Party Competition In Argentina And Chile

Daniel Ziblatt

Party Competition In Argentina And Chile:

Party Competition in Argentina and Chile Karen L. Remmer, 1984

Conservative Parties and the Birth of

Democracy Daniel Ziblatt, 2017-04-17 How do democracies form and what makes them die Daniel Ziblatt revisits this timely and classic question in a wide ranging historical narrative that traces the evolution of modern political democracy in Europe from its modest beginnings in 1830s Britain to Adolf Hitler's 1933 seizure of power in Weimar Germany Based on rich historical and quantitative evidence the book offers a major reinterpretation of European history and the question of how stable political democracy is achieved The barriers to inclusive political rule Ziblatt finds were not inevitably overcome by unstoppable tides of socioeconomic change a simple triumph of a growing middle class or even by working class collective action Instead political democracy's fate surprisingly hinged on how conservative political parties the historical defenders of power wealth and privilege recast themselves and coped with the rise of their own radical right With striking modern parallels the book has vital implications for today's new and old democracies under siege

Negotiating Trade

Liberalization in Argentina and Chile Andrea C. Bianculli, 2016-12-08 How do international negotiations affect domestic politics Starting in the 1990s countries throughout Latin America embarked on many and simultaneous negotiations On the shifting ground of widening and deepening trade agendas and diverse arenas what factors determined trade politics This book examines the domestic political dynamics triggered by South South North South and multilateral agendas in Argentina and Chile between 1990 and 2005 Using a much needed cross negotiation and cross country comparative perspectives and through detailed empirical analyses of several key negotiations it proposes an explanation that emphasizes the interplay between international negotiations and domestic trade politics taken as the result of the complex and dynamic interdependencies and interrelations between state and society Informed by interviews with public officials businesses and civil society the analysis reveals that variation in the depth of agendas the distributional effects and the uncertainty of political outcomes all have important consequences for domestic preference formation collective action strategies and types of relationships Given this the variety of negotiations when considered separately and comparatively show that South South North South and multilateral processes promote different patterns of trade politics In sum although national specificities and historical legacies are important the book argues that trade policy comes first in creating domestic politics in Latin America

Conservative Parties, the Right, and Democracy in Latin America Kevin J. Middlebrook, 2003-05-01 Under what conditions do political institutions develop that are capable of promoting economic and social elites accommodation to democracy The importance of this question for research on regime change and democracy in Latin America lies in two established political facts alliances between upper class groups and the armed forces have historically been a major cause of military intervention in the region and countries with electorally viable national conservative parties have experienced significantly longer periods of democratic governance since the 1920s and 1930s than have countries with weak conservative

parties The contributors to this book examine the relationship between the Right and democracy in Argentina Brazil Chile Colombia El Salvador Peru and Venezuela during the 1980s and 1990s The authors focus particularly on the challenges that democratization may pose to upper class groups the political role of conservative parties and their electoral performance during these two crucial decades and the relationships among conservative party strength or weakness different modes of elite interest representation and economic and social elites support for political democracy The volume includes a statistical appendix with data on conservative parties electoral performance in national elections during the 1980s and 1990s in these seven countries Contributors Atilio A Bor n Universidad de Buenos Aires Catherine M Conaghan Queen s University Michael Coppedge University of Notre Dame John C Dugas Kalamazoo College Manuel Antonio Garret n Universidad de Chile Scott Mainwaring University of Notre Dame Rachel Meneguello Universidade de Campinas Kevin J Middlebrook University of California San Diego Timothy J Power Florida International University Elisabeth J Wood New York University

Party Politics And Elections In Latin America J Mark Ruhl, Ronald H McDonald, 2019-08-30 This book is an introduction to party politics elections and electoral behavior in Latin America The subject is vast and the available research on it extensive The principal purpose is to summarize and conceptualize the subject making comparisons where appropriate among nations The authors try to point out both the specific parochial experiences of individual Latin American nations as well as the more universal experiences

Strong Parties and Lame Ducks Michael Coppedge, 1994 This bold and comprehensive reassessment of democracy in Venezuela explains why one of the oldest and most admired democracies in Latin America has become fragile after more than three decades of apparent stability

