Scenes from Deep Time Martin J. S. Rudwick, 1995-11-08 How did the earth look in prehistoric times? Scientists and artists collaborated during the half century prior to the publication of Darwin's *Origin of Species* to produce the first images of dinosaurs and the world they inhabited. Their interpretations, informed by recent fossil discoveries, were the first efforts to represent the prehistoric world based on sources other than the Bible. Martin J. S. Rudwick presents more than a hundred rare illustrations from the eighteenth and nineteenth centuries to explore the implications of reconstructing a past no one has ever seen.

The William Freeman Murder Trial Andrew W. Arpey, 2003-12-01 Antebellum culture is spectacularly exposed in this book of horrific multiple murder and madness in Upstate New York. Andrew W. Arpey offers insight into subjects that will have broad appeal to historians and scholars of law, journalism, religion, psychiatry, politics, race, and reform. Drawing on newspapers, trial accounts, and private papers, Arpey shows the political machinations surrounding the case and the heated debate the trial set off over the relationship of race and crime, the use of punishment, and the boundaries of legal responsibility. His superb reconstruction of the trial, the motivations of its many actors, and the trial's status in American history place this book alongside the best crime novels. In 1846 William Freeman, a young man of African and Native American descent, stabbed to death four members of the Van Nest family with no apparent motive. His victims, all of whom were white, included an elderly woman, her pregnant daughter, and her two-year-old grandson. Freeman was quickly apprehended, but his mental health soon became a matter of controversy. Led by the future secretary of state William H. Seward, his counsel entered the first insanity plea in the state's history. The Van Nest killings and the trial of William Freeman, though illustrative of many aspects of antebellum society and culture, have never received in-depth scholarly attention. Arpey's investigation into the case yields a wide range of provocative insights that are invaluable to a critical understanding of New York history, legal debate, and race matters in American history.

Going Underground George Hurchalla, 2016-04-01 The product of decades of work and multiple self-published editions, *Going Underground*, written by 1980s scene veteran George Hurchalla, is the most comprehensive look yet at America's nationwide underground punk scene. Despite the mainstream press declarations that punk died with Sid Vicious or that punk was reborn with Nirvana, author Hurchalla followed the DIY spirit of punk underground where it not only survived but thrived nationally as a self-sustaining grassroots movement rooted in seedy clubs, rented fire halls, Xeroxed zines, and indie record shops. Rather than dwell solely on well-documented scenes from Los Angeles, New York, and Washington DC, Hurchalla delves deep into the counterculture, rooting out stories from Chicago, Philadelphia, Austin, Cincinnati, Miami, and elsewhere. The author seamlessly mixes his personal experiences with the oral history of dozens of band members, promoters,

artists zinesters and scenesters Some of the countless bands covered include Articles of Faith Big Boys Necros Hsker D Bad Brains Government Issue and Minutemen as well as many of the essential zines of the time such as Big Takeover Maximum RocknRoll Flipside and Forced Exposure Going Underground features over a hundred unique photos from Marie Kanger Born of Chicago Dixon Coulbourn of Austin Brian Trudell of LA Malcolm Riviera of DC Justina Davies of New York Ed Arnaud of Arizona and many others along with flyers from across the nation Annual Report of the Commissioner of Patents United States.
