Nuuchahnulth Nootka Morphosyntax

Charlotte Côté

Nuuchahnulth Nootka Morphosyntax:

Nuuchahnulth (Nootka) Morphosyntax Toshihide Nakayama, 2001 This volume describes aspects of word and sentence formation in Nuuchahnulth formerly known as Nootka a language spoken on the west coast of Vancouver Island British Columbia Canada Aspects included are polysynthetic word formation word classes and clause structure The morphosyntactic regularities are examined in the context of general structural characteristics of the language in an attempt to contribute to the language an internally and typologically accurate understanding of Nuuchahnulth morphosyntactic structures

Nuuchahnulth (Nootka) Morphosyntax Toshihide Nakayama, 2002-04-30 This volume describes aspects of word and sentence formation in Nuuchahnulth formerly known as Nootka a language spoken on the west coast of Vancouver Island British Columbia Canada Aspects included are polysynthetic word formation word classes and clause structure The morphosyntactic regularities are examined in the context of general structural characteristics of the language in an attempt to contribute to the language an internally and typologically accurate understanding of Nuuchahnulth morphosyntactic structures

The Linearization of Affixes: Evidence from Nuuchahnulth Rachel Wojdak, 2007-12-08 This book examines the problem of linearization from a new perspective that of the linearization of affixes The author's driving proposition is that affixation provides a means of satisfying the universal requirement to linearize linguistic outputs This proposition is tested using original data from Nuuchahnulth Nootka Wakashan family an endangered Amerindian language that is remarkable for its complex morphology

The Oxford Handbook of Polysynthesis Michael Fortescue, Marianne Mithun, Nicholas Evans, 2017-09-14 This handbook offers an extensive crosslinguistic and cross theoretical survey of polysynthetic languages in which single multi morpheme verb forms can express what would be whole sentences in English These languages and the problems they raise for linguistic analyses have long featured prominently in language descriptions and yet the essence of polysynthesis remains under discussion right down to whether it delineates a distinct coherent type rather than an assortment of frequently co occurring traits Chapters in the first part of the handbook relate polysynthesis to other issues central to linguistics such as complexity the definition of the word the nature of the lexicon idiomaticity and to typological features such as argument structure and head marking Part two contains areal studies of those geographical regions of the world where polysynthesis is particularly common such as the Arctic and Sub Arctic and northern Australia The third part examines diachronic topics such as language contact and language obsolescence while part four looks at acquisition issues in different polysynthetic languages Finally part five contains detailed grammatical descriptions of over twenty languages which have been characterized as polysynthetic with special attention given to the presence or absence of potentially criterial features

Linguistic Theory and Complex Words J. Stonham, 2004-09-21 Nuuchahnulth is known for its striking use of word formation and complex inflection This is the first book to provide a detailed description of the complex morphology of the language based on material gathered when it was more viable than it is now The description is embedded

within a broad ranging theoretical discussion of interest to all morphologists It will provide an essential tool for researchers in Nuuchahnulth and related languages in Wakashan in general and in Native American Studies

How Categorical are Categories? Joanna Blaszczak, Dorota Klimek-Jankowska, Krzysztof Migdalski, 2015-08-17 This book addresses the foundational question of category distinctions and challenges the traditional views from the modern theoretical and experimental perspective Its focus is on the noun verb noun adjective distinctions and categories occupying the grey zone between standard categories e g nominalizations This book will be of interest for researchers and students of linguistics and cognitive sciences

Encyclopedia of Language and Linguistics, 2005-11-24 The first edition of ELL 1993 Ron Asher Editor was hailed as the field's standard reference work for a generation Now the all new second edition matches ELL's comprehensiveness and high quality expanded for a new generation while being the first encyclopedia to really exploit the multimedia potential of linguistics The most authoritative up to date comprehensive and international reference source in its field An entirely new work with new editors new authors new topics and newly commissioned articles with a handful of classic articles The first Encyclopedia to exploit the multimedia potential of linguistics through the online edition Ground breaking and International in scope and approach Alphabetically arranged with extensive cross referencing Available in print and online priced separately The online version will include updates as subjects develop ELL2 includes c 7 500 000 words c 11 000 pages c 3 000 articles c 1 500 figures 130 halftones and 150 colour Supplementary audio video and text files online c 3 500 glossary definitions c 39 000 references Extensive list of commonly used abbreviations List of languages of the world including information on no of speakers language family etc Approximately 700 biographical entries now includes contemporary linguists 200 language maps in print and online Also available online via ScienceDirect featuring extensive browsing searching and internal cross referencing between articles in the work plus dynamic linking to journal articles and abstract databases making navigation flexible and easy For more information pricing options and availability visit www.infosciencedirect.com The first Encyclopedia to exploit the multimedia potential of linguistics Ground breaking in scope wider than any predecessor An invaluable resource for researchers academics students and professionals in the fields of linguistics anthropology education psychology language acquisition language pathology cognitive science sociology the law the media medicine computer science The most authoritative up to date comprehensive and international reference source in its field

Spirits of Our Whaling Ancestors Charlotte Coté, 2015-07-21 Following the removal of the gray whale from the Endangered Species list in 1994 the Makah tribe of northwest Washington State announced that they would revive their whale hunts their relatives the Nuuchahnulth Nation of British Columbia shortly followed suit Neither tribe had exercised their right to whale in the case of the Makah a right affirmed in their 1855 treaty with the federal government since the gray whale had been hunted nearly to extinction by commercial whalers in the 1920s The Makah whale hunt of 1999 was an event of international significance connected to the worldwide struggle for aboriginal sovereignty and to the broader discourses of

environmental sustainability treaty rights human rights and animal rights It was met with enthusiastic support and vehement opposition As a member of the Nuuchahnulth Nation Charlotte Cote offers a valuable perspective on the issues surrounding indigenous whaling past and present Whaling served important social economic and ritual functions that have been at the core of Makah and Nuuchahnulth societies throughout their histories Even as Native societies faced disease epidemics and federal policies that undermined their cultures they remained connected to their traditions The revival of whaling has implications for the physical mental and spiritual health of these Native communities today Cote asserts Whaling she says defines who we are as a people Her analysis includes major Native studies and contemporary Native rights issues and addresses environmentalism animal rights activism anti treaty conservatism and the public's expectations about what it means to be Indian These thoughtful critiques are intertwined with the author's personal reflections family stories and information from indigenous anthropological and historical sources to provide a bridge between cultures A Capell Family Book

Corpus-based Approaches to Sentence Structures Toshihiro Takagaki, 2005-01-01 This is the second volume of the series Usage Based Linguistic Informatics a product of the 21st century COE program held at Tokyo University of Foreign Studies TUFS The project has an objective to realize an integration of theoretical and applied linguistics on the basis of computer sciences With a view to practically applying the results of linguistic analysis to language education the promotion of individual language research has become a high priority issue A new field of linguistic research is intended to be developed by elucidating the state of linguistic usage based on the analysis of large amounts of linguistic data The volume thus consists mainly of language specific corpus based analyses on sentence structures in ten different languages such as Nuuchahnulth Korean Chinese Malay Turkish Arabic Russian French English and Spanish It also includes papers that deal with various theoretical issues in contrastive linguistics and typology

The Vanishing Languages of the Pacific Rim Osahito Miyaoka, Osamu Sakiyama, Michael E. Krauss, 2007-04-12 Publisher description

The Enigmatic Realm of **Nuuchahnulth Nootka Morphosyntax**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing short of extraordinary.
