Nuevas Fronteras Del Management

**Alfredo Rocafort Nicolau, José Daniel
Barquero Cabrero, Paul Osterman**

Nuevas Fronteras Del Management:

Women in Management and Life Cycle A. Kaufmann, 2008-04-30 An exploratory study based on group discussions and in depth interviews of real managers that examines different aspects of the life cycle to clarify why so few women get to the top It offers advice on how to establish priorities and explores existing stereotypes within organizations regarding women in upper management

Nuevas fronteras del management Alfredo Rocafort Nicolau, José Daniel Barquero Cabrero, Paul Osterman, 2009

Las nuevas fronteras del management Rosabeth Moss Kanter, 1999 Este libro recopila los artículos que Rosabeth Moss Kanter una de las más famosas especialistas en gestión empresarial del mundo escribió para la Harvard Business Review De hecho la totalidad del texto cubre los temas fundamentales de la materia la estrategia la innovación los clientes las tendencias globales el liderazgo y el cambio las alianzas estratégicas los sistemas de compensación y la responsabilidad compartida Y el mensaje es siempre el mismo a saber la importancia de tratar a las personas como activos de la empresa así como de proporcionarles las condiciones necesarias que les permitan aportar ideas entendidas como motor de cambio el mantenimiento de la competitividad en un mundo en constante evolución la puesta en práctica de las mejores estrategias para el funcionamiento de cualquier tipo de negocio la elección de los socios adecuados para que funcionen las alianzas la utilización de directrices motivadoras con los empleados y la resolución de todas las cuestiones presentes como inversión para las innovaciones futuras Siempre en la vanguardia de la empresa Kanter concibe el libro como una llamada a la acción Sus ensayos reflejan a la perfección la labor de un auténtico líder empresarial y sirven para recordarnos por qué no hay que perder de vista el hecho de que los valores y las personas son la verdadera base del éxito en los negocios Rosabeth Moss Kanter es profesora de Administración de Empresas en la Harvard Business School desde 1986 y fue editora de la Harvard Business Review desde 1989 a 1992 También se ha encargado de la renovación y puesta al día de varios gobiernos empresas privadas y organizaciones de todo el mundo Es autora de otros libros *Collection Management* Roque Martino, El mundo del crédito recibió una oleada de reinversión ingenio e innovación que a nosotros nos tiene perplejos ante los efectos de este tsunami financiero de los últimos años El impacto obviamente se vio y se verá reflejado en el mundo de la recuperación de estos créditos Allí está el epicentro de las preocupaciones y allí seguramente estarán las principales creaciones de nuestra inteligencia intentando volver al cauce de lo que alguna vez estuvo en un lugar adecuado La imagen grabada en la memoria de los colectivos en España acerca de la actividad de recuperación de deudas impagadas es muy baja Nunca ha tenido una buena aceptación sencillamente porque se trata de demostrar un gesto incómodo con el seguimiento a los deudores Hoy en día cuesta aceptar la figura del gestor de cobros y recobros como un gestor profesional Todos los actores piden un nuevo marco que no tenga complicidad con el pasado ya que las viejas recetas quedaron obsoletas tras la debacle financiera de los últimos años El negocio del crédito y su recuperación debe irse a nuevos cambios y adaptar sus modelos de gestión a las dificultades imperantes bajo el prisma de nuevas profesiones y de nuevas tecnologías Todos deseamos mejorar la eficiencia

del sector que ayuda a crear riqueza a la sociedad estas facilita otra vez los mecanismos para devolver al circuito de créditos un nuevo flujo de fondos mediante la recuperación de las deudas impagadas y beneficiar as nuevamente a todos los integrantes de la misma La morosidad de los créditos es un atributo cultural difícil de erradicar solamente se pueden amainar transitoriamente sus consecuencias pero seguir conviviendo en el mercado ya que es un aspecto indisoluble de su composición Por lo tanto siempre habrá un stock de impagados con permanencia más o menos importantes en términos de PIB Esta repercusión en el mercado genera que las empresas de recobro necesiten con frecuencia recursos tecnológicos y humanos formados En conclusión como actividad el recobro se presenta con excelente futuro tal y como lo demuestran el incremento de los últimos años Ante la aparición creciente de nuevos modelos y formatos y su correspondiente tecnología gestional el camino del crédito y su recuperación piden una reinversión de sus técnicas con actores que tienen el papel clave con su actuación Esta obra comienza la inauguración de ese camino de ida

Soft Computing in Management and Business

Economics Anna M. Gil-Lafuente, Jaime Gil-Lafuente, José M. Merigó-Lindahl, 2012-07-13 This book is a collection of selected papers presented at the Annual Meeting of the European Academy of Management and Business Economics AEDEM held at the Faculty of Economics and Business of the University of Barcelona 05-07 June 2012 This edition of the conference has been presented with the slogan Creating new opportunities in an uncertain environment There are different ways for assessing uncertainty in management but this book mainly focused on soft computing theories and their role in assessing uncertainty in a complex world The present book gives a comprehensive overview of general management topics and discusses some of the most recent developments in all the areas of business and management including management marketing business statistics innovation and technology finance sports and tourism This book might be of great interest for anyone working in the area of management and business economics and might be especially useful for scientists and graduate students doing research in these fields

Management Information Systems

Kenneth C. Laudon, Jane Price Laudon, 2004 Management Information Systems provides comprehensive and integrative coverage of essential new technologies information system applications and their impact on business models and managerial decision making in an exciting and interactive manner The twelfth edition focuses on the major changes that have been made in information technology over the past two years and includes new opening closing and Interactive Session cases

Gestión de la complejidad en las organizaciones Jorge Etkin, 2014-07-30 La obra estudia la organización como una realidad compleja por los cambios imprevistos en su contexto la diversidad interna y las consecuencias disfuncionales de las propias decisiones directivas Una realidad donde coexisten la razón y la sinrazón el orden y el desorden la objetividad y la subjetividad la competencia y la colaboración En lo interno hay complejidad en los objetivos múltiples los juegos de poder las subculturas las diferencias de significación el exagerado peso de la eficacia por sobre los valores típicos En lo externo influye la incertidumbre la aceleración del cambio y la adversidad como también la emergencia de nuevos escenarios y oportunidades impensadas Lo

complejo no es s lo al impacto de los cambios en el plano tecnol gico Tambi n afecta lo humano por la duda y ansiedad que generan la ambivalencia en las comunicaciones y la relaci n laboral inestable La visi n convencional ofrece la imagen del directivo que fija el rumbo define estructuras toma decisiones racionales y produce con eficiencia En nuestro tiempo enfrentar la complejidad exige renovar los planes superar esquemas mentales y articular fines diversos El directivo no puede mirar perplejo ni esc ptico c mo el orden resulta desbordado Debe avanzar en una realidad con caminos encontrados sin caer en el crudo pragmatismo que lleva la empresa al caos Se requieren recursos flexibles y estrategias de adaptaci n pero tambi n capacidad para estabilizar los signos vitales de la organizaci n su identidad El libro ofrece a directivos y analistas conceptos y pr cticas para tratar con la diversidad las tensiones y divergencias propias de una organizaci n compleja Y hallar el punto en que las relaciones se hacen sustentables porque consideran tanto las necesidades de los grupos internos como las condiciones de los procesos productivos y los valores asociados al ejercicio de la responsabilidad social de la organizaci n