History of Political Parties in Twentieth-century Latin America Torcuato Di Tella, 2017-07-05 The general perception of modern Latin American political institutions emphasizes a continuing and random process of disorder and crisis continually out of step with other regions in their progress toward democracy and prosperity In History of Political Parties in Twentieth Century Latin America Torcuato S Di Tella demonstrates that this common view lacks context and comparative nuance and is deeply misleading Looking behind the scenes of modern Latin American history he discerns its broad patterns through close analysis of actual events and comparative sociological perspectives that explain the apparent chaos of the past and point toward the more democratic polity now developing Di Tella argues that although Latin America has peculiarities of its own they must be understood in their contrasts and similarities with both the developed centers and undeveloped peripheries of the world Latin American societies have been prone to mass rebellions from very early on more so than in other regions of the world He analyzes as well such significant exceptions to this pattern as Chile Colombia and to a large extent Brazil Turning to the other side of the social spectrum he shows how the underprivileged classes have tended to support strongman populist movements which have the double character of being aggressive toward the established order but at the same time repressive of public liberties and of more radical groups Di Tella provides here a necessary examination of the concept of populism and divides it

into several variants Populism he maintains is by no means disappearing but its variants are instead undergoing important changes with significant bearing on the region's near term future History of Political Parties in Twentieth Century Latin America is rich in historical description but also in its broad review of social structures and of the strengths and weaknesses of political institutions Choice commented that this heavily documented volume with an extensive bibliography would prove valuable to researchers and advanced students of Latin America *Parties, Elections, and Political Participation in Latin America* Jorge I Dominguez, 2014-02-04 First Published in 1994 This is Volume five of seven of a collection of essays that gathers together scholarly debates from the 1950s to the 1990s on Mexico Central and South America This text looks at topics such as government parties in Latin America the Mexican elections of 1958 political campaigning the scope of the Chilean Party systems the case of Peronism and electoral change amongst others

Race and Party Competition in Britain Anthony M. Messina, 1989 This study explores the political implications of racial issues in Britain since 1958 It focuses specifically on the dilemmas this area of public policy has raised for the Conservative and Labour parties in the last three decades

Economic Elites, Political Parties and the Electoral Arena Felipe Monestier, 2023-12-14 This book delves into the intricate dynamics between economic elites and the political party system in Argentina Chile and Uruguay particularly during their democratization phases in the twentieth century It introduces a novel framework for comprehending the diverse political strategies adopted by these countries economic elites during this critical period The central premise of this book is that the interplay between the cohesion of economic elites and the mobilization of popular sectors at specific historical junctures profoundly influences the nature of elite political involvement While existing literature has extensively discussed the strategies employed by economic elites to safeguard their interests this book takes a fresh approach by considering three primary configurations of relationships between economic elites and political parties It explores cases where economic elites are the primary constituency of parties they have founded as well as instances where upper class interests are predominantly defended outside the party system through mechanisms such as the armed forces pressure groups and lobbying Additionally it examines scenarios where economic elites align themselves with parties boasting a polyclass constituency exerting limited influence over these parties This book goes beyond traditional analyses by proposing a theory that elucidates how the interaction between elite cohesion and popular sector mobilization determines the specific forms of elite political involvement It also charts the historical sequences of this process emphasizing the evolution of the causal relationship over time To illustrate this theory the book employs a comparative historical analysis scrutinizing the three aforementioned cases to identify factors that account for the different forms of economic elite political participation It discerns that the level of cohesion among economic elites and the degree of mobilization among popular sectors are pivotal factors shaping elite party relationships

Latin American Party Systems Herbert Kitschelt, Kirk A. Hawkins, Juan Pablo Luna, Guillermo Rosas, Elizabeth J. Zechmeister, 2010-02-22 Political parties provide a crucial link between voters and

politicians This link takes a variety of forms in democratic regimes from the organization of political machines built around clientelistic networks to the establishment of sophisticated programmatic parties Latin American Party Systems provides a novel theoretical argument to account for differences in the degree to which political party systems in the region were programmatically structured at the end of the twentieth century Based on a diverse array of indicators and surveys of party legislators and public opinion the book argues that learning and adaptation through fundamental policy innovations are the main mechanisms by which politicians build programmatic parties Marshalling extensive evidence the book s analysis shows the limits of alternative explanations and substantiates a sanguine view of programmatic competition nevertheless

