Ny Times Encyclopedia Of Film:

The New York Times Encyclopedia of Film: 1964-1968 Gene Brown,1984 **The New York Times Encyclopedia of Film** Gene Brown,1984 *New York Times Encyclopedia of Film 1941-1946* Times NY,York Times New,1987-10-01 First published in 1987 Routledge is an imprint of Taylor Francis an informa company **The New York Times Encyclopedia of Film** Times NY,1942-07 **A Short History of Film, Fourth Edition** Wheeler Winston Dixon,Gwendolyn Audrey Foster,2025-10-14 This updated and expanded edition of A Short History of Film provides an accessible overview of the major movements directors studios and genres from the 1880s to the present Succinct yet comprehensive with more than 250 rare stills and illustrations it brings readers face to face with many of the key players and films that have shaped the industry Beginning with the precursors of moving pictures Wheeler Winston Dixon and Gwendolyn Audrey Foster lead a fast paced tour through the invention of the kinetoscope the introduction of sound and color between the two world wars and ultimately the computer generated imagery of the present day They detail significant periods in world cinema including the creation of early major industries in Europe the dominance of the Hollywood studio system in the 1930s and 1940s and the French New Wave of the 1960s They also highlight independent efforts in developing nations and the corresponding more personal independent film movement that briefly flourished in the United States Along the way the authors incorporate the stories of women and other minority filmmakers who have often been overlooked in other texts Compact and easily readable this is a vital history of international cinema is a one stop resource for students teachers and general readers alike **Doing Their Bit** Michael S. Shull,David E. Wilt,2014-05-23 The golden age of animation stretched from the early 1930s to the mid 1950s with movie cartoons reaching an extraordinarily high level of artistry and technique far higher than today s TV cartoons for instance Nearly 1000 cartoons were produced by the seven major animation studios in the U S between January 1 1939 and September 30 1945 the immediate pre World War II period up to the cessation of hostilities More than a quarter of the cartoons substantially refer to the war and thereby are invaluable in helping to understand American attitudes and Hollywood s reflection of them The meat of Doing Their Bit is a filmography with extremely detailed summaries of the 260 or so commercially produced animated war related shorts 1939 1945 There is also a good bit of overall commentary on these films as a group Two chapters wrap up animated cartoons of World War I and the general political tenor of animated talkies of the 1930s This edition also includes a new chapter on the outrageous government sponsored Pvt Snafus **Royal Portraits in Hollywood** Elizabeth A. Ford,Deborah C. Mitchell,2009-06-26 Few lives provide as much history or drama as those of monarchs Filmmakers from the silent era to onward have displayed a deep fascination with the lives of royalty and with queens in particular Still the question remains what do these films really tell us about the women beneath the crowns Drawing on films from the 1930s to those of today Royal Portraits in Hollywood Filming the Lives of Queens investigates the ways in which these films reproduce history and represent women Though hardly progressive in nature many early films

