Leadership and Management Skills for Long-Term Care Deanna Gray-Miceli, 2008-04-18 Designated a Doody's Core Title While the scope of long term care settings has expanded from nursing homes and home care agencies to assisted living facilities and community based health services the training for nurses managers and administrators medical directors and other professionals who work in these facilities is often fragmented This book was developed to fill a widely recognized gap in the management and leadership skills of RNs needed to improve the quality of long term care The book is based around learning modules in leadership and management competencies that were site tested in three types of long term care settings and revised based on the resulting feedback Several of the nurse experts involved in the project contribute to this book The leadership modules cover team building communication power and negotiation change theory and process management direction and design and management that moves from conflict to collaboration Two additional modules cover cultural competence and principles of teaching and learning related to adult education in the long term care environment Together these skills will enhance the nurse's ability to build and interact with the geriatric care team resolve conflict negotiate for solutions develop collaboration and teach and mentor nurses and nursing assistants The

Student's Guide to Becoming a Nurse Ian Peate, 2012-07-23 The Student's Guide to BECOMING A NURSE The Student's Guide to Becoming a Nurse is an essential guide for all student nurses who want to become competent practitioners. It explores the knowledge, skills, and attitudes that all pre-registration nursing students must acquire by the end of their programme of study, enabling them to become confident, successful nurses. Thoroughly re-written and updated to include the latest 2010 NMC standards for pre-registration nursing education, this invaluable textbook is divided into four key sections: Professional values, Communication and interpersonal skills, Nursing practice and decision making, Leadership, management and team working. With case studies, top tips, activities, and questions throughout, The Student's Guide to Becoming a Nurse is ideal for all pre-registration nurses and those about to qualify. Student Reviews: It's been designed for students and that's why I like it; it is student-friendly, useful, easy to read. Tamara Thomas, 2nd year nursing student, Swansea University. I cannot fault the content; it is straight to the point, it provides some interesting resources for a student nurse that is essential for them to know. A joy to read. Faye Elliott, 2nd year nursing student, Keele University. I think the content and material is excellent; I will definitely be making recommendations to my friends. Leanne Curran, 2nd year nursing student, University of Ulster. This book is truly amazing and provided all of the information needed for my final exam to become a qualified nurse. I passed with flying colours. Thanks Amazon review.

Reflective Leadership in Healthcare Rhian Last, Sue Lillyman, 2023-08-15 This practical and positive guide shows how good, effective reflection can help people to stay on track as well as understand what is working well and what might be improved. Essential skills for leaders at all levels of practice, from newly qualified staff to senior managers. Supporting readers to link theory and action with reflection, the authors illustrate how practitioners can exercise their own kinds of leadership to strengthen, improve, and thrive. Taking a realistic and achievable view of leadership, the book reviews the different leadership approaches and styles that help to inform us about what makes a good leader. It explores the role of emotional intelligence, appreciative intelligence, and narrative intelligence in leadership, especially in complex, challenging, and continually changing healthcare settings, and uses case studies and practice examples to ensure the book is relevant, current, and helpful. Reflective leadership is fundamental to providing safe, effective healthcare to all patients, as well as enhancing resilience for individuals, teams, and organisations. This guide is an essential read for healthcare students and practitioners, no matter at what stage or level they are at as a leader.