recognizing that this form of party system organization is far from ubiquitous and enduring in Latin America Politics, Society, And Democracy Latin America Scott Mainwaring, 2018-02-19 This is the third of four volumes compiled in honor of Juan J Linz and edited by H E Chehabi Richard Gunther Alfred Stepan and Arturo Valenzuela Each volume presents original research and theoretical essays by Linz s distinguished collaborators students teachers and friends as well as overviews of his enormous contributions to Spanish and Latin American studies comparative politics and sociology In Volume III leading Latin American scholars evaluate Juan Linz s contribution to the study of Latin American politics in particular his influence on studies dealing with authoritarianism democratic breakdown public opinion regime transition and the institutional conditions needed for stable democracy **Conservative Party-Building in Latin America** James Loxton, 2021-05-28

Where do strong conservative parties come from While there is a growing scholarly awareness about the importance of such parties for democratic stability much less is known about their origins In this groundbreaking book James Loxton takes up this question by examining new conservative parties formed in Latin America between 1978 and 2010 The most successful cases he finds shared a surprising characteristic they had deep roots in former dictatorships Through a comparative analysis of failed and successful cases in Argentina Chile El Salvador and Guatemala Loxton argues that this was not a coincidence The successes inherited a range of resources from outgoing authoritarian regimes that paradoxically gave them an advantage in democratic competition He also highlights the role of intense counterrevolutionary struggle as a source of party cohesion In addition to making an empirical contribution to the study of the Latin American right and a theoretical contribution to the study of party building Loxton advances our understanding of the worldwide phenomenon of authoritarian successor parties parties that emerge from authoritarian regimes but that operate after a transition to democracy A major work Conservative Party Building in Latin America will reshape our understanding of politics in contemporary Latin America and the realities of democratic transitions everywhere **Latin America and the Origins of Its Twenty-First Century** Michael

Monteón, 2009-12-30 Latin American societies were created as pre industrial colonies that is peoples whose cultures and racial makeup were largely determined by having been conquered by Spain or Portugal In all these societies a colonial heritage created political and social attitudes that were not conducive to the construction of democratic civil societies And

yet Latin America has a public life not merely governments but citizens who are actively involved in trying to improve the lives and welfare of their populations Monteon focuses on the relation of people's lifestyles to the evolving pattern of power relations in the region Much more than a basic description of how people lived this book melds social history politics and economics into one creating a full picture of Latin American life There are two poles or markers in the narrative about people's lives the cities and the countryside Cities have usually been the political and cultural centers of life from the conquest to the present Monteon concentrates on cities in each chronological period allowing the narrative to explain the change from a religiously centered life to the secular customs of today from an urban form organized about a central plaza and based on walking to one dominated by the automobile and its traffic Each chapter relates the connections between the city and its countryside and explains the realities of rural life Also discussed are customs diets games and sports courting and marriage and how people work

Political Representation in Southern Europe and Latin America André Freire, Mélanie Barragán, Xavier Collier, Marco Lisi, Emmanouil Tsatsanis, 2020-06-03 This collective volume with contributions from experts on these regions examines broader questions about the current crises The Great Recession and The Commodity Crisis and the associated changes in political representation in both regions It provides a general overview of political representation studies in Southern Europe and Latin America and builds bridges between the two traditions of political representation studies affording greater understanding of developments in each region and promote future research collaboration between Southern Europe and Latin America Finally the book addresses questions of continuity and change in patterns of political representation after the onset of the two economic crises specifically examining issues such as changes in citizens democratic support and trust in political representatives and institutions in descriptive representation in the sociodemographic profile of MPs and in substantive representation in the link between voters and MPs in terms of ideological congruence and or policy issue orientations This book will be of key interest to scholars and students of political elites

political representation European and Latin American politics studies and more broadly to comparative politics

Welfare and Party Politics in Latin America Jennifer Pribble, 2013-04-22 Systems of social protection can provide crucial assistance to the poorest and most vulnerable groups in society but not all systems are created equally In Latin America social policies have historically exhibited large gaps in coverage and high levels of inequality in benefit size Since the late 1990s countries in this region have begun to grapple with these challenges enacting a series of reforms to healthcare social assistance and education policy While some of these initiatives have moved in a universal direction others have maintained existing segmentation or moved in a regressive direction Welfare and Party Politics in Latin America explores this variation in Argentina Chile Uruguay and Venezuela finding that the design of previous policies the intensity of electoral competition and the character of political parties all influence the nature of contemporary social policy reform in Latin America

