded Gun Paula Bennett, 1990 **The Creative Crone** Sylvia Henneberg, 2010 Henneberg shows how these writers offer radically different but richly complementary strategies for breaking the silence surrounding age Rich provides an approach to aging so strongly intertwined with other political issues that its complexity may keep us from immediately identifying age as one of her chief concerns On the other hand Sarton's direct treatment of aging sensitizes us to its importance and helps us see its significance in such writings as Rich's *Meanwhile* Rich's efforts to politicize age create stimulating contexts for Sarton's work Henneberg explores elements of these writers' individual poems that develop themes of aging including imagery and symbol the construction of a persona and the uses of rhythms to reinforce the themes She also includes analyses of their fiction and nonfiction works and draws ideas from age studies by scholars such as Margaret Morganroth Gullette Kathleen Woodward and Thomas Cole From publisher description *Inside Out*, 2008-01-01 The incursions of women into areas from which they had been traditionally excluded together with the literary representations of their attempts to negotiate subvert and appropriate these forbidden spaces is the underlying theme that unites this collection of essays Here scholars from Australia Greece Great Britain Spain Switzerland and the United States reconsider the well entrenched assumptions associated with the public/private distinction working with the notions of public and private spheres while testing their currency and exploring their blurred edges The essays cover and uncover a rich variety of spaces from the slums and court rooms of London to the American wilderness from the Victorian drawing room and sick room to out of the ordinary places like Turkish baths and the trenches of the First World War Where previous studies have tended to focus on a single aspect of women's engagement with space this edited book reveals a plethora of subtle and tenacious strategies found in a variety of discourses that include fiction poetry diaries letters essays and journalism *Inside Out* goes beyond the early work on artistic explorations of gendered space to explore the breadth of the field and its theoretical implications *Emily Dickinson, Woman of Letters* Lewis Turco, 1993-07-01 Buried in Emily Dickinson's letters are many lines that are stunningly beautiful as beautiful as any to be found in her poems Lewis Turco has taken some of these lines and written poems from them on them and around them This volume then is a collaboration between two writers one a 19th century woman whose work became known to most readers only in the 20th century and the other a postmodernist man of letters an award winning poet critic and scholar In addition to the poems collected here Turco has written an informative introduction and included several essays by feminist critics and other scholars who discuss various aspects of Emily Dickinson's letters *Emily Dickinson Woman of Letters* is therefore at once an addition to the Dickinson canon a distinguished collection of contemporary poems an important volume of critical scholarship in American literature and a fascinating reading experience that will appeal to a wide audience of professionals and non professionals alike **Literatures of Madness** Elizabeth J. Donaldson, 2018-07-25 *Literatures of Madness* Disability Studies and Mental Health brings together scholars working in

disability studies mad studies feminist theory Indigenous studies postcolonial theory Jewish literature queer studies American studies trauma studies and comics to create an intersectional community of scholarship in literary disability studies of mental health The collection contains essays on canonical authors and lesser known and sometimes forgotten writers including Sylvia Plath Louisa May Alcott Hannah Weiner Mary Jane Ward Michelle Cliff Lee Maracle Joanne Greenberg Ann Bannon Jerry Pinto Persimmon Blackbridge and others The volume addresses the under representation of madness and psychiatric disability in the field of disability studies which traditionally focuses on physical disability and explores the controversies and the common ground among disability studies anti psychiatric discourses mad studies graphic medicine and health medical humanities

Understanding Adrienne Rich Jeannette E. Riley, 2016-08-31 The journey of an important feminist writer through poetry prose and politics Among the most celebrated American poets of the past half century Adrienne Rich was the recipient of numerous awards including the Bollingen Prize the National Book Award and the Lannan Lifetime Achievement Award In *Understanding Adrienne Rich* Jeannette E Riley assesses the full scope of Rich's career from 1957 to her death in 2012 through a chronological exploration of her poetry and prose Riley details the evolution of Rich's feminist poetics as she investigated issues of identity sexuality gender the desire to reclaim women's history and what she terms the dream of a common language Throughout the book she documents Rich's gradually developing assertion that poetry can create social change and engage people in the democratic process Interweaving explications of Rich's poetry with analysis of her prose Riley offers a close look at the development of the author's voice from formalist poet to feminist visionary to citizen poet

