Pasajes Culture:

Pasajes: Cultura Mary Lee Bretz, Trisha Dvorak, Carl Kirschner, 2006-01-19 The Pasajes series is one of the most widely used and highly respected programs for intermediate Spanish courses in North America. As in previous editions, the sixth edition of Pasajes consists of three volumes all coordinated by theme: chapter by chapter a review of grammar, *Lengua*, a cultural reader, *Cultura*, and a literary reader, *Literatura*. The result is a very flexible program that can be used in any combination and thus is easily adapted to suit the needs of a wide variety of instructors and intermediate courses. The new edition offers a brand new interior design, brief new cultural readings with accompanying photos, updated and revised activities, and more.

The Future of the Past: Paths towards Participatory Governance for Cultural Heritage Gabriela García, Aziliz Vandesande, Fausto Cardoso, Koen Van Balen, 2021-06-03 The Future of the Past is a biennial conference generally carried out during the commemoration date of the incorporation of Santa Ana de los Ríos de Cuenca, Ecuador, as a World Heritage Site (WHS). It initiated in 2014 organized by the City Preservation Management research project (CPM) of the University of Cuenca to create a space for dialoguing among interested actors in the cultural heritage field. Since then, this space has served to exchange initiatives and to promote coordinated actions based on shared responsibility in the local context. The third edition of this conference took place in the context of the 20th anniversary of being listed as WHS and a decade of CPM as the Southern host of the PRECOM30S UNESCO Chair Preventive Conservation Maintenance and Monitoring of Monuments and Sites. For the very first time and thanks to the collaboration with the Raymond Lemaire International Centre for Conservation of the University of Leuven, Belgium, the conference expanded its local scope. On this occasion, contributions reflected round a worldwide challenge in the cultural field: revealing the paths towards participatory governance of cultural heritage. Participatory governance is understood as institutional decision-making structures supported by shared responsibilities and rights among diverse actors.

Cross-Cultural Research Jorge Delva, Paula Allen-Meares, Sandra L. Momper, 2010-04-29 This pocket guide offers researchers a framework for conducting research in a culturally sensitive manner with individuals families and communities in diverse settings This unique framework focuses on a process rather than a typology of behaviors attitudes values and beliefs All too frequently cross cultural research improperly attributes behaviors beliefs and values entirely to culture when a closer examination would reveal the shared influences of gender socioeconomic status immigration status and racial and ethnic backgrounds that interact in complex ways By encouraging practitioners to incorporate an intersectionality lens into their work this pocket guide helps researchers reveal stories that are more than the sum of particular identities Sharing their extensive research experience with diverse populations around the world the authors present a range of fluid and dynamic cross cultural research practices that readers can easily adapt to their unique circumstances At the intersection of culture and research methods chapters illustrate the application of the model to three broad areas of inquiry describing the nature of a problem understanding the etiology of the problem and evaluating the interventions designed to ameliorate the problem Each area is illustrated with examples of research projects that incorporate multiple epistemologies and methodologies in order to better understand and respond to a population s needs This guide offers a complete roadmap for developing cross

cultural projects that truly engage communities and will be a trusted resource for students and seasoned researchers alike

La historia cultural Philippe Poirrier, 2015-05-16 Desde hace dos o tres décadas la historia cultural ocupa un lugar preferente en la escena historiográfica aunque con desfases cronológicos y distintas modalidades dependiendo de las circunstancias nacionales y en este sentido se impone una aproximación comparativa. El presente volumen pretende inscribirse en esta perspectiva preguntándose por la realidad de un giro cultural en la historiografía mundial. Los numerosos colaboradores han aceptado responder a un plan de trabajo en el que partiendo de la situación historiográfica de cada país se analicen las modalidades de surgimiento y de estructuración de la historia cultural. La meta buscada no es normativa y contempla un planteamiento que combina el análisis de las obras, las singularidades de las coyunturas historiográficas y la organización de los mercados universitarios.

Crossroads of Colonial Cultures Gesine Müller, 2018-04-23 The study examines cultural effects of various colonial systems of government in the Spanish and French speaking Caribbean in a little investigated period of transition from the French Revolution to the abolition of slavery in Cuba 1789-1886. The comparison of cultural transfer processes by means of literary production from and about the Caribbean embedded in a broader context of the circulation of culture and knowledge deciphers the different transculturations of European discourses in the colonies as well as the repercussions of these transculturations on the motherland's ideas of the colonial other. The loss of a culturally binding centre in the case of the Spanish colonies in contrast to France's strong presence and binding force is accompanied by a multirelationality which increasingly shapes hispanophone Caribbean literature and promotes the pursuit for political independence. The book provides necessary revision to the idea that the 19th century Caribbean can only be understood as an outpost of the European metropolises. Examining the kaleidoscope of the colonial Caribbean opens new insights into the early processes of cultural globalisation and questions our established concept of a genuine western modernity. Updated and expanded translation of *Die koloniale Karibik Transferprozesse in hispanophonen und frankophonen Literaturen*. De Gruyter Mimesis 53, 2012.
