The Musical Times & Singing-class Circular ,1914 **Catalogue of the Works of Hector Berlioz** D. Kern

Holoman,1987 This is the most comprehensive catalogue of the musical and literary works of Hector Berlioz They are arranged in chronological order and illustrated with music examples This English language volume also contains information about the origins and performance history of the works It is an invaluable aid to everyone seriously interested in the works of this composer Publisher's description **Richard Wagner's Zurich** Chris Walton,2007 An investigation of the considerable influence of Wagner's stay in Zurich from 1849 to 1858 a period often discounted by scholars on his career When the people of Dresden rose up against their king in May 1849 Richard Wagner went from Royal Kapellmeister to republican revolutionary overnight He gambled everything but the rebellion failed and he lost all Now a wanted man in Germany he fled to Zurich Years later he wrote that the city was devoid of any public art form and full of simple people who knew nothing of my work as an artist But he lied Zurich boasted arguably the world's greatest concentration of radical intellectuals and a vibrant music scene Wagner was accepted with open arms This book investigates Wagner's affect on the musical life of the city and the city's impact on him Mathilde Wesendonck emerges not as Wagner's passive muse but as a self-assured woman who exploited gender expectations to her own benefit In 1858 Wagner had to flee Zurich after again gambling everything this time on Mathilde and again losing But it was in Zurich that Wagner wrote his major theoretical works composed *Das Rheingold* *Die Walküre* and parts of *Siegfried* and *Tristan und Isolde* first planned *Parsifal* held the first festival of his music and conceived of a theater to stage his own works If Wagner had been free in 1849 to choose a city in which to seek heightened intellectual stimulation among the like-minded and the similarly gifted he could have come to no more perfect place Chris Walton teaches music history at the Musikhochschule Basel in Switzerland He is the recipient of the 2010 Max Geilinger Prize honoring exemplary contributions to the literary and cultural relationship between Switzerland and the English-speaking world Music, Art and Emotion Conroy Cupido,2023-03-01 This book explores the ways in which four visual artists make sense of referentialism and emotion in music By listening to five art songs by Schubert Strauss Fauré and Berlioz they were inspired to create new artworks as a result of their understanding of the meaning of the art songs This was

done without an understanding of the text and the artists had to rely on referential meaning in music as well as the perceived or evoked emotions elicited by listening to the art songs The artworks created as a result of this project were exhibited at the Aardklop National Arts Festival entitled Nagmusiek This was a multi modal exhibition featuring music art and text This book employs Artistic Research and Phenomenology in order to understand this phenomenon as I explored the artists creative processes experiences and the tacit knowledge embedded in their artefacts This book would provide readers access to 20 new artworks each created as a result of the artists interpretation of the meaning they ascribed to art song Their creative process is also examined and synthesised with existing literature on emotion and referentialism in music