Reading the Fascicles of Emily Dickinson Eleanor Elson Heginbotham, 2003 Heginbotham's book focuses on Emily Dickinson's work as a deliberate writer and editor The fascicles were forty small portfolios of her poems written between 1856 and 1864 composed on four to seven stationery sheets folded stacked and sewn together with twine What revelations might come from reading her poems in her own context Are they simply scrapbooks as some claim or are they evidence of conscious canny editing Read in their original places each lyric becomes different and more interesting than when read in isolation We cannot know why Dickinson compiled the books or what she thought of them but we can observe what she left in them What she left is visible only by noting the way the poem answers in a dialogue across the pages the way lines spilling onto a second page introduce the next poem the way openings suggest image clusters so that each book has its own network of concerns and language not a story or philosophical preachment but an aesthetic wholeness This book is the first to demonstrate that Dickinson's poetic and philosophical creativity is most startling when the reader observes the individual lyric in the poet's own and only context for them For teacher student scholar and poetry lover Heginbotham creates an important new framework for understanding one of the most complex clever and profound U S poets

Do the Americas Have a Common Literature? Gustavo Pérez Firmat, 1990 This volume takes an important step toward the discovery of a common critical heritage that joins the diverse literatures of North America and Latin America Traditionally literary criticism

has treated the literature of the Americas as New World literature examining it in relation to its Old World usually European counterparts This collection of essays redirects the Eurocentric focus of earlier scholarship and identifies a distinctive pan American consciousness The essays here place the literature of the Americas in a hemispheric context by drawing on approaches derived from various schools of contemporary critical thought Marxism feminism culture studies semiotics reception aesthetics and poststructuralism As part of their search for a distinctly New World literary idiom the contributors engage not only the major North American and Spanish American writers but also such marginal or minor literatures as Chicano African American Brazilian and Qu becois In identifying areas of agreement and confluence this work lays the groundwork for finding historical ideological and cultural homogeneity in the imaginative writing of the Americas Contributors Lois Parkinson Zamora David T Habery Jos David Sald var Antonio Ben tez Rojo Jos Piedra Doris Sommer Enrico Mario Sant Eduardo Gonz lez John Irwin Wendy B Faris Ren Prieto Jonathan Monroe Gustavo P rez Firmat

Palace-burner Sarah Morgan Bryan Piatt,2001 Sarah Morgan Bryan Piatt 1836 1919 now ranks as the strongest American woman poet of the nineteenth century after Emily Dickinson Published heavily in all the period s most prestigious journals Piatt was widely celebrated by her peers as a gifted stylist in the genteel tradition This selected edition reveals Piatt s other side a side that contemporary critics found more problematic ironic experimental pushing the limits of Victorian language and the sentimental female persona Spanning more than half a century this collection reveals the borderland temper of Piatt s mind and art As an expatriate southerner Piatt voices guilt at her own past as the daughter of slave holders and raw anguish at the waste of war as an eleven year exile in Ireland she expresses her dismay at the indifference of the wealthy to the daily suffering of the poor Her poetry whether speaking of children motherhood marriage or illicit love affairs uses conventional language and forms but in ways that greatly broadened the range of what women s poetry could say moves toward an innovative kind of dramatic realism built on dialogue an approach more familiar to modern readers acquainted with Faulknerian polyvocal texts than to her contemporaries who were as ill at ease with complexity as they were with irony This astutely edited selection of Piatt s mature work much of it never before collected explains why her deviant poetics caused her peers such discomfort and why they offer such fertile ground for study today Illustrated with engravings from Harper s Weekly and Harper s Bazaar both periodicals in which Piatt s work appeared Palace Burner marks the reemergence of one of the most interesting writers in American literary history

The Posthumous Voice in Women's Writing from Mary Shelley to Sylvia Plath Claire Raymond,2016-12-05 This provocative book posits a new theory of women s writing characterized by what Claire Raymond calls the posthumous voice This suggestive term evokes the way that women s writing both forefronts and hides the author s implied body within and behind the written work Tracing the use of the disembodied posthumous voice in fiction and poetry by Mary Shelley Emily Bront Emily Dickinson and Sylvia Plath Raymond s study sounds out the ways that the trope of the posthumous voice succeeds in negotiating the difficult cultural space between the

concept of woman's body and the production of canonical literature Arguing that the nineteenth century cult of mourning opens to women's writing the possibility of a post Romantic self elegy Raymond explores how the woman writer's appropriation and alteration of elegiac conventions signifies and revises her disrupted relationship to audience Theorizing the posthumous voice as a gesture by which the woman writer claims and in some cases gains canonicity Raymond contends that the elegy posed as if written by a dead woman for herself both describes and subverts the woman writer's secondary status in the English canon For the woman writer the self elegy permits access to a topos central to canonical literature with the implementation of the trope of the posthumous voice marking a crucial site of woman's interaction with the English canon
