My Nights And Days:

Day Brought Back My Night Stephen Charles Ainlay,2024-05-10 Originally published in 1989 Day Brought Back My Night explores the lives of people who have lost sight in late life as a result of age related visual disorders As life expectancy in western society has increased the number of people who fall into this group has grown yet little had been written on this plight This major study filled the gap in the literature and will still be of great value to practitioners scholars and students in the fields of social gerontology medicine social work and nursing Stephen Ainlay surveys the various etiologies of age related visual disorders and establishes the medical framework of the problem His primary concern however is to understand people s experience of vision loss and he makes use of extensive interview data to establish the ways in which people come to terms with their own aging The stories told here reflect people s responses to a changing body as well as shifting relationships with friends family members medical practitioners and service providers They reveal hopes and fears lost priorities and new initiatives relationships that recede and relationships that are newly established Above all they comment on the drama that is involved in people s struggle to find continuity in their lives In this way the book is as much an exploration into the problem of identity as it is a study of sensory loss in later life

All Of My Nights Elizabeth Castle,2021-04-11 Two men with the same mission to stop a Chinese arms dealer on American soil One lives in the daylight working within the law The other lives in the shadows working in the shadows of the night All Of Me Book 2 Bo Lee came to America on a mission and planned to leave as quickly as he came He hadn t meant to get involved with his long lost family When he finds out he not only has a brother but also a sister he can no longer simply go back to his old life He wants his sister safe but fearing she is not he sets off to find her What he didn t count on is the woman who is his sister s guardian Emma McKinnon figures life can t get more complicated She has guardianship of her adopted niece She is also in the final stages of losing her home Life is changing and she is struggling to figure out what lies ahead She never expects the tall dark haired Chinese man who comes into her life she isn t prepared for the intense attraction that draws her to him A night of passion changes her world forever When threats from Bo s past and present threaten Emma and his sister he knows the best thing to do is remove himself from their lives But knowing what is best and doing it becomes more and more difficult As things heat up around Emma Bo has no choice but to step up and be the man that Emma needs He just has to decide if stepping up means getting as far away from her as he can or getting as close as a man and a woman can get Note from author This is the second and final book in the All Of Me Series a little over 70 000 words The books do not take place in China but have characters who grew up there I have never been there but I ve seen pictures that depict the beautiful scenery and the colorful history of the country good and bad It was that scenery and culture that inspired this series Please note this is an open door romance I hope you enjoy Lizzy Castle
