Synchronic or Diachronic? Johannes de Moor, 2021-12-06 In Old Testament exegesis a gap is widening between the adherents of the diachronic historical critical approach and those who out of dissatisfaction with both the results and the methods of this classical approach opt for a wide variety of synchronic approaches The Ninth Joint Meeting of the Dutch Oudtestamentisch Werkgezelschap and the British Society for Old Testament Study held at Kampen 28-31 August 1994 brought together partisans from both camps who engaged in a most interesting and fruitful debate on one of the major methodological issues confronting modern O T scholarship This volume contains the papers read as well as some reports from the workshops With indices of texts and subjects Meetings of the Mind David Damrosch, 2010-11-22 Comic in tone and serious in intent this book gives a vivid portrait of academic life in the nineties With campus populations and critical perspectives changing rapidly academic debate needs to look beyond the old ideal of common purposes and communal agreement How can we learn from people we won't end up agreeing with This question is explored by four very different scholars who meet and argue at a series of comparative literature conferences David Damrosch liberal humanist and organizer of the group Vic Addams an independent scholar of aesthetic leanings and author of *The Utility of Futility* Marsha Doddvic a feminist film theorist and the Israeli semiotician Dov Midrash Throughout the 1990s in four cities they meet and debate the problems of disciplinary definition and survival the relation of literary theory to society the politics of cultural studies and the virtues and vices of autobiographical criticism As their partly antagonistic increasingly serious surprisingly fond and always funny relationship develops Damrosch seeks common ground with his friends despite the fundamental differences among them Can a self-parodying deconstructionist and a Proust aficionado appreciate and improve each other's work Can a wealthy windsurfing medievalist and a champion of Chicana lesbian memoir find friendship Hilarious exchanges and comic moments as well as cameo appearances by well-known theorists will entertain all literary-minded readers Academic insiders will also be reminded of the foibles and quirks of their own disciplines and departments At the same time this exploration of the uses and abuses of literary and cultural criticism offers a running commentary on identity politics and poses serious questions about the state and future of the academy **Legal Studies as Cultural Studies** Jerry D. Leonard, 1995-01-13 This book is an inaugural integration of Contemporary Cultural Studies and Critical Legal Studies that sets the question of justice at the fore of postmodern critical theory Opening with introductory level discussions of key theoretical models in postmodern thought the collection culminates in a series of radical critiques of existing modes of cultural and legal theory Contributors to this volume include David S Caudill Marie Ashe Gayatri Chakravorty Spivak Nancy Fraser Costas Douzinas and Ronnie Warrington Drucilla Cornell Eugene D Genovese Peter Goodrich Teresa L Ebert and Jerry D Leonard **Contemporary Fiction and the Uses of Theory** M. Greaney, 2006-08-25 This topical study examines the

novelizations of radical literary theory in the work of A S Byatt Angela Carter Umberto Eco John Fowles Richard Powers and many other leading novelists It offers a comprehensive analysis of the post theoretical novel and traces an alternative history of the theory revolution in recent literary fiction *Shakespeare and Philosophy* Stanley Stewart,2010-04-02 Touching on the work of philosophers including Richardson Kant Hume Wittgenstein Nietzsche and Dewey this study examines the history of what philosophers have had to say about Shakespeare as a subject of philosophy from the seventeenth century to the present Stanley Stewart s volume will be of interest to Shakespeareans literary critics and philosophers **Framing Borders in Literature and Other Media** Werner Wolf,Walter Bernhart,2006 This book is both a contribution to an interdisciplinary study of literature and other media and a pioneering application of cognitive and frame theoretical approaches to these fields In the temporal media a privileged place for the coding of cognitive frames are the beginnings while in spatial media physical borders take over many framing functions This volume investigates forms and functions of such framing spaces from a transmedial perspective by juxtaposing and comparing the framing potential of individual media and works After an introductory theoretical essay which aims to clarify basic concepts the volume presents eighteen contributions by scholars from various disciplines who deal with individual media University Fiction ,2024-01-15