Clientelism, Social Policy, and the Quality of Democracy Diego Abente Brun, Larry Diamond, 2014-03 Abente Brun and

Diamond invited some of the best social scientists in the field to systematically explore how political clientelism works and evolves in the context of modern developing democracies with particular reference to social policies aimed at reducing poverty Clientelism Social Policy and the Quality of Democracy is balanced between a section devoted to understanding clientelism s infamous effects and history in Latin America and a section that draws out implications for other regions specifically Africa Southeast Asia and Eastern and Central Europe **Democratic Latin America** Craig

Arceneaux,2015-10-30 Drawing on new approaches in comparative politics Democratic Latin America focuses on analyzing political institutions as a way to assess broader trends in the region s politics including the rise of democracy The text looks at the major institutions executive legislature judiciary military and more in 18 democratic countries to not only provide an expansive view of politics in Latin America but to also facilitate cross national comparison Democratic Latin America uniquely surveys the what of the region s politics as well as the why and how to help students critically consider Latin America s future *Reorganizing Popular Politics* Ruth Berins Collier,Samuel Handlin,2015-10-29 A historic shift has

occurred in the organizational structures through which the lower classes in Latin America express voice and find political representation With the political and economic reforms of the 1980s and 1990s networks of community based associations and nongovernmental organizations replaced party affiliated labor unions as the predominant organizations to which the lower classes turned This volume examines the new interest regime in Argentina Chile Peru and Venezuela through two extensive surveys one of individuals and one of associations undertaken in those nations capital cities Contrary to common perceptions the new interest regime is neither a vibrant autonomous civil society nor a set of weak atomized organizations Participation in associations is generally high compared to direct action as a strategy for pursuing collective interests and associations more frequently coordinate and engage the state than has sometimes been assumed However various forms of interaction with the state pose a classic trade off between representation and state control and the new interest regime is marked by representational distortion in that the lower classes are less likely to use the new structures than the middle classes Within these general patterns distinct national models are emerging This volume represents the most ambitious and systematic effort to date to examine individual participation and associational life in Latin America and to carry out a cross national analysis of new forms of political representation **Presidentialism and Democracy in Latin America** Scott

Mainwaring,Matthew Soberg Shugart,1997-05-13 Addressing the current debate regarding the liabilities and merits of presidential government this work asks does presidentialism make it less likely that democratic governments will be able to manage political conflict as many prominent scholars have argued With the unprecedented wave of transitions to democracy since the 1970s this question has been hotly contested in political and intellectual circles all over the globe The contributors to this volume examine variations among different presidential systems and sceptically view claims that presidentialism has added significantly to the problems of democratic governance and stability The contributors argue that presidential systems

vary in important ways mostly according to the constitutional powers accorded to the president to affect legislation and the degree to which presidents parties control legislative majorities

Party Competition In Argentina And Chile Introduction

Party Competition In Argentina And Chile Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Party Competition In Argentina And Chile Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Party Competition In Argentina And Chile : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Party Competition In Argentina And Chile : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Party Competition In Argentina And Chile Offers a diverse range of free eBooks across various genres. Party Competition In Argentina And Chile Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Party Competition In Argentina And Chile Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Party Competition In Argentina And Chile, especially related to Party Competition In Argentina And Chile, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Party Competition In Argentina And Chile, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Party Competition In Argentina And Chile books or magazines might include. Look for these in online stores or libraries. Remember that while Party Competition In Argentina And Chile, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Party Competition In Argentina And Chile eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Party Competition In Argentina And Chile full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Party Competition In Argentina And Chile eBooks, including some popular titles.

FAQs About Party Competition In Argentina And Chile Books

What is a Party Competition In Argentina And Chile PDF? A PDF (Portable Document Format) is a file format developed

by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Party Competition In Argentina And Chile PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Party Competition In Argentina And Chile PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Party Competition In Argentina And Chile PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Party Competition In Argentina And Chile PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