offered an acceptable nonthreatening way to present strong female characters in an economic and social landscape run almost exclusively by men Authors Elizabeth Ford and Deborah Mitchell track the evolution of queens on film noting how depictions of prominent women have changed over the past several decades and calling attention to the ways in which films both reflect and dictate the social norms of their eras By comparing historical records of monarchs such as Queen Christina of Sweden Catherine the Great Cleopatra and Elizabeth I with their onscreen personas and examining the biographical details of the actresses who portrayed these women Ford and Mitchell present a fascinating inquiry into issues of historical accuracy and gender politics in film *The New York Times Encyclopedia of Film: 1896-1928* Gene Brown,1984 [The New York Times Encyclopedia of Film](#) New York Times,Times NY,1987-10-01 **The New York Times Encyclopedia of Film: 1896-1928**,1984 **How to Read a Film** James Monaco,1981 Now thoroughly revised and updated the book discusses recent breakthroughs in media technology including such exciting advances as video discs and cassettes two way television satellites cable and much more [The New York Times Film Encyclopedia, 1896-1979](#) New York Times,New York Times Staff,1984-06-12 **Thoughtful Cinema** Thomas E. Wartenberg,2025 Anyone who has seen a film and then followed up with a cup of coffee or glass of wine as they discuss it with friends knows that films can inspire thoughtful conversation and further reflection sometimes long after their initial screening Thoughtful Cinema explores how films raise and suggest answers to philosophical questions through an in depth analysis of how seven films engage with various philosophical traditions ranging from the nineteenth century German philosopher Friedrich Nietzsche to the twentieth and twenty first century American philosopher Judith Jarvis Thomson Films can do philosophy this book argues as a result of their ability to illustrate philosophical claims and theories However the films discussed in this book do much more than that they also supplement the philosophies they illustrate by expanding their claims and criticizing their assumptions Films therefore can make their own independent contributions to philosophical theory Thoughtful Cinema shows how films grapple with philosophical ideas such as personal identity the banality of evil authenticity euthanasia third party killing and the power of attention This book makes an important contribution to the debate about cinematic philosophy that has engaged both philosophers of film and film theorists for decades and it also proves that philosophy is not just a narrow specialty accessible only to trained practitioners Films that do philosophy address the essential concerns of human life and it s this characteristic their philosophical attention that makes them appeal to a wide audience [Film Remakes, Adaptations and Fan Productions](#) K. Loock,C. Verevis,2012-10-23 A dynamic investigation of processes of cultural reproduction remaking and remodelling which considers a wide range of film adaptations remakes and fan productions from various industrial textual and critical perspectives **Fight Like a Girl** Laura Barcella,2019-08-01 Nearly every day there s another news story or pop cultural anecdote related to feminism and women s rights YesAllWomen conversations around consent equal pay access to contraception and a host of other issues are foremost topics of conversation in American and worldwide media right now

Today's teens are encountering these issues from a different perspective than any generation has had before but what's often missing from the current discussion is an understanding of how we've gotten to this place *Fight Like a Girl* will familiarize readers with the history of feminist activism in an effort to celebrate those who paved the way and draw attention to those who are working hard to further the cause of women's rights Profiles of both famous and lesser known feminists will be featured alongside descriptions of how their actions affected the overall feminist cause and unique portraits artist's renderings of the feminists themselves This artistic addition will take the book beyond simply an informational text and make it a treasure of a book

George Washington on Screen Leigh Ehlers Telotte, 2023-07-18 One of the most moving narratives from the American Revolution is the first presidential administration and the many precedents set by George Washington While media historians have extensively analyzed screen portrayals of the more sensational events of America in the 1750s to the 1790s far less attention has been paid to portrayals of the first presidency and the character of George Washington in film television and other formats This book addresses that gap by providing the most comprehensive analysis of the character of George Washington on screen Divided into two parts the book begins with an analysis of how the Washington character has evolved through time and screen media from early silent films to modern multimedia products In Part II a filmography documents each piece of screen media that features a representation of Washington It includes silent films theatrical films cartoons television and screen media from the 21st century such as streaming video games and multimedia presentations Arranged alphabetically each entry includes format type production details crew and cast lists and a brief description of Washington's character in relation to the plot

Giordano, 2017-06-05
Covering significant historical and cultural moments public figures and celebrities art and entertainment and technology that influenced life during the decade this book documents the 1950s through the lens of popular culture On the surface the 1950s was a time of post war prosperity and abundance However in spite of a relaxation of immigration policies the good life in the 50s was mainly confined to white non ethnic Americans A new Cold War with the Soviet Union intended to contain the threat of Communism and the resulting red scare tinged the experience of all U S citizens during the decade This book examines the key trends people and movements of the 1950s and inspects them within a larger cultural and social context By highlighting controversies in the decade readers will gain a better understanding of the social values and thinking of the time The examination of the individuals who influenced American culture in the 1950s enables students to gauge the tension between established norms of conformity and those figures that used pop culture as a broad avenue for change either intentionally or by accident
